Independent Auditor's Report

October 1, 2016

To the Trustees, Plan Administrator and Participants of
The Burdick Companies 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Burdick Companies 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Custodians of the Plan, except for comparing

such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the Custodians as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the plan administrator by the Custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of plan

The following description of The Burdick Companies 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code and has a Section 401(k) salary deferral arrangement. The Plan covers all employees of Driver's Village, Inc. and RLB Development, LLC (collectively the "Company") who have one year of service and are age twenty-one or older. All assets acquired under the Plan are the result of employee and employer contributions thereto and all income and other additions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and ERISA.

Contributions - Participants are allowed to make elective 401(k) salary deferrals up to the maximum amount allowed by the Internal Revenue Code. Participants are allowed to make rollover contributions to the Plan.

Each year the Company may contribute for each participant, a discretionary matching contribution. The Company's discretionary matching contribution for the years ended December 31, 2015 and 2014, is equal to 50% of the participant's elective contributions, up to a maximum of 2% of each participant's compensation. Discretionary matching contributions amounted to approximately $294,700 for the year ended December 31, 2015, of which the Company paid $276,209 of these contributions and used forfeited accounts for the remainder, as explained below. The Company's discretionary matching contribution amounted to approximately $280,300 for the year ended December 31, 2014, of which the Company paid $266,144 of these contributions and used forfeited accounts for the remainder, as explained below. The Company may also elect to make discretionary profit sharing contributions, the amount and timing of such payments is at the option of the Company. There were no discretionary profit sharing contributions made for the years ended December 31, 2015 and 2014.

Participant accounts - Each participant's account is credited with the participant's elective deferral contribution, the Company's discretionary matching contributions and plan earnings. Allocations are based on participant compensation or account balances, as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their elective salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account balance is based on years of continuous service. A participant is 100% vested after six years of credited service. Forfeitures may be used to pay administrative expenses or to reduce employer contributions to the Plan. Forfeitures used from terminated non-vested account balances was $18,982 for the year ended December 31, 2015, of which $18,460 was used to reduce employer contributions, the remaining amount was used to offset administrative expenses. Forfeitures used from terminated non-vested account balances was $28,434 for the year ended December 31, 2014, of which $14,156 was used

to reduce employer contributions. There were unused forfeitures of $75 as of December 31, 2015. There were no unused forfeitures as of December 31, 2014.

Investment options - Participants may direct contributions to the Plan in any of the investment options offered by the Plan. Participants may change their investment options once a month through online media with the Plan's investment trustees.

Payment of benefits - On termination of service due to retirement, disability or death, a participant and/or beneficiary will be entitled to 100% of the account balance to be paid out as soon as practicable following their termination of service. On termination of employment for reasons other than those listed above, the participant will be entitled to receive only the vested value of their account balance.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes will bear a reasonable fixed rate of interest to be determined by the plan administrator, similar to that which a bank or other professional lender would charge for making a similar loan. Interest rates range from 3.25% to 4.25%. The note will be repaid through weekly payroll deductions. The term of the repayment period cannot exceed five years, except if the loan is used to acquire a residence, then the repayment period may be extended beyond five years. Only one note per participant can be outstanding at a time. The notes are secured by the vested balance in the participant's account. According to requirements of the participant note program, the plan administrator will treat a note in default if any scheduled payment remains unpaid beyond ninety days.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants for participants who are actively participating in the Plan and have not continued to make payments on the outstanding notes as required under the program. There were no deemed distributions for the years ended December 31, 2015 and 2014.

Plan termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting.

Accounting change - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. The ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, and interim

periods within those fiscal years. Early adoption is permitted for all entities. Management adopted the provisions of this ASU effective 2015, with retroactive application. The Plan has investments in pooled separate accounts, which this ASU impacts. See investment valuation and income recognition below.

