SYNDEX CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note A - Description of Plan:

The following description of the Syndex Corporation 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Syndex Corporation and its subsidiaries (the "Company") who have one year of service and have attained the age of twenty-one. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year participants may contribute up to 20% of annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions in conjunction with the employer match into various investment options offered by the Plan. The employer discretionary matching contribution, if any, is equal to a percentage determined each year of the participant's contribution. The employer has the option to disregard salary deferrals made each year that exceed a certain dollar amount or certain percentage of each participant's compensation each year.

Each year the employer discretionary contribution, if any, is an amount determined and authorized by the Company's board of directors. Participants direct the investment of their allocated company contribution into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses not paid by the Company. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of service, as defined. A participant is 100% vested after six years of credited service.

Notes receivable from participants

Participants may borrow from their accounts a minimum of $1,000 and a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and must bear a reasonable rate of interest. The loans provide for periodic repayment over a reasonable period of time.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in their account.

SYNDEX CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note A - Description of Plan (continued):

Forfeited accounts

At December 31, 2015 and 2014 forfeited and unallocated nonvested accounts totaled approximately $5,000 and $2,400, respectively. These accounts may be used to reduce future employer contributions. In 2015 and 2014, employer contributions were reduced by approximately $0 and $1,800, respectively, from forfeited and unallocated non-vested accounts.

Note B - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2015 and 2014, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Although not obligated to, the Company may pay administration expenses of the Plan.

SYNDEX CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note B - Summary of significant accounting policies (continued):

Change in accounting principle

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts ("FBRICs"), (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient. Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts. Under the ASU, contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted, to be applied retrospectively. Management has elected to early adopt the ASU for the 2015 financial statements and apply it retrospectively to the 2014 financial statements.

Subsequent events

Subsequent events were evaluated through October 17, 2016, the date the financial statements were available to be issued.

Note C - Information prepared and certified:

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.) ("John Hancock").

	2015	2014
Investments at fair value	$ 4,212,190	$ 4,302,312
Investment income	$ (59,073)	$ 151,535

Note D - Fair value measurements:

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. Level 2 inputs include quoted prices for similar assets in active or inactive markets other than quoted prices that are observable for the assets and that are derived principally from or corroborated by observable market data by correlation or other means.

SYNDEX CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note D - Fair value measurements (continued):

The fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs to measure the fair value of its investments.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Guaranteed interest account: Valued at the present value of the contractual annual installment payments at contract termination, representing market value.

Mutual Funds: Valued at the quoted market price in active markets.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

		Fair value measurement at reporting date using:		
	Fair value	Quoted prices in active markets for identical assets (level 1)	Significant other observable inputs (level 2)	Significant unobservable inputs (level 3)
December 31, 2015				
Guaranteed interest account	$ 130,400	$ -	130,400	$ -
Mutual funds	4,081,790	4,081,790	-	-
Total investments at fair value	$ 4,212,190	$ 4,081,790	$ 130,400	$ -

Note E - Related party transactions:

Plan investments are managed by John Hancock. John Hancock is the custodian, as defined by the Plan, and Malcolm Thompson and Associates, Inc. is the third-party administrator to the Plan; therefore these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services and record keeper services amounted to $15,534 and $19,891 for the years ended December 31, 2015 and 2014, respectively. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

SYNDEX CORPORATION 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

Note F - Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

Note G - Tax status:

The Plan obtained its latest opinion letter on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

Note H - Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note I - Excess contribution:

Distributions to participants for 2015 and 2014 include a liability for payments of $13,883 and $11,120, respectively, made in 2016 and 2015 to certain active participants to return to them excess contributions for 2015 and 2014 as required to satisfy the relevant nondiscrimination provisions of the Plan. This amount is also included in the Plan’s statements of net assets available for benefits as excess contributions payable at December 31, 2015 and 2014.
