Note 1 – Description of Plan

The following description of the Meltzer, Lippe, Goldstein & Breitstone, LLP Sharing Plan 401(K) ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan administered by Meltzer, Lippe, Goldstein & Breitstone, LLP (the "Plan Sponsor") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan covers substantially all employees of Meltzer, Lippe, Goldstein & Breitstone, LLP. The Plan Sponsor serves as the Plan Administrator. Mercer Trust Company serves as the Plan's trustee and custodian. Voya Institutional Plan Services, LLC acts as the record keeper of the Plan.

Eligibility. Employees who are twenty-one or older may begin participating in the Plan with respect to 401(k) deferrals and matching contributions on the day following their hire date.

Contributions. The Plan Sponsor contributes 401(k) deferrals as elected by participants and may contribute a discretionary employer matching contribution (maximum compensation is limited to $265,000 for the current year). Contributions are made in accordance with and as required under the Internal Revenue Code and ERISA. Participants may also rollover distributions from other qualified retirement plans. Participants direct the investment of their fund balance into various diversified investment options offered by the Plan under the ABA Retirement Program.

Participant Accounts. Each participant account is credited with the participant's and Plan Sponsor's contributions, Plan earnings or losses from self-directed investments, and if applicable administrative fees. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting. Participants are immediately vested in their 401(k) contribution accounts. Participants begin vesting in their employer matching contribution accounts after two years of service (20% vesting) and receive an additional 20% vesting for each year thereafter. A participant is fully vested after six years of service, or, if earlier, normal retirement age.

Payment of Benefits. Upon termination of service due to death, disability or retirement, a participant may elect to have his vested account paid in either a lump sum or installments.

Investment Options. Participants direct the investment of their contributions into various investment options. The Plan offers a variety of investment options with various objectives and degrees of financial risk.

Participant Loans. Participants may borrow from their vested accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's vested balance and are

payable through payroll withholdings. Participants are limited to a maximum of four loans outstanding.

Such loans bear interest at the available prevailing market financing rates which ranged from 5.25% - 5.5% and must be repaid to the Plan within a one to five-year period, unless the loan are to be used for the purchase of a residence, in which case the maximum repayment period may be longer than five years. The specific term and conditions of such loans are established by the Plan administrator at loan issuance. Loans presently have maturity dates ranging from 2016 - 2036.

Forfeited accounts. At December 31, 2015 and 2014, forfeited non-vested accounts totaled $15,581 and $18,476, respectively. Forfeited non-vested accounts reduce employer contributions for all remaining participants in the subsequent year.

Note 2 – Summary of Significant Accounting Policies

Date of Management's Review
Subsequent events were evaluated through October 14th, 2016, which is the date the financial statements and supplemental schedule were available to be issued and determined that there were no subsequent events requiring disclosure.

Estimates
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Basis of Accounting
The accompanying financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value as determined by the trustee, using market quotations and other available information. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Quoted market prices are used to value investments. Purchases and sales of securities are reported on a trade date basis. Interest income is recognized when earned.
FASB Accounting Standards Codification("ASC") Number 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to

unobservable inputs (Level 3 measurements). See Note 4 for discussion of Fair Value Measurements.

Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Net appreciation or depreciation of investments is reported in the statement of changes in net assets available for benefits and consists of the realized gains or losses and the unrealized appreciation or depreciation of these investments.

Participant Loans.
Participant loans are valued at cost, which approximate fair value. Participant loans receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan payments and the Plan Administrator deems the loan to be in default, the participant loan balance is reduced and a deemed distribution is recorded.

Payment of Benefits
Benefits are recorded when paid.

Operating Expenses
All expenses of maintaining the Plan are paid by the Plan's Sponsor.

Note 3 – Investments

Unaudited Information Certified by the Plan Trustee
The December 31, 2015 Statement of Net Assets Available for Benefits and the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year then ended and the supplemental Schedule of Assets and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the record keeper on behalf of the trustee of the Plan in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $14,376,634 and $13,060,587 at December 31, 2015 and 2014, respectively, and related investment income (loss) of ($152,458) for the year ended December 31, 2015.

The following presents investments that represent 5% or more of the Plan's net assets:

The accounts are credited with interest earnings on the underlying principle balances and charged for participant withdrawals and administrative expenses. There are no reserves against the balance in the funds for credit risk or otherwise.

	2015	2014
Stable Asset Return Fund	$2,958,073	$2,777,715
Large-Cap Equity Fund	1,387,563	1,228,859
All Cap Index Equity Fund	733,826	731,967
Small-Mid Cap Equity Fund	940,339	865,868
	$6,019,801	$5,604,408

Note 4 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 input are observable market data and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. No Level 1 inputs were available to the Plan. The Plan measures fair value using Level 2 inputs because they generally provide the most reliable evidence of fair value and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 2 Fair Value Measurements

Significant other observable inputs other than level 1 prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 Fair Value Measurements

The guaranteed investment contract with an insurance company is not actively traded and significant other observable inputs are not available.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	December 31, 2015		
	Level 1	Level 2	Total Fair Value
Common/Collective Brokerage Trusts	$ 0	$11,655,371	$11,655,371
Participant Self-Managed Brokerage Accounts	1,585,534	0	1,585,534
Total	$1,585,534	$11,653,371	$13,240,905

	December 31, 2014		
	Level 1	Level 2	Total Fair Value
Common/Collective Brokerage Trusts	$ 0	$10,655,468	$10,655,468
Participant Self-Managed Brokerage Accounts	1,461,646	0	1,461,646
Total	$1,461,646	$10,655,468	$12,117,114

Note 5 - Related Party Transactions

All administrative expenses incurred in connection with the Plan are paid by the Sponsor. The Plan Sponsor does not seek reimbursement from the Plan for the payment of these expenses, including audit fees. Certain administrative functions are performed by officers and employees of the Plan Sponsor. No officer or employee receives compensation from the Plan for these services.

All common collective trust funds are managed by the trustee and custodian, Mercer Trust Company. Transactions with such funds qualify as exempt from the prohibited party-in - interest transaction rules of ERISA. Voya Institutional Plan Services LLC is the record-keeper of the Plans Activity.

The trustee and record keeper are reimbursed for costs incurred, and the trustee receives a management fee for providing investment services. These costs are deducted from the Plan's investment value, and are reflected in the net change in the fair value of investments on the statement of changes in net assets available for benefits.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to modify its matching contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 – Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Plan Sponsor by letter dated July 8, 2010, that the Plan and related trust continue to be qualified and tax exempt in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan was most recently amended and restated for compliance with the applicable provisions of the Pension Protection Act of 2006. The favorable IRS opinion letter to this update is dated April 2, 2012. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC, and therefore believes that the Plan continues to be qualified and the related trust continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015, there are no uncertain tax positions taken or expected to be takes that would require recognition of a liability (or asset) or disclosure in the financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to December 31, 2013.

Note 9 – Risks and Uncertainties

The Plan offers many diversified investment alternatives to its participants through the Common Collective Trust in the Plan. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