In July 2015, the Financial Accounting Standards Board issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to adopt Part II early effective in 2015. This is reflected on the statements of net assets available for benefits, Notes 5 and 6 to the financial statements and prior year financial statements have been updated to reflect the early adoption of Part II.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties - The Plan provides for various investment options in any combination of pooled separate accounts or other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Economic dependency and concentration of credit risk - All of the Plan's investments are held and administered by Principal Life Insurance Company. Accordingly, the Plan is dependent upon the financial condition of Principal Life Insurance Company.

Investment valuation and income recognition - Investments held by the Plan are stated at fair value (see Note 6) with the exception of pooled separate accounts, which are valued at the net

asset value as a practical expedient as reported by the sponsor of the fund. The Plan invests in guaranteed investment contracts that are not benefit-responsive and are valued at fair value (see Note 6). All investment values have been determined and certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Custodians of the Plan (see Note 5). Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Pooled separate accounts invest primarily in equities, bonds, real estate and mutual funds, which are mainly publicly traded securities. Pooled separate accounts are valued at net asset value (NAV) per share, which serves as a practical expedient to estimate its fair value. The practical expedient would not be used if it were determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The NAV of each pooled separate account is not publicly quoted in the active markets. Each pooled separate account can be redeemed at NAV as of the measurement date and can be redeemed on a daily basis. There were no unfunded commitments or redemption restrictions on these investments as of December 31, 2015 and 2014. As explained above, the Plan has elected to early adopt the provisions of ASU 2015-07, therefore investments measured at net asset value per share used as a practical expedient are not required to be classified in the fair value hierarchy presented in Note 6.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed forty-five days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance, if and when potentially uncollectible participant notes receivable becomes material. If a participant defaults on a note receivable and distribution from the participant account has been made during the plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the receivable balance.

Payment of benefits - Benefits are recorded as paid.

Corrective distributions - Corrective distributions represent excess employee salary deferral contributions received during the year, but are returned to the participants in order to satisfy the relevant nondiscrimination provisions of the Plan. These corrective distributions are recorded as excess contributions payable on the statements of net assets available for plan benefits in the year that they are received. There was $6,693 of corrective distributions for the year ended December 31, 2015, which were returned to the affected participants in 2016. There were $10,969 of corrective distributions for the year ended December 31, 2014, which were returned to the affected participants in 2015. Corrective distributions are recorded on the Form 5500 in the year that they are paid including investment earnings thereon (see Note 8).

Administrative costs - Administrative costs, including maintaining participant accounts, legal and accounting costs, are the obligation of the Plan; however, the plan sponsor may pay or reimburse the Plan for such expenses. Costs of managing the investments are paid directly out of plan assets (see Note 7).

Subsequent events - Management has evaluated subsequent events through October 1, 2016, the date that the financial statements were available for issue.

Note 3 - Plan amendments

Effective March 31, 2014, the Plan was amended and restated to comply with current rules and regulations (see Note 4).

Note 4 - Tax status

Effective March 31, 2014, the Company has adopted Principal Financial Group's Prototype for Savings Plans. The Internal Revenue Service has ruled that the standardized prototype plan of the Principal Financial Group is acceptable under Section 401(a) of the Internal Revenue Code. The management of the Company and the plan administrator are not aware of any matters that would disqualify the Plan. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2015 and 2014. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2012.

Note 5 - Information certified by the Plan's Custodians

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, the Plan's Custodians have certified that the investments and investment income included in the accompanying financial statements as of and for the years ended December 31, 2015 and 2014, and supplemental schedule as of December 31, 2015, are complete and accurate. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6 - Fair value measurements

The Financial Accounting Standards Board has published authoritative guidance on fair value measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (i.e. Mutual Funds) - Valued at the quoted closing price reported on the active market on which the individual security is traded (Level 1).

