Notes to Financial Statements

Note 1. Plan Description

The following description of Walton International Group (USA), Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all employees of Walton International Group (USA), Inc., Walton Securities, Inc., Walton Development & Management (USA), Inc., Walton Asset Management (USA), Inc., Walton Realty and Management (USA), Inc., Walton Development & Management AZ, LLC, Walton Development & Management CA, LLC, Walton Development & Management FL, LLC, Walton Development & Management GA, LLC, Walton Development & Management IL, LLC, Walton Development & Management MD, LLC, Walton Development & Management NC, LLC, Walton Development & Management SC, LLC, Walton Development & Management TN, LLC, Walton Development & Management TX, LLC, Walton Development & Management VA, LLC, Walton Global Holdings, Ltd., and RAM Real Estate Capital, LLC (collectively, the Company) who have three consecutive months of service with at least 250 hours and are age 21 or older. As defined in the Plan document, a covered employee includes all employees of the Company except for union employees, non-resident aliens, and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2015, Walton Global Holdings, Ltd. and RAM Real Estate Capital, LLC adopted the Plan.

During August 2015, the Plan changed trustees from Mid Atlantic Trust Company to Newport Trust Company, formerly known as Verisight Trust Company (the trustees).

Contributions: Participants may elect to defer up to 90 percent of their pretax annual compensation, not to exceed statutory limits established under the Internal Revenue Code (IRC) Section 401(k). Participants may elect to contribute a Roth elective deferral, as defined by the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. In addition, participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans, as defined in the Plan document. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various shares of registered investment companies as investment options for participants. Contributions are subject to certain limitations.

Each year, at the Company's discretion, the Company may contribute to the Plan an employer profit-sharing contribution or a qualified matching contribution. The Company elected not to make an employer profit-sharing contribution or a qualified matching contribution for the year ended December 31, 2015.

Participant accounts: Each participant's account is credited with the participant's contribution and the Company's contribution (if any), as well as allocations of Plan earnings or losses. Allocations are based on participant earnings, or account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of continuous service. The vesting schedule is 20 percent per year beginning after the second year. As defined in the Plan document, participants become fully vested in the Company's contributions upon normal retirement, death or disability if prior to termination of employment.

Walton International Group (USA), Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 1. Plan Description (Continued)

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or one-half of their total vested account balance. The \$50,000 is reduced by the highest outstanding note receivable balance during the one-year period ending on the day before the date the note receivable agreement becomes effective. The notes receivable are secured by the balance in the participant's account and bear fixed interest rates at the prime rate plus two percent. Principal and interest is paid through payroll deductions over a period not to exceed five years, except for the purchase of a primary residence.

Prior to 2015, participants could borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 95 percent of one-half of their total vested account balance or 95 percent of their vested account balance excluding Roth deferrals. The \$50,000 was reduced by the highest outstanding note receivable balance during the one-year period ending on the day before the date the note receivable agreement became effective. In addition, interest was fixed at the prime rate plus one percent.

Payment of benefits: On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum, installment payments, annuity contract, or partial withdrawal.

Forfeitures: Available forfeitures are first used to pay Plan administrative expenses or applied to the restoration of participants' accounts, as defined. Any remaining forfeitures will be used to reduce employer contributions. At December 31, 2015 and 2014, there were no forfeited non-vested accounts. During the year ended December 31, 2015, there were no forfeited non-vested accounts used.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. If a participant ceases to make repayments and the Plan Administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Walton International Group (USA), Inc. 401(k) Profit Sharing Plan and Trust

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are included in administrative expenses.

Recent accounting pronouncements: In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update will generally be effective for fiscal years beginning after December 15, 2016, for nonpublic entities. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management has not yet evaluated the impact of this update on the Plan's financial statements.

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force). The purpose of this Update is to simplify plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investment contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent five percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Recent accounting pronouncements (continued): The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Part II of this Update for the 2015 Plan year, and the amendments in Part II were retrospectively applied to December 31, 2014. Prior year disclosures in Notes 3 and 4 have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements.

Subsequent events: The Plan has evaluated subsequent events through October 17, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by the Trustees

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014, and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the current and former trustees and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustees that the information provided to the Plan Administrator by the trustees related to the assets below is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the assets below:

Description of Assets	2015	2014
Shares of registered investment companies	\$ 3,028,672	\$ 2,888,463
Notes receivable from participants	\$ 4,251	*

* Not certified in 2014

The trustees also certified to the completeness and accuracy of \$28,176 of net appreciation in fair value of investments and \$89,286 of interest and dividends related to the aforementioned assets for the year ended December 31, 2015.

Note 4. Fair Value Measurements

The FASB issued guidance on Fair Value Measurements and Disclosures, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the FASB guidance are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- quoted prices for identical or similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Shares of registered investment companies: Valued at the daily closing price as reported by the fund. Shares of registered investment companies held by the Plan are open-end registered investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The shares of registered investment companies held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurement as of December 31:

Description of Investment	2015			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 3,028,672	\$ -	\$ -	\$ 3,028,672

Description of Investment	2014			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies	\$ 2,888,463	\$ -	\$ -	\$ 2,888,463

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, or complete discontinuance of contributions under the Plan, participants would become 100 percent vested in their employer contributions.

Note 6. Tax Status

The Plan adopted a volume submitter plan sponsored by Verisight, Inc. The volume submitter plan received an opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014 as to the volume submitter plan's qualified status. The volume submitter plan opinion letter has been relied upon by this Plan. The Plan's adoption agreement has been amended since adopting the Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the Internal Revenue Code and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

Note 7. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies managed by Newport Trust Company. Newport Trust Company is the Plan's current trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to Newport Trust Company were approximately \$22,000 for the year ended December 31, 2015. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
