Notes to Financial Statements

Note 1. Plan Description

The following description of Horizon Lines Savings & Investment Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Horizon Lines LLC, Horizon Lines of Alaska, LLC, Horizon Services Group, LLC, Sea-Logix, LLC, Horizon Logistics, LLC, effective June 25, 2007, Hawaii Stevedores, Inc., effective April 1, 2009, Aero Logistics, LLC, and effective November 10, 2014, Road Raiders Inland, Inc., Road Raiders Logistics, Inc., Road Raiders Transportation, Inc. and Road Raiders Technology, Inc. (collectively, the Companies), who are not paid on an hourly rate or piece-work basis, who are not paid on a non-U.S. payroll and who are not represented for collective bargaining purposes by any collective bargaining agreement between the employer and employee representatives. In accordance with Internal Revenue Code (IRC) Section 414(b), the Companies are a controlled group of corporations whereby all employees of each company shall be treated as employed by a single employer. The Companies were acquired by Matson, Inc. with an effective acquisition date of May 29, 2015, with the exception of Hawaii Stevedores, Inc., which was acquired by The Pasha Group, effective May 29, 2015. The Plan Administrator is responsible for oversight of the Plan. The Plan Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan Administrator. Fidelity Management Trust Company serves as trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendment: The Plan was amended effective December 31, 2015, by the owner of the Plan Sponsor, to merge the Plan into the Matson Individual Deferred Compensation and Profit Sharing Plan for Salaried Non-Bargaining Employees.

Contributions: Participants may contribute up to 50% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Companies' matching contribution percentage was 100% of the first 6% of compensation during 2015. The Companies may also make discretionary profit-sharing contributions to the Plan. No discretionary profit sharing was contributed for 2015. Contributions are subject to certain International Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator in 1% increments. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and the Companies' matching contribution and allocations of the Companies' discretionary profit-sharing contribution and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions, the Companies' matching and discretionary contributions and actual earnings thereon.

Note 1. Plan Description (Continued)

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. Loan terms range from up to five years or over a reasonable period of time for the purchase of a primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as distributions based on the terms of the Plan agreement.

Contributions: Contributions from Plan participants and the matching contribution from the Companies are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contributions are recognized upon authorization and in the year the underlying compensation is recognized. All participant and employer contributions are participant-directed. Participant contributions in excess of amounts allowed by regulation are recorded as a liability with a corresponding reduction in contributions.

Note 2. Summary of Significant Accounting Policies (Continued)

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2015) through October 14, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by Fidelity Management Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements, that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information which appears throughout the financial statements related to the following assets:

	December 31	
	2015	2014
Investments at fair value:		
Registered investment companies	\$ -	\$ 51,791,415
Common collective trust fund	-	5,458,244
	<u>\$ -</u>	<u>\$ 57,249,659</u>
Notes receivable from participants	<u>\$ -</u>	<u>\$ 972,161</u>

Fidelity Management Trust Company also certified to the completeness and accuracy of \$1,899,053 of net depreciation in fair value of investments and \$2,236,110 of interest and dividends related to the aforementioned assets for the year ended December 31, 2015.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is not a public-quoted price in an active market. The NAV, as provided by the trustee, is used as a practical expedient to estimating fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following table is set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014. No table is presented as of December 31, 2015, as all investments had been transferred to the Matson Individual Deferred Compensation and Profit Sharing Plan for Salaried Non-Bargaining Employees.

Description	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 51,791,415	\$ -	\$ -	\$ 51,791,415
	<u>\$ 51,791,415</u>	<u>\$ -</u>	<u>\$ -</u>	<u>51,791,415</u>
Investments measured at NAV (a)				5,458,244
Investments at fair value				<u>\$ 57,249,659</u>

(a) In accordance with subtopic 820-10 as amended by ASU 2015-07, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) practical expedient as of December 31, 2015 and 2014.

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	December 31 2015	December 31 2014			
Common collective trust fund:					
Fidelity Managed Income Portfolio	\$ -	\$ 5,458,244	None	Immediate	None
Total	<u>\$ -</u>	<u>\$ 5,458,244</u>			

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Change in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2015, there were no significant transfers in or out of Levels 1, 2 or 3.

Note 5. Related Party Transactions and Parties-in-Interest

Fidelity Management Trust Company is the trustee of the Plan; therefore, transactions with the trustee qualify as parties-in-interest transactions. Fees paid by the Plan to an affiliate of the trustee totaled \$6,750 for the year ended December 31, 2015. The Plan Sponsor also paid certain administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Tax Status

The Plan has received a determination letter from the IRS dated May 21, 2012, stating that the Plan is qualified under Section 401(k) of the IRC, and therefore, the related trust is exempt from taxation. Although the Plan has been amended since receiving this determination letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan, and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Note 8. Merger

The Plan was amended effective December 31, 2015, to merge the Plan into the Matson Individual Deferred Compensation and Profit Sharing Plan for Salaried Non-Bargaining Employees. The investments and participant notes, totaling \$41,947,877, transferred on December 31, 2015 to the trustee of the Matson Individual Deferred Compensation and Profit Sharing Plan for Salaried Non-Bargaining Employees.
