NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2015

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Aran Eye Associates, P.A. 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. More complete information regarding items such as employee and employer contributions, eligibility, vesting, and benefit provisions, may be found in the Plan agreement. Participants should refer to the Plan agreement for a more complete description of the Plan's provision, which is available upon request.

General - The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was amended and restated effective January 1, 2014.

The Plan changed recordkeepers and transferred all assets from Paychex, Inc. to MassMutual Retirement Services in July 2014. During the blackout period in June 2014, participant's rights to direct investments, take loans, or obtain distributions were suspended. Employees were given proper advance notice before the blackout period occurred.

Eligibility Requirements - To become eligible, participants must have completed 1,000 hours of service with the employer, Aran Eye Associates, P.A. (the "Company"). An employee must be the age of 21 to become eligible. Participants may enter the Plan as an active member on the first day of each plan quarter coincident with or next following the date they become eligible.

Contributions - Participants may elect to make voluntary pre-tax contributions up to 100% of annual compensation including regular salary and wages, overtime pay, bonuses and commissions through payroll deductions. Such contributions are excluded from the participant's taxable income for federal income tax purposes until received as a withdrawal or distribution from the Plan. Contributions are subject to certain limitations established by the Internal Revenue Service. The maximum pre-tax contribution for the year ended December 31, 2015 was $18,000.

The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution. For the 2015 Plan year, a maximum catch-up contribution of $6,000 was allowed.

The Plan allows for discretionary employer matching contributions of 25% for the year ended December 31, 2015.

Rollovers - The Plan accepts rollover contributions from other tax-qualified plans for those participants who choose to invest in the Plan.

Payment of Benefits - Participants may receive an amount equal to the value of their vested interest upon the termination of employment, death, disability or retirement. The form of payment is a lump sum distribution, or participants may have their account balance transferred to an individual retirement account or other qualified plan.

Participant Accounts - Each participant's account is credited with the participant's contribution and an allocation of the Company's contribution and the Plan earnings and losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN (CONTINUED)

Vesting Percentage - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company contributions portion of their accounts plus earnings thereon is based on years of continuous service. A participant is 100% vested in the Company's contributions after three years of credited service.

Forfeitures - Forfeited amounts are reallocated to participants in the same manner as employer contributions. At December 31, 2015, forfeited nonvested accounts totaled $1,082.

Death and Disability Provisions - Upon death and disability of participants, the accrued benefits will be paid to the beneficiaries as designated by the participants.

Plan Termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Investment Options - Upon enrollment in the Plan, a participant may direct their contributions to be vested in one or more of the investment options available to the Plan.

Notes Receivable from Participants – *FASB ASC 962-310-45-2* requires participant loans to be classified as notes receivable from participants and measured at their unpaid principal balances plus any accrued but unpaid interest.

The maximum amount of a participant's outstanding loans cannot exceed the lesser of $50,000 reduced by the excess (if any) of the highest outstanding balance of loans during the one year period ending on the day before the loan is made, over the outstanding balance of loans from the Plan on the date the loan is made, or one-half the present value of the participant's vested account balance.

Participants are limited to five outstanding loans at any one time. Principal and interest are paid ratably through payroll deductions. The maximum term of any loan is five years. The loans are secured by no more than one-half of the participant's vested account balance

Concentration of Credit Risk - Concentration of credit risk with respect to notes receivable from participants is limited due to the note receivable being secured by 50% of the participant's vested account balance and the maximum loan amount allowed per the loan policy.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The financial statements of the Plan are prepared under the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

In accordance with ASC Topics 946 and 962, investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets available for benefits presents the fair value of the investment contract as well as the adjustment of the fully benefit-responsive investment contract from fair value to contract value. The statement of changes in net assets available for benefits is prepared using contract value for the fully benefit-responsive investment contract.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions to net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Administrative Expenses - The Plan's administrative expenses and commissions are paid by the Company.

Investment Valuation and Income Recognition – The Plan provides for investments in pooled separate accounts and a fixed income account, which is held within a fully benefit responsive guaranteed investment contract ("GIC"). The units of pooled separate accounts are stated at fair value as determined by the issuer of the account based on the fair value of the underlying investments. Individual participant accounts invested in the pooled separate accounts are maintained on a unit value basis.

As discussed above, the Plan accounts for fully benefit responsive investment contracts in accordance with ASC Topics 946 and 962. Generally, contract value of the Hartford Life Insurance Company Fixed Account is equal to contributions plus credited interest minus participant withdrawals and fees. Contract value may be subject to adjustments in connection with contract holder directed withdrawals that are subject to a market value adjustment. The fair value of the Hartford Life Insurance Company Fixed Account which consists of an underlying GIC owned by the Plan is determined using the market approach. The use of quoted prices for identical assets and matrix pricing or other similar techniques are examples of market approaches.

Dividends are recorded on the ex-dividend date. Purchases and sales transactions are recorded on a trade date basis. Any gain or loss resulting from the sale of fund units is determined as the difference between the sales proceeds and the cost of units sold. Investment income is recorded on the accrual basis of accounting.

Investment income consists of interest or dividend income, gains, and unrealized appreciation or depreciation in the market value of investments.