Guaranteed Investment Contracts - Valued at the contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. The investment contract will provide information about redemption and notice periods if applicable (Level 3).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by Level within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Guaranteed investment contracts	$ -	$ -	$ 286,223	$ 286,223
Registered investment companies	885,180	-	-	885,180
Total assets at fair value	$ 885,180	$ -	$ 286,223	$ 1,171,403

	December 31, 2014			
	Level 1	Level 2	Level 3	Total
Guaranteed investment contracts	$ -	$ -	$ 298,884	$ 298,884
Registered investment companies	810,673	-	-	810,673
Total assets at fair value	$ 810,673	$ -	$ 298,884	$ 1,109,557

The following table sets forth a summary of changes in the fair value of the guaranteed investment contracts, the Plan's Level 3 assets:

	Year ended December 31,	
	2015	2014
Balance, beginning of year	$ 298,884	$ 387,294
Interest	2,344	2,747
Realized loss	(597)	363
Purchases	78,238	90,128
Settlements	(92,646)	(181,648)
Balance, end of year	$ 286,223	$ 298,884

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges for those inputs:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
Guaranteed Investment Contracts	$ 286,223	Assumed Proceeds at Discontinuation	Composite Guaranteed Rate	0.45% - 1.20%
			Current Rate on December 31, 2015	1.10% - 2.11%
Guaranteed Investment Contracts	$ 298,884	Assumed Proceeds at Discontinuation	Composite Guaranteed Rate	0.09% -1.59%
			Current Rate on December 31, 2014	0.72% - 1.97%

Note 7 - Related party transactions

Certain plan investments are managed by Principal Life Insurance Company. Principal Life Insurance Company is one of the Custodians as defined by the Plan and; therefore, these transactions qualify as exempt party-in-interest transactions. Investment fees paid by the Plan for investment management services were included in the net appreciation (depreciation) in investments on the accompanying statements of changes in net assets available for benefits. In addition, Principal Life Insurance Company provides third party administrative fees that are paid by the Plan, which were $7,979 and $12,975 for the years ended December 31, 2015 and 2014, respectively.

Note 8 - Reconciliation of the financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31, 2015	December 31, 2014
Net assets available for benefits per the financial statements	$ 12,326,648	$ 11,563,440
Add - Amounts allocated to excess contribution payable	6,693	10,969
Net assets available for benefits per Form 5500, Schedule H, Part I, Line 1l	$ 12,333,341	$ 11,574,409

The following is a reconciliation of corrective distributions to participants per the financial statements to Form 5500:

	Year ended December 31,	
	2015	2014
Corrective distributions to participants per the financial statements	$ 7,267	$ 15,265
Less - Unpaid corrective distributions to participants (excess contributions payable)	(6,693)	(10,969)
Add - Paid corrective distributions to participants accrued for in prior year	10,969	15,597
Corrective distributions to participants per Form 5500, Schedule H, Part II, Line 2f	$ 11,543	$ 19,893

Excess contributions payable represent excess employee salary deferral contributions from the years ended December 31, 2015 and 2014. The excess employee contributions ("corrective distributions") were returned to the participants in order to satisfy the relevant nondiscrimination provisions of the Plan. Corrective distributions are recorded in the financial statements in the Plan year that the excess contributions are received. Corrective distributions are recorded on Form 5500 in the Plan year that they are paid, net of investment earnings (losses).

Independent Auditor's Report

October 1, 2016

To the Trustees, Plan Administrator and Participants of
The Burdick Companies 401(k) Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Burdick Companies 401(k) Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph; however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 5, which was certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Custodians of the Plan, except for comparing

such information with the related information included in the financial statements. We have been informed by the plan administrator that the Custodians hold the Plan's investment assets and execute investment transactions. The plan administrator has obtained a certification from the Custodians as of December 31, 2015 and 2014, and for the years then ended, that the information provided to the plan administrator by the Custodians is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter - Supplemental Schedule

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2015, is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA) and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance with DOL's Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the Custodians, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1 - Description of plan

The following description of The Burdick Companies 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution profit sharing plan under Section 401(a) of the Internal Revenue Code and has a Section 401(k) salary deferral arrangement. The Plan covers all employees of Driver's Village, Inc. and RLB Development, LLC (collectively the "Company") who have one year of service and are age twenty-one or older. All assets acquired under the Plan are the result of employee and employer contributions thereto and all income and other additions thereto are administered, distributed, forfeited or otherwise governed by the provisions of the Plan and ERISA.

