Note 1 – Description of Plan

The following description of Alecto Healthcare Services 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral covering substantially all employees of Alecto Healthcare Services LLC and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Alecto Healthcare Services LLC (the Company) is the Plan's sponsor and serves as plan administrator.

Eligibility – Employees of the Company are eligible to participate in the plan after completing three months of service.

Contributions

Participant contributions – Each year, participants may contribute between 1-100% of pre-tax eligible compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer match contributions – The Company matches 75% of employee contributions, up to 3% of eligible compensation deferred to the Plan for union employees. The Company matches 100% of employee contributions, up to 4% of eligible compensation deferred to the Plan for employees in the California Nurses Association. The Company may elect to make a discretionary matching contribution to the Plan for all other employees.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions as well as allocations of the Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan.

Vesting – Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Participants in Union 1199 are 100% vested after two years of credited service. Participants in the California Nurses Association are 100% vested after five years of credited service. All other participants are 100% vested after three years of credited service.

Note 1 – Description of Plan (continued)

Notes receivable from participants – The Plan does not allow participants to take new loans. The loan balance outstanding at year end is comprised of loans transferred in from other plans. Principal and interest is paid ratably through payroll deductions. As of December 31, 2015, the rates of interest on outstanding loans ranged from 4.25 to 5.25% with various maturities through September 2023.

Payment of benefits – On termination of service due to death, disability, or retirement, or other reasons as defined by the Plan, participants may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annuity payments. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures – Forfeitures are the non-vested portion of a participant's account that is lost upon termination of employment. Forfeitures are retained in the Plan and will be used to pay plan expenses or reduce future Company contributions. As of December 31, 2015, forfeited non-vested accounts totaled $8,326. For the period from February 2, 2015 to December 31, 2015, the Company used $111,150 of forfeited non-vested accounts to pay plan expenses.

Transfers in from other plans – During the period from February 2, 2015 to December 31, 2015 in connection with the creation of the Plan, the Fairmont General Hospital, Inc. Employees' Pension Plan, LHP Hospital Group, Inc. Retirement Savings Plan, Olympia Health Care, LLC Retirement Savings Plan #1 and Olympia Health Care, LLC Retirement Savings Plan #2 were merged into the Plan. Total transfers from the merging plans totaled $67,677,865.

Transfers out to other plans – The Plan may authorize transfers into the LHP Hospital Group, Inc. Retirement Savings Plan (LHP). Transfers out of the Plan into LHP totaled $6,673 for the period ending December 31, 2015.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Recent accounting pronouncements

ASU 2015-07- In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).

Note 2 – Summary of Significant Accounting Policies (continued)

The amendments remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient (NAV practical expedient). ASU 2015-07 has been adopted for the December 31, 2015 plan year end.

ASU 2015-12- In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Contribution Pension Plans (Topic 962) II. Plan Investment Disclosures. The amendments remove the requirement to:

- disclose individual investments held which exceed 5% of net assets available for benefits.
- disclose net depreciation in fair value of investments by type of investment held.
- disaggregate investments reported in the fair value hierarchy table by class of investment. They may be presented by general type only.
- disclose investment strategy for investments for which fair value is measured using the NAV practical expedient, if they are Form 5500 Direct Filing Entities.

ASU 2015-12 has also been adopted for the period from February 2, 2015 to December 31, 2015.

Investment valuation – The investments are reported at fair value. The Plan's trustee, Wells Fargo Bank N.A., certifies the fair market value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement.

Payment of benefits – Benefits are recorded when paid.

Expenses – General plan administrative expenses may be paid out of the forfeiture account or paid by the Company. Investment management, distribution, and loan transaction fees are paid by the Plan participants.

Note 2 – Summary of Significant Accounting Policies (continued)

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued.

The Plan has evaluated subsequent events through October 17, 2016, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Note 3 – Fair Value Measurements (continued)

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust: Units held in collective trusts (CT) are valued using the net asset value practical expedient (NAV practical expedient) of the CT as reported by the CT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CT, minus its liabilities, and then divided by the number of units outstanding.

The valuation of methods used by the Plan may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table discloses the fair value hierarchy of the Plan's assets by level as of December 31, 2015:

	Fair Value Measurement at December 31, 2015			
	Level 1	Level 2	Level 3	Total
Registered investment companies	$ 46,838,394	$ -	$ -	$ 46,838,394
Total assets in the fair value hierarchy	$ 46,838,394	$ -	$ -	46,838,394
Investments measured at NAV (practical expedient)				10,590,358
Investments at fair value				$ 57,428,752

Note 4 – Tax Status

The plan administrator has filed for a determination letter from the Internal Revenue Service regarding the Plan's qualification under Section 401(a) and the related trust's tax exempt status under provisions of Section 501(a) of the Internal Revenue Code (IRC). The plan administrator believes that the Plan is designed and is currently being operated in accordance with the applicable requirements of the IRC.

In accordance with guidance on accounting for uncertainty in income taxes, the plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 6 – Information Certified By the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank N.A., the trustee of the Plan as of December 31, 2015 and for the period from February 2, 2015 through December 31, 2015 have certify to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2015.

- Net depreciation in fair value of investments, dividends, interest income from notes receivable from participants, and other income reflected on the accompanying statement of changes in net assets available for benefits for period from February 2, 2015 to December 31, 2015.

- Investments reflected on the supplemental schedule of assets (held at end of year).

Note 7 – Party-In-Interest Transactions

Plan investments include a collective trust managed by Wells Fargo Bank N.A. Wells Fargo Bank N.A. is the trustee of the Plan and, therefore, transactions with this entity qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services to Wells Fargo Bank N.A. were $86,750 for the period from February 2, 2015 to December 31, 2015.

Note 8 – Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 9 – Delinquent Contributions

As disclosed in the accompanying supplemental schedule, one payroll deferral was not remitted to the Plan within the timeframe required by the Department of Labor. The Company will determine the amount of lost earnings and will remit this amount to the affected participants' accounts subsequent to year-end.
