Note 1. Plan Description

The following description of Percheron, LLC 401(k)/Profit-Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees that are at least 21 years of age of Percheron Holdings, LLC (the Company or Employer) except for leased employees. Employees are eligible to participate upon their employment commencement date. The Company is the Plan Administrator. The trustees of the Plan is the chief executive officer. The Trustee and Plan Administrator are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan amendments: Effective January 1, 2014, the custodian of the Plan changed to United of Omaha Life Insurance Company, the Plan name was changed to Percheron, LLC 401(k)/Profit-Sharing Plan and the Plan was amended to incorporate the new provisions applicable to all Percheron Holdings, LLC employees. Effective January 1, 2015, the Plan was amended to allow for the Company to make discretionary matching contributions.

Contributions: Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). The Company may make discretionary profit-sharing contributions to the Plan. To meet the eligibility requirement for discretionary profit-sharing contributions the participant must have one year of service (1,000 hours). There were no discretionary profit-sharing contributions during 2015 and 2014. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of any profit sharing contribution (if any) and Plan earnings/losses, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Participants are vested in the Company's profit sharing contribution (if any) plus actual earnings thereon based on years of continuous service. A participant is 100% vested after three years of service.

Investment options: Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator. The Plan currently offers pooled separate accounts and a guaranteed interest account as investment options for participants.

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, retires, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½. Benefits are payable in lump-sum payments with certain exceptions allowed.

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Loan terms range up to five years or over a reasonable period of time for the purchase of a primary residence, as established by the Plan Administrator at the time of the loan. The loans are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan Administrator. The rate of 4.25% was used on loans outstanding at December 31, 2015, which mature through October 2020. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income recognition: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan trustee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 4 for discussion of fair value measurements.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully-benefit responsive contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded in accordance with the Plan's terms.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 2. Summary of Significant Accounting Policies (Continued)

Contributions: Contributions from Plan participants are recorded in the year in which the participant contributions are withheld from amounts paid. Profit-sharing contribution, if any, are recognized upon authorization as the underlying compensation is recognized. All participant and employer contributions are participant-directed.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events (events occurring after December 31, 2015) through October 17, 2016, the date the financial statements were available to be issued. In January 2016, the Plan Administrator changed the Plan's custodian from United of Omaha Life Insurance Company to Great-West Trust Company, LLC.

Note 3. Information Certified or Provided by the Custodian

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by United of Omaha Life Insurance Company, the custodian, and furnished to the Plan Administrator. The Plan Administrator has obtained a certifications from United of Omaha Life Insurance Company, that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate to the best of their knowledge. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	2015	2014
Investments at fair value:		
Pooled separate accounts	$ 9,865,668	$ 9,075,667
Investment at contract value:		
Guaranteed investment contract	$ 1,167,677	$ 981,385

The custodian also certified to the completeness and accuracy of $284,948 of net depreciation in fair value of investments and $12,785 of interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2015.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- **Pooled separate accounts:** Valued at the net asset value (NAV) of shares in each account held by the Plan at year end. The net asset value is not a publicly-quoted price in an active market. The NAV, as provided by the insurance carrier, is used as a practical expedient to estimating fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Assets at Fair Value			
Description	Level 1	Level 2	Level 3	Total
2015:				
Investments measured at NAV (a)				$ 9,865,668
2014:				
Investments measured at NAV (a)				$ 9,075,667

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following tables set forth additional disclosures of the Plan's investments whose fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2015 and 2014.

	Fair Value Estimated Using NAV Per Share			
Investment	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
2015:				
Pooled separate accounts: (a)				
Bond funds	$ 332,787	None	Daily	None
Domestic stock funds	1,822,179	None	Daily	None
International funds	343,317	None	Daily	None
Large cap managed funds	5,554,041	None	Daily	None
Target date fund	1,813,344	None	Daily	None
	$ 9,865,668			
2014:

Domestic stock funds	1,669,069	None	Daily	None
International funds	344,249	None	Daily	None
Large cap managed funds	5,349,850	None	Daily	None
Target date fund	1,514,452	None	Daily	None
	$ 9,075,667			

(a) This category invests in equity securities, fixed income instruments and short-term investments in accordance with each portfolio's investment objectives. Shares are available for transactions at the closing NAV per share on any day the stock market is open for business.

Note 4. Fair Value Measurements (Continued)

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to the total net assets available for benefits. For the year ended December 31, 2015, there were no significant transfers in or out of levels 1, 2 or 3.

Unrealized gains from the guaranteed investment contract are not included in the statements of changes in net assets available for benefits as the contract is recorded at contract value for purposes of the net assets available for benefits.

Note 5. Guaranteed Investment Contract With United of Omaha Life Insurance Company

The Plan has a traditional, fully benefit-responsive guaranteed investment contract with United of Omaha Life Insurance Company. United of Omaha Life Insurance Company maintains the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Each month the rate is declared and any deposits made that month will be guaranteed that month's rate for five years. The contract cannot be terminated before the schedule maturity date. Fully benefit-responsive contracts are measured at contract value. Contract value of fully benefit-responsive contracts was $1,167,677 and $981,385 as of December 31, 2015 and 2014, respectively.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan); (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Related-Party and Part-in-Interest Transactions

Transactions with the custodian qualify as party-in-interest transactions. Fees paid by the Plan to the custodian totaled $6,799 for the year ended December 31, 2015. The Company also paid certain administrative expenses of the Plan. Note receivables from participants and employee contributions also qualify as party-in-interest transactions.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 8. Tax Status

Effective March 31, 2008, the Plan adopted a non-standardized form of a prototype plan sponsored by United of Omaha Life Insurance Company. The prototype plan has received an opinion letter from the Internal Revenue Service as to the prototype plan's qualified status. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code.

Note 9. Plan Merger

The Company decided during 2013 to merge the Mason Dixon Energy 401k Plan into the Percheron, LLC 401(k)/Profit-Sharing Plan effective January 1, 2014. All of the assets of the Mason Dixon Energy 401k Plan were transferred directly to the Percheron, LLC 401(k)/Profit-Sharing Plan on January 24, 2014.