Contributions - Participants are allowed to make elective 401(k) salary deferrals up to the maximum amount allowed by the Internal Revenue Code. Participants are allowed to make rollover contributions to the Plan.

Each year the Company may contribute for each participant, a discretionary matching contribution. The Company's discretionary matching contribution for the years ended December 31, 2015 and 2014, is equal to 50% of the participant's elective contributions, up to a maximum of 2% of each participant's compensation. Discretionary matching contributions amounted to approximately $294,700 for the year ended December 31, 2015, of which the Company paid $276,209 of these contributions and used forfeited accounts for the remainder, as explained below. The Company's discretionary matching contribution amounted to approximately $280,300 for the year ended December 31, 2014, of which the Company paid $266,144 of these contributions and used forfeited accounts for the remainder, as explained below. The Company may also elect to make discretionary profit sharing contributions, the amount and timing of such payments is at the option of the Company. There were no discretionary profit sharing contributions made for the years ended December 31, 2015 and 2014.

Participant accounts - Each participant's account is credited with the participant's elective deferral contribution, the Company's discretionary matching contributions and plan earnings. Allocations are based on participant compensation or account balances, as defined by the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their elective salary deferral contributions plus actual earnings thereon. Vesting in the remainder of their account balance is based on years of continuous service. A participant is 100% vested after six years of credited service. Forfeitures may be used to pay administrative expenses or to reduce employer contributions to the Plan. Forfeitures used from terminated non-vested account balances was $18,982 for the year ended December 31, 2015, of which $18,460 was used to reduce employer contributions, the remaining amount was used to offset administrative expenses. Forfeitures used from terminated non-vested account balances was $28,434 for the year ended December 31, 2014, of which $14,156 was used

to reduce employer contributions. There were unused forfeitures of $75 as of December 31, 2015. There were no unused forfeitures as of December 31, 2014.

Investment options - Participants may direct contributions to the Plan in any of the investment options offered by the Plan. Participants may change their investment options once a month through online media with the Plan's investment trustees.

Payment of benefits - On termination of service due to retirement, disability or death, a participant and/or beneficiary will be entitled to 100% of the account balance to be paid out as soon as practicable following their termination of service. On termination of employment for reasons other than those listed above, the participant will be entitled to receive only the vested value of their account balance.

Notes receivable from participants - Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes will bear a reasonable fixed rate of interest to be determined by the plan administrator, similar to that which a bank or other professional lender would charge for making a similar loan. Interest rates range from 3.25% to 4.25%. The note will be repaid through weekly payroll deductions. The term of the repayment period cannot exceed five years, except if the loan is used to acquire a residence, then the repayment period may be extended beyond five years. Only one note per participant can be outstanding at a time. The notes are secured by the vested balance in the participant's account. According to requirements of the participant note program, the plan administrator will treat a note in default if any scheduled payment remains unpaid beyond ninety days.

Deemed distributions - Deemed distributions represent the amount of unpaid principal on notes receivable from participants for participants who are actively participating in the Plan and have not continued to make payments on the outstanding notes as required under the program. There were no deemed distributions for the years ended December 31, 2015 and 2014.

Plan termination - Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2 - Summary of significant accounting policies

Method of accounting - The Plan maintains its accounting records and financial statements on the accrual method of accounting.

Accounting change - In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent)*, which removes the requirement to categorize within the fair value hierarchy all investments for which the fair value is measured using the net asset value per share practical expedient. The ASU also removes the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, and interim

periods within those fiscal years. Early adoption is permitted for all entities. Management adopted the provisions of this ASU effective 2015, with retroactive application. The Plan has investments in pooled separate accounts, which this ASU impacts. See investment valuation and income recognition below.

In July 2015, the Financial Accounting Standards Board issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5% or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Parts I and III are not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to adopt Part II early effective in 2015. This is reflected on the statements of net assets available for benefits, Notes 5 and 6 to the financial statements and prior year financial statements have been updated to reflect the early adoption of Part II.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties - The Plan provides for various investment options in any combination of pooled separate accounts or other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. The value, liquidity and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Economic dependency and concentration of credit risk - All of the Plan's investments are held and administered by Principal Life Insurance Company. Accordingly, the Plan is dependent upon the financial condition of Principal Life Insurance Company.

