INDEPENDENT AUDITOR'S REPORT

To KBR Benefits Committee of
BE&K, Inc. Hourly Cash Balance Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the BE&K, Inc. Hourly Cash Balance Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 6, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Plan Termination and Liquidation Basis of Accounting

As described in Notes 1 and 2 to the financial statements, the Plan was amended and restated to terminate the Plan effective December 31, 2014. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2014 financial statements to the liquidation basis of accounting in presenting the 2015 financial statements. Our opinion is not modified with respect to this matter.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

RETIREMENT PLAN**
Notes to Financial Statements

(1) Description of the Plan

(a) General

The following brief description of the BE&K, Inc. Hourly Cash Balance Retirement Plan (the Plan) is included for general information purposes. Participants should refer to the Plan document for more complete information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

The Plan is a cash balance defined benefit pension plan covering hourly employees of BE&K, Inc. and certain subsidiaries of BE&K, Inc. (collectively, the Company). On July 1, 2008, the Company was acquired by an affiliate of KBR, Inc., a Houston-based engineering, construction, and services company (KBR), and became part of KBR's controlled group under Section 414 of the Internal Revenue Code of 1986, as amended (IRC).

Prior to January 1, 2007, employees were eligible for membership in the Plan on the first quarterly entry date occurring after twelve months of employment in which the employee completed 1,000 hours of service. Effective January 1, 2007, the Plan was frozen with respect to benefit accruals.

The Plan was amended and restated effective January 1, 2014 to terminate the Plan as of December 31, 2014. Management is currently in the process of liquidating the Plan.

(b) Administration

The KBR Benefits Committee maintains all control, management, and administration of the Plan. The KBR Investment Committee maintains all powers and duties related to the Plan's investment fund or funds.

State Street Bank and Trust Company (State Street or the Trustee) is the Plan's trustee and Aon Hewitt was the Plan's record keeper through July 31, 2014. Willis Towers Watson is the Plan's record keeper effective August 1, 2014.

(c) Contributions and Funding Policy

The Company contributes such amounts as are necessary, on an actuarially determined basis, to meet the minimum funding requirements of ERISA. Contributions are allocated among active members who have rendered 501 hours or more of service during the year, or in certain other instances in proportion to their total compensation during the year, or portion of the year, since becoming a member. The Company has agreed to voluntarily contribute such additional amounts as are necessary to provide assets sufficient to meet the benefits to be paid to Plan members and any prior service costs. No employee contributions are permitted. All investments are nonparticipant-directed. The minimum funding requirements under ERISA regulations for the years ended December 31, 2015 and 2014 have been met by the Company.

(d) Participant Accounts

A hypothetical separate account of the net assets available for benefits is maintained for each member. Participant account balances are increased by an annual interest credit.

(e) Benefits

Upon reaching normal retirement, as defined in the Plan document, amounts allocated to a retiring member are normally distributed in lump sum or annuity form as elected, pursuant to Plan provisions, to members based upon their vested balance in the Plan, or in other instances, including early retirement (as defined), death while employed, total and permanent disability, or other termination of employment.

(f) Vesting

Effective January 1, 2007, all participants have a 100% vested interest in his/her account.

(2) Significant Accounting Policies

(a) Basis of Accounting

In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing plan basis used in presenting the 2014 financial statements to the liquidation basis used in presenting the 2015 financial statements due to the Plan termination noted in Note 1. The adoption of the liquidation basis of accounting did not have a material impact on the Plan's financial statements.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

(c) Securities Transactions and Investment Income of the Master Trust

The Plan participates in the KBR Employee Benefit Master Trust (Master Trust). The Master Trust was established for the collective investment of certain defined contribution and defined benefit plans.

Purchases and sales of securities in the Master Trust are recorded on a trade-date basis. Realized gains (losses) on investments sold and unrealized appreciation (depreciation) for investments of the Master Trust are combined and presented as Plan interest in Master Trust investment income (loss) in the statements of changes in net assets available for benefits.

In addition, investment income (loss) of the Master Trust includes dividends, interest, and other income. Interest income of the Master Trust investments is recorded as earned. Dividends on the Master Trust investments are recorded on the ex-dividend date.

