LENDMARK 401(k) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

(1) Description of the Plan

The following description of Lendmark 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The plan is a defined contribution plan established by Lendmark Financial Services, LLC and subsidiaries (the Company) under the provisions of Section 401(a) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan was established effective October 19, 2013 subsequent to the sale of the Company by BB&T Corporation and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Managers (Board) is responsible for oversight of the Plan, including the appropriateness of the Plan's investment offerings, and monitoring of investment performance. In accordance with the Plan Document and Investment Committee charter certain of the Board's responsibilities have been delegated to the 401(k) Investment Committee.

(b) Plan Administration

The 401(k) Investment Committee consists of certain employees of the Company and administrators of the Plan. Branch Banking and Trust Company (BB&T) serves as the trustee of the Plan. Branch Banking and Trust Retirement and Institution Services is the Recordkeeper of the Plan.

(c) Eligibility

Employees are eligible to make salary reduction contributions immediately after employment with the Company and are eligible to receive matching contributions and safe harbor matching contributions after attaining the age of 21 with one year of continuous employment in which they have worked at least 1,000 hours. Participation in the Plan is based on voluntary election by each employee.

(d) Contributions

Each participant may contribute up to 90% of his or her eligible compensation on a pretax basis subject to limitations under the IRC. Participants may also contribute Roth elective deferrals on an after-tax basis. Participants aged 50 and over, are eligible to make catch-up contributions. Participants may make changes in their contribution percentage at any time. Allocations among fund options offered by the Plan may be changed on a daily basis. Participants may also contribute funds from other tax-qualified plans as rollover contributions.

Safe harbor matching contributions began January 1, 2014. For the purposes of these contributions, the Employer will make a safe harbor matching contribution equal of 100% of elective deferral that do not exceed 4% of compensation. Participants will be 100% vested in safe harbor matching contributions.

An additional matching contribution may be contributed at the option of the Company's Board. During 2015 and 2014, there were no additional discretionary contributions.

LENDMARK 401(k) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

(k) *Notes Receivable from Participant*

Participants may borrow from their account balances an amount not to exceed the lesser of \$50,000 (less adjustments as required by the IRS) or 50% of their account balance. The minimum loan amount allowed by the Plan is \$1,000. Only one loan can be taken during the plan year and a participant may have only one loan outstanding at any time. The interest rate charged on amounts borrowed is equal to the BB&T Prime Rate plus 1% at the loan origination date. Principal and interest is paid ratably through payroll deductions. Loan balances acquired as a result of the BB&T transaction were re-amortized from semi-monthly payment frequencies to bi-weekly payment frequencies. The remaining terms and conditions that were set by the predecessor plan were honored. Notes receivable from participants as of December 31, 2015 bear interest rates between 4.25% and 4.50% and loan maturity dates range from February 12, 2016 to November 28, 2020. Notes receivable from participants as of December 31, 2014 bear interest rates of 4.25% and loan maturity dates range from May 8, 2016 to January 1, 2020.

(l) *Administrative and Plan Expenses*

The Plan Sponsor may elect to charge the participants any plan related expenses, in one or more of the following methods:

- Pro rata based on account balance
- Per capita (equally) to all participants

In 2014 and 2015, plan administrative expenses were allocated to participants based on the pro rata method. The Plan Sponsor may elect, but is not required, to pay recordkeeping and other administrative expenses incurred by the Plan.

Participants who take a loan from the Plan incur a one-time fee for establishing the loan. Participants who take a distribution upon termination, distribution based on hardship, or in-service distribution incur a one-time fee for the withdrawal. These fees are charged directly to the individual participant's accounts.

The Plan Sponsor has elected to pay all other administrative expenses including auditing and recordkeeping expenses.

(m) *Investment Elections*

Each participant may direct their contributions, employer contributions, and any related earnings into one or more of the investment options offered by the Plan including registered investment funds and a common collective fund.

(2) *Summary of Significant Accounting Policies*

(a) *Basis of Presentation*

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles.

LENDMARK 401(k) PLAN

Notes to Financial Statements

December 31, 2015 and 2014

(g) Notes Receivable from Participants

Participant loans are classified as notes receivable from participants, and measured at their unpaid principal balance plus any accrued but unpaid interest. The Form 5500 presents notes receivable from participants as an investment.

(h) New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. The ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient.

Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The ASU is effective for public business entities for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. Early adoption is permitted for all entities. In 2015, the Plan early adopted the provisions of this update and applied the provisions retrospectively. As a result, the presentation of the financial statements and certain disclosures have been changed to reflect the adoption of this update.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*, which is part of the FASB's Simplification Initiative for employee benefit plans. Part I of the ASU designates contract value as the required measure for fully benefit-responsive investment contracts. Part II of the ASU removes the requirement to disclose individual investments that represent 5% or more of net assets available for benefits, removes the requirement to disclose the net appreciation or depreciation for investments by general type, and removes the requirement to disclose investments by class of investments in the fair value table prescribed by FASB ASC 820, *Fair Value Measurement*. Part III allows for certain amounts to be reported as of the month end date prior to the plan's year end for those year ends that do not fall on a month end. The ASU is effective for all entities for fiscal years beginning after December 15, 2015. Early adoption is permitted for all entities. In 2015, the Plan early adopted the provisions of this ASU, as such, (i) Part I was not applicable to the Plan, (ii) the disclosures in Part II for the individual investments that represents 5% or more of net assets available for benefits, the net appreciation or depreciation for investments by general type and investment by class of investments in the fair value table have been eliminated and (iii) Part III was not applicable to the Plan.

(3) Transfers from Other Plans

On January 22, 2014, the Lendmark 401(k) Plan received a transfer from BB&T Corporation 401(k) Savings Plan for assets transferred as a result of the additional acquisition of four employees previously part of the BB&T Information Technology department.

Notes to Financial Statements

December 31, 2015 and 2014

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment company funds: Valued at the quoted market prices which represent the net asset value (NAV) of shares held by the plan at year end.

Common collective fund: The fair value of the Plan's investment is based on the net asset value calculated by its issuer utilizing quoted market prices, most recent bid prices in the principal market in which the securities are normally traded, pricing services and dealer quotes. The fair value of the underlying wrapper contracts held by the Fund are valued using a discounted cash flow model, which considers (i) recent fee bids as determined by recognized dealers, (ii) discount rate, and (iii) the duration of the underlying portfolio securities.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

December 31, 2015 and 2014

- (a) In accordance with ASC Topic 820 and as described in note 2, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(6) Tax Status

The prototype plan sponsor has obtained an opinion letter dated March 31, 2008 in which the Internal Revenue Service stated that the restated prototype plan document was in compliance with applicable requirement of the IRC. The plan administrator timely adopted the restated prototype plan. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Nonexempt Transactions

There were no delays by the Company in submitting employee contributions and loan repayments during the years ended December 31, 2015 and 2014.

(8) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination participants will become fully vested in their account balance.

(9) Subsequent Events

On April 1 2016, the Company transferred assets from the former recordkeeper Branch Banking and Trust Retirement and Institution Services to Prudential Investment Management Services LLC.

On May 2, 2016, the Company acquired 127 branches from Springleaf Finance, Inc. Employee assets were not transferred through a mass plan transfer but instead based on individual employee elections. Eligibility for employees of the Company acquired as a result of the transaction with Springleaf Finance, Inc. will be determined based on years of service as of the date of transfer.

Subsequent events have been evaluated through October 17, 2016 the date the financial statements were available to be issued.