Investment valuation and income recognition - Investments held by the Plan are stated at fair value (see Note 6) with the exception of pooled separate accounts, which are valued at the net

asset value as a practical expedient as reported by the sponsor of the fund. The Plan invests in guaranteed investment contracts that are not benefit-responsive and are valued at fair value (see Note 6). All investment values have been determined and certified by Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the Custodians of the Plan (see Note 5). Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Pooled separate accounts invest primarily in equities, bonds, real estate and mutual funds, which are mainly publicly traded securities. Pooled separate accounts are valued at net asset value (NAV) per share, which serves as a practical expedient to estimate its fair value. The practical expedient would not be used if it were determined to be probable that the fund will sell the investment for an amount different from the reported NAV. The NAV of each pooled separate account is not publicly quoted in the active markets. Each pooled separate account can be redeemed at NAV as of the measurement date and can be redeemed on a daily basis. There were no unfunded commitments or redemption restrictions on these investments as of December 31, 2015 and 2014. As explained above, the Plan has elected to early adopt the provisions of ASU 2015-07, therefore investments measured at net asset value per share used as a practical expedient are not required to be classified in the fair value hierarchy presented in Note 6.

Notes receivable from participants - Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Management individually reviews all notes receivable balances that exceed forty-five days from the date of the most recent payment and, based on the assessment of credit worthiness, estimates the portion, if any, of the balance that will not be collected. Currently, there is no valuation allowance recorded; however, management will record an allowance, if and when potentially uncollectible participant notes receivable becomes material. If a participant defaults on a note receivable and distribution from the participant account has been made during the plan year because the participant has left the Plan, the defaulted note receivable will be reported as benefits paid to participants on the statements of changes in net assets available for benefits and deducted from the receivable balance.

Payment of benefits - Benefits are recorded as paid.

Corrective distributions - Corrective distributions represent excess employee salary deferral contributions received during the year, but are returned to the participants in order to satisfy the relevant nondiscrimination provisions of the Plan. These corrective distributions are recorded as excess contributions payable on the statements of net assets available for plan benefits in the year that they are received. There was $6,693 of corrective distributions for the year ended December 31, 2015, which were returned to the affected participants in 2016. There were $10,969 of corrective distributions for the year ended December 31, 2014, which were returned to the affected participants in 2015. Corrective distributions are recorded on the Form 5500 in the year that they are paid including investment earnings thereon (see Note 8).

Administrative costs - Administrative costs, including maintaining participant accounts, legal and accounting costs, are the obligation of the Plan; however, the plan sponsor may pay or reimburse the Plan for such expenses. Costs of managing the investments are paid directly out of plan assets (see Note 7).

Subsequent events - Management has evaluated subsequent events through October 1, 2016, the date that the financial statements were available for issue.

Note 3 - Plan amendments

Effective March 31, 2014, the Plan was amended and restated to comply with current rules and regulations (see Note 4).

Note 4 - Tax status

Effective March 31, 2014, the Company has adopted Principal Financial Group's Prototype for Savings Plans. The Internal Revenue Service has ruled that the standardized prototype plan of the Principal Financial Group is acceptable under Section 401(a) of the Internal Revenue Code. The management of the Company and the plan administrator are not aware of any matters that would disqualify the Plan. Accordingly, the Plan has been accounted for as a tax-exempt plan.

The Plan has reviewed its operations for uncertain tax positions and believes there are no significant exposures. The Plan will include penalties and interest on income tax liabilities in administrative expenses if such amounts arise. The Plan did not incur any penalties and interest for the years ended December 31, 2015 and 2014. The Plan is no longer subject to regulatory examinations by tax authorities for the closed years before 2012.

