Notes to Financial Statements December 31, 2015 and 2014

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Extensis (the "Company" or "Plan Administrator") Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

[1] General:

The Plan, a multiple employer plan, is a collection of single-employer plans sponsored by unrelated employers ("adopting employers"). The adopting employers of the Plan may have different policies and parameters regarding various aspects of the Plan (such as eligibility requirements, employer matching contribution formulas, etc.). The Plan covers all employees of the adopting employers who are at least twenty-one years of age and have certain tenure of service ranging from immediate eligibility up to a required one year of employment, depending on the adopting employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The custodian of the Plan is TD Ameritrade Trust Company and the recordkeeper is Blue Star Retirement Services.

[2] Contributions:

Participants may contribute up to 90% of pre-tax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may make after-tax contributions, depending upon the adopting employer. In no event may participant pre-tax and after-tax contributions exceed any statutory limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

The adopting employers may make matching contributions (depending upon the adopting employer), as defined in the Plan. Additional discretionary profit-sharing contributions may be made at the option of the adopting employers. Participants direct the investment of participant and employer contributions.

[3] Participant accounts:

Each participant's account is credited with the participant's contribution and allocations of (a) the adopting employers' contributions and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

[4] Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the adopting employers' matching contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. The continuous service requirement to become 100% vested ranges from 0 to 6 years depending upon the adopting employer.

[5] Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years; however, terms may exceed five years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan administrator. Interest rates on outstanding loan balances range from 4.25% to 6.00%. Principal and interest are paid ratably through payroll deductions. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

NOTE A - DESCRIPTION OF THE PLAN (CONTINUED)

[6] Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, semi-annual, or annual installments, or the option to purchase an annuity. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

[7] Forfeitures:

Forfeited non-vested accounts are used to reduce future Company contributions and pay Plan expenses. During the year ended December 31, 2015, forfeitures of approximately \$19,000 were used to reduce employer contributions and pay Plan expenses. Forfeited non-vested accounts available at December 31, 2015 and 2014 were approximately \$28,000 and \$23,000, respectively.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Basis of accounting:

The financial statements are prepared on the accrual method of accounting.

[2] Use of estimates:

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results may differ from these estimates.

[3] Subsequent events:

The Plan has evaluated subsequent events through October 17, 2016, the date the financial statements were available to be issued.

[4] Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

[5] Payment of benefits:

Benefits are recorded when paid.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[6] Mutual fund fees:

Investments in mutual funds are subject to sales charges in the form of front-end loads, back-end loads or 12b-1 fees. 12b-1 fees, which are ongoing fees allowable under Section 12b-1 of the Investment Company Act of 1940, are annual fees deducted to pay for marketing and distribution costs of the funds. These fees are deducted prior to the allocation of the Plan's investment earnings activity and thus not separately identifiable as an expense.

[7] Administrative expenses:

The Plan is responsible for administrative fees and related expenses; however, the Company has assumed responsibility for certain professional fees.

[8] Excess contributions payable:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding deduction to net assets available for benefits.

[9] Recent accounting pronouncements:

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update No. 2015-07 ("ASU 2015-07"), *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, an amendment to Fair Value Measurement Topic 820. ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient.

The Plan adopted ASU 2015-07 as of and for the year ended December 31, 2014. Accordingly, investments measured using the net asset value per share practical expedient have not been categorized within the fair value hierarchy.

In July 2015, the FASB issued Accounting Standards Update No. 2015-12 ("ASU 2015-12"), *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962) and Health and Welfare Benefit Plans (Topic 965) (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirement to measure the fair value of fully benefit responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III allows an employee benefit plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments using the month end closest to its fiscal year end.

The Plan adopted ASU 2015-12 as of and for the year ended December 31, 2014.

NOTE C - INVESTMENT CERTIFICATION

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, TD Ameritrade Trust Company, the custodian of the Plan, has certified to the completeness and accuracy of all investments and related investment activity and related activity in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the statement of changes in net assets available for benefits for the year ended December 31, 2015, and the accompanying supplemental schedules of assets (held at end of year) as of December 31, 2015.

NOTE D - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board's Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; or (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investment assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts – Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

Collective trust fund – Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth, by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2015 and 2014:

NOTE D - FAIR VALUE MEASUREMENTS (CONTINUED)

Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

There were no transfers into or out of Levels 1, 2 or 3.

NOTE E - TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2008, that the Plan is qualified under the Internal Revenue Code ("IRC") and therefore the related trust is exempt from taxation. The Plan has been amended since receiving the tax determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress.

NOTE F - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan pays certain expenses (See Note B7). These transactions qualify as party-in-interest transactions. Certain investments are shares of mutual funds and self-directed brokerage accounts managed by TD Ameritrade Trust Company. TD Ameritrade Trust Company is the Plan custodian; therefore, transactions related to these investments qualify as party-in-interest transactions.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Users of these financial statements should be aware that the financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2015 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE I - TRANSFER TO/FROM RELATED PLAN

Since the Plan is a collection of single-employer plans, there are times during the year when an employer will leave or enter the Plan and transfer all of the assets of its plan to or from the Plan. During the year ended December 31, 2015, there were transfers out of the Plan of \$407,004 and transfers into the Plan of \$2,951,437 resulting in net asset transfers out of the Plan of \$2,544,433 for the year ended December 31, 2015.