The Plan presents in the accompanying statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments in mutual funds, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments.

Risk and Uncertainties - The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market, and credit.

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of such investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statement of changes in net assets available for benefits.

NOTE 3 - INVESTMENTS

The following tables list those investment securities that represent 5% or more of the Plan's net assets at December 31, 2015 and 2014, with the remaining investments grouped as other investments:

NOTE 4 - TAX STATUS

The Plan changed recordkeepers during 2014 and transferred all assets from Paychex, Inc. to MassMutual Retirement Services in July 2014. Due to the conversion, the Plan was amended and restated effective January 1, 2014. As a result, the Plan adopted a new standardized prototype plan. The Internal Revenue Service ("IRS") has determined and informed the prototype plan sponsor by a letter dated March 16, 2010, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC").

Accounting principles generally accepted in the United States of America ("GAAP") require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. As the Plan is tax-exempt, the plan administrator has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition as a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 5 - FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

ASC 820 establishes a three-level valuation hierarchy for measurement and disclosure of fair value. The valuation hierarchy is based upon the transparency of inputs used to measure fair value. The three levels are as follows:

Level 1 - asset value is based on actual quoted prices in active markets for identical securities (mark-to-market).

Level 2 - other significant observable inputs are used to arrive at fair value (including yield, quality, coupon rate, maturity, issue type, quoted prices for similar securities, prepayment speeds, trading characteristics, etc.).

Level 3 - significant unobservable inputs (including management's own assumptions in determining the fair value of investments).

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	Fair Value Measurements At Reporting Date Using			
December 31, 2015	Quoted Prices in Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)	Fair Value
Pooled separate accounts	$ -	$ 827,296	$ -	$ 827,926
Fixed Account	-	138,218	-	138,218
	$ -	$ 965,514	$ -	$ 965,514

NOTE 5 - FAIR VALUE MEASUREMENTS (CONTINUED)

	Fair Value Measurements At Reporting Date Using			
December 31, 2014	Quoted Prices in Active Markets For Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Other Unobservable Inputs (Level 3)	Fair Value
Pooled separate accounts	$ -	$ 667,202	$ -	$ 667,202
Fixed Account	-	144,996	-	144,996
	$ -	$ 812,198	$ -	$ 812,198

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2015 are reported in net depreciation in fair value of investments.

NOTE 6 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014 to Schedule H of Form 5500:

	2015	2014
Net assets available for benefits per Schedule H to the Form 5500	$953,056	$841,455
Participant contributions receivable	-	-
Employer contribution receivable	-	-
Corrective distributions	-	(1,779)
Net assets available for benefits per the financial statements	$953,056	$839,676

NOTE 7 - DATE OF MANAGEMENT'S REVIEW

The Plan has evaluated subsequent events through October 10, 2016, which is the date the financial statements were available to be issued.

NOTE 8 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2014, the Plan entered into a fully benefit-responsive GIC with Harford Life Insurance Company (Hartford) that includes a fixed income account. Hartford maintains the contributions in a general account, which is credited with actual earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Hartford is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

NOTE 8 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY (CONTINUED)

The Plan may terminate the agreement at any time. The insurance company may terminate the agreement and settle at amounts that differ from contract value if any of the following events occur:

- The Plan fails to maintain its special tax qualified or exempt status under 401(a) of the Code;
- The Plan fails to provide Hartford information necessary for Hartford to perform the Agreement and the Plan fails to remedy the failure within 31 days from the date the Plan is notified;
- The Plan trust is amended in a way that adversely affects Hartford's obligations under the Agreement;
- All group variable funding agreements in this class of business are amended, changed or altered due to changes in any applicable laws and Hartford determines that their obligations under this Agreement or ability to maintain this class of business are thereby materially affected;
- The assets held or the Participants covered under the Agreement are less than the amount required for the Agreement to be a group funding agreement under any applicable insurance law;
- The Plan changes such that the Plan is no longer considered to be an entity which is authorized or eligible to sponsor this Agreement;
- No Contributions are made to Hartford during any consecutive 12 month period; or
- At any time the Contributions or balances are less than the amount required for this class of business under Hartford's underwriting standards in effect as of the Agreement Effective Date.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The fair value of the investment contract at December 31, 2015 was $138,218. The crediting interest rate is based on an agreed-upon formula with the issuer, but it may not be less than 1%. Such interest rates are reviewed on an annual basis for resetting. The crediting interest rate at December 31, 2015 was 1.7%.

The average yield based on actual interest credited to participants for the contract for the year ended December 31, 2015 was 1.4%.

NOTE 9 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

Under the Department of Labor's Rules and Regulations, certain assets and related information held by a bank, trust company or similar institution, or an insurance company, that is regulated and subject to periodic examination by a state or federal agency does not have to be audited, provided the plan administrator exercises this option and the institution holding the assets certifies the required information. MassMutual Retirement Services has provided certification as to the completeness and accuracy of the investments, related investment income, participant loans, employee contributions, distributions, and fees, as presented in the accompanying statements of net assets available for benefits as of December 31, 2015 and in the statement of changes in net assets available for benefits for the year then ended. The accompanying supplemental schedule also includes investment information certified by MassMutual Retirement Services as being complete and accurate.