Note 5 - Information certified by the Plan's Custodians

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations and Disclosure under ERISA. Accordingly, Principal Life Insurance Company and Delaware Charter Guarantee and Trust Company, d/b/a Principal Trust Company, the Plan's Custodians have certified that the investments and investment income included in the accompanying financial statements as of and for the years ended December 31, 2015 and 2014, and supplemental schedule as of December 31, 2015, are complete and accurate. Furthermore, the Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

Note 6 - Fair value measurements

The Financial Accounting Standards Board has published authoritative guidance on fair value measurements, which establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies (i.e. Mutual Funds) - Valued at the quoted closing price reported on the active market on which the individual security is traded (Level 1).

Guaranteed Investment Contracts - Valued at the contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates. The investment contract will provide information about redemption and notice periods if applicable (Level 3).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by Level within the fair value hierarchy, the Plan's assets at fair value:

	December 31, 2015			
	Level 1	Level 2	Level 3	Total
Guaranteed investment contracts	$ -	$ -	$ 286,223	$ 286,223
Registered investment companies	885,180	-	-	885,180
Total assets at fair value	$ 885,180	$ -	$ 286,223	$ 1,171,403

	December 31, 2014			
	Level 1	Level 2	Level 3	Total
Guaranteed investment contracts	$ -	$ -	$ 298,884	$ 298,884
Registered investment companies	810,673	-	-	810,673
Total assets at fair value	$ 810,673	$ -	$ 298,884	$ 1,109,557

The following table sets forth a summary of changes in the fair value of the guaranteed investment contracts, the Plan's Level 3 assets:

	Year ended December 31,	
	2015	2014
Balance, beginning of year	$ 298,884	$ 387,294
Interest	2,344	2,747
Realized loss	(597)	363
Purchases	78,238	90,128
Settlements	(92,646)	(181,648)
Balance, end of year	$ 286,223	$ 298,884

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments and the significant unobservable inputs and the ranges for those inputs:

Type	Fair Value	Valuation Technique	Significant Unobservable Inputs	Rate or Range of Rates
Guaranteed Investment Contracts	$ 286,223	Assumed Proceeds at Discontinuation	Composite Guaranteed Rate	0.45% - 1.20%
			Current Rate on December 31, 2015	1.10% - 2.11%
Guaranteed Investment Contracts	$ 298,884	Assumed Proceeds at Discontinuation	Composite Guaranteed Rate	0.09% -1.59%
			Current Rate on December 31, 2014	0.72% - 1.97%

Note 7 - Related party transactions

Certain plan investments are managed by Principal Life Insurance Company. Principal Life Insurance Company is one of the Custodians as defined by the Plan and; therefore, these transactions qualify as exempt party-in-interest transactions. Investment fees paid by the Plan for investment management services were included in the net appreciation (depreciation) in investments on the accompanying statements of changes in net assets available for benefits. In addition, Principal Life Insurance Company provides third party administrative fees that are paid by the Plan, which were $7,979 and $12,975 for the years ended December 31, 2015 and 2014, respectively.

Note 8 - Reconciliation of the financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500:

	December 31, 2015	December 31, 2014
Net assets available for benefits per the financial statements	$ 12,326,648	$ 11,563,440
Add - Amounts allocated to excess contribution payable	6,693	10,969
Net assets available for benefits per Form 5500, Schedule H, Part I, Line 1l	$ 12,333,341	$ 11,574,409

The following is a reconciliation of corrective distributions to participants per the financial statements to Form 5500:

	Year ended December 31,	
	2015	2014
Corrective distributions to participants per the financial statements	$ 7,267	$ 15,265
Less - Unpaid corrective distributions to participants (excess contributions payable)	(6,693)	(10,969)
Add - Paid corrective distributions to participants accrued for in prior year	10,969	15,597
Corrective distributions to participants per Form 5500, Schedule H, Part II, Line 2f	$ 11,543	$ 19,893

Excess contributions payable represent excess employee salary deferral contributions from the years ended December 31, 2015 and 2014. The excess employee contributions ("corrective distributions") were returned to the participants in order to satisfy the relevant nondiscrimination provisions of the Plan. Corrective distributions are recorded in the financial statements in the Plan year that the excess contributions are received. Corrective distributions are recorded on Form 5500 in the Plan year that they are paid, net of investment earnings (losses).