Notes to Financial Statements

(d) *Valuation of Investments Held in the Master Trust*

Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

(e) *Administrative Expenses*

The Master Trust pays substantially all plan expenses on behalf of the Plan. Generally, trustee fees, actuarial fees to the extent allowable by law, audit fees, investment management fees, and the Pension Benefit Guaranty Corporation (PBGC) premiums are paid from Master Trust assets and are charged to the applicable plans participating in the Master Trust. Expenses related to the direct management of the Master Trust are shared on an equitable basis by the participating plans. Expenses specifically related to an individual plan are charged to the assets of the plan that incurred the charges. These expenses are shown as a component of Plan interest in Master Trust investment income (loss).

(f) *Actuarial Present Value of Accumulated Plan Benefits*

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the services rendered by the employees through January 1, 2007. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, and (b) present employees or their beneficiaries. The accumulated plan benefits for active employees are based on their compensation times a retirement credit factor, which is based on years of service. Benefits payable under all circumstances – retirement, death, disability and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits was determined by Willis Towers Watson and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations were (a) life expectancy of participants (in both 2015 and 2014, the Plan used the RP 2000 Combined Health mortality table projected separately for annuitants and non-annuitants), (b) retirement age assumptions (age 65), (c) 0.25% (7% in prior year) expected investment return, and (d) termination of the Plan and distribution of benefits in 2015.

(g) *Distribution of Benefits*

Benefit distributions are recorded when paid.

(h) *Recent Accounting Pronouncements*

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)* (ASU 2015-07). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical

expedient. The new guidance will be applied retrospectively and is effective for fiscal years beginning after December 15, 2016, with early adoption permitted. Management has elected to early adopt and the new guidance was applied retrospectively.

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)* (ASU 2015-12). ASU 2015-12 was issued to reduce the complexity of employee benefit plan accounting. Part I requires that fully benefit-responsive investment contracts are measured, presented, and disclosed only at contract value. Part II eliminates the disclosure of: investments that represent 5 percent or more of net assets; the net appreciation or depreciation by general type; and the disaggregation of investment classifications. Part III is not applicable to the Plan. The new guidance will be applied retrospectively and is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Management has elected to adopt Parts I and II early. Parts I and II were applied retrospectively.

(3) Fair Value Measurements

The Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosure about the use of fair value measurements in an effort to make the measurement of fair value more consistent and comparable.

Cash and cash equivalents, equity securities, mutual funds, and bonds held within the Master Trust are presented at their quoted market values. Common/collective trust funds are stated at fair value based on net asset value (NAV) as determined by the investment managers. The NAV is used as a practical expedient and is determined based on the fair value of the underlying investments. There are no redemption restrictions or unfunded commitments. The Master Trust considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Various inputs are used in determining the fair value of the Plan's investments. Valuation techniques used to measure fair value under ASC 820 must maximize the use of observable inputs and minimize the use of unobservable inputs. In addition, ASC 820 establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices that are in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable inputs (i.e., projections, estimates, interpretations, etc.) that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

BE&K, INC. HOURLY CASH BALANCE

Notes to Financial Statements

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The inputs and methodologies used for valuing securities are not an indication of the risk associated with investing in those securities. The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. There have been no changes in the methodologies used at December 31, 2015 or 2014.

The following tables set forth by level, within the fair value hierarchy, the Master Trust's investments at fair value as of December 31, 2015 and 2014:

2015	Level 1	Level 2	Level 3	Total
Master Trust Assets:

Net increase in accumulated plan benefits	1,180,564
Actuarial present value of accumulated plan benefits, end of year	\$ 19,241,853

(5) Interest in the Master Trust

Certain assets of the Plan are combined with the assets of certain other benefit plans of affiliated companies in a Master Trust. The assets of the Master Trust are segregated into funds in which the plans may participate. The combination of the plans' assets is only for investment purposes and the plans continue to be operated under their current plan documents, as amended.

The net assets of the Master Trust at December 31, 2015 and 2014 are summarized as follows:

(6) Information Certified by the Trustee

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2015 and 2014.

(7) Party-in-Interest Transactions

The Plan, through its participation in the Master Trust, may invest in investment securities issued and/or managed by the Trustee and asset managers. These entities are considered parties-in-interest to the Plan. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the IRC.

(8) Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated January 14, 2015, that the termination of this Plan does not adversely affect its qualification for federal tax purposes.

The IRS has determined and informed the Company by a letter dated April 16, 2013, that the Plan and related trust are designed in accordance with the applicable provisions of the IRC. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax-exempt as of December 31, 2015 and 2014.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Risks and Uncertainties

The investments of the Master Trust are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

(10) Subsequent Events

The Plan has evaluated subsequent events through October 17, 2016, the date the financial statements were available to be issued.
