## NOTES TO FINANCIAL STATEMENTS

1. **THE PLAN AND ITS SIGNIFICANT ACCOUNTING POLICIES**:

*General* – The following description of the Hero DVO LLC 401(k) Profit Sharing and Trust (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan that was established effective January 1, 2015 by Hero DVO, LLC (the "Company") to provide benefits to eligible employees, as defined in the Plan document. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the "Code"), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

*Administration* – The Company has appointed a trustee to manage the operation and administration of the Plan. The Company has contracted with Paychex, Inc. to act as the third-party administrator to process and maintain the records of participant data. Certain expenses incurred for administering the Plan are paid by the Plan. The Company absorbs the cost of certain administrative functions of the Plan, including non-discrimination testing and Form 5500 preparation fees paid to the trustee.

*Estimates* – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

*Basis of Accounting* – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

*Investment Valuation and Income Recognition* – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 2 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold, as well as held during the year.

*Risks and Uncertainties* – The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

2. **FAIR VALUE MEASUREMENTS** (unaudited):

The fair value measurements standard establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the standard are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted market prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2015.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year end. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares held.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

| | Assets at Fair Value as of December 31, 2015 | | | |
|---|---|---|---|---|
| | Level 1 | Level 2 | Level 3 | Total |
| Pooled separate accounts, at fair value | $ – | $ 63,109 | $ – | $ 63,109 |

3. **RELATED PARTY TRANSACTIONS**:

Certain Plan investments are managed by Mid Atlantic Trust Company (MATC), the custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

4. **PARTICIPATION AND BENEFITS**:

*Participant Contributions* – Each participant may make contributions to the Plan in an amount up to the lesser of 90% of eligible compensation up to the annual IRS limit, which was $18,000 for the year ended December 31, 2015. The Company may make discretionary profit sharing contributions. During the Plan year ended December 31, 2015, the Company did not make a profit sharing contribution to the Plan.

*Vesting* – Participants are immediately vested in their contributions. Participants are fully vested in the employer's profit sharing contributions allocated to their account after five years of credited service. A participant's account also becomes fully vested in the event of total disability or death, or upon reaching the normal retirement age.

*Participant Accounts* – Each participant's account is credited with the participant's contribution and employer matching contributions, as well as Plan earnings/loss on investments.

*Payment of Benefits* – On termination of service due to death, disability or retirement, a participant will become fully vested and entitled to a lump sum distribution. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. As of December 31, 2015, there were no benefits payable.

*Loans to Participants* – Participants may borrow from the Plan in an amount up to a maximum of the lesser of $50,000 or one-half the present value of the participant's vested interest in their account. Participants may only have one loan outstanding at any given time. All loans shall bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money. There were no loans outstanding as of December 31, 2015.

5. **CERTIFIED INFORMATION** (unaudited):

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Mid Atlantic Trust Company (MATC) has certified the current value of assets held at December 31, 2015, and transactions entered into during the year ended December 31, 2015, that were used in the preparation of the accompanying financial statements and supplemental schedules.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows for the Plan year ended December 31, 2015:

| | |
|---|---|
| Mutual funds | $ (1,268) |
| | $ (1,268) |

6. **PROHIBITED TRANSACTIONS**:

During the period ended December 31, 2015, the Plan sponsor inadvertently failed to deposit $7,907 of participant contributions within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Plan sponsor intends to calculate and deposit the estimated lost earnings to the Plan during 2016.

7. **RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**:

There were no reconciling items between the financial statements and the Form 5500.

8. **PLAN TERMINATION OR MODIFICATION**:

The Company intends to continue the Plan indefinitely for the benefit of its participants; however, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

9. **TAX STATUS**:

The Plan has received a favorable determination letter dated April 10, 2014 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Company believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal income and state franchise taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that is more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Since the Plan was formed in 2015, 2015 is the only year subject to income tax examinations by the U.S. federal, state, or local tax authorities.

10. **SUBSEQUENT EVENTS**:

The Plan has evaluated subsequent events through October 17, 2016, which is the date the financial statements were available to be issued.
