REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Employee Benefits Plan Committee
John Bean Technologies Corporation

Report on the financial statements

We were engaged to audit the accompanying financial statements of John Bean Technologies Corporation Airport Services Division Savings and Investment Plan (the Plan), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for disclaimer of opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in note D, except for comparing such information with the related information included in the financial statements. We have been informed by the Plan administrator that the certifying entity meets the requirements of 29 CFR 2520.103-8. The Plan administrator has obtained a certification from this entity as of December 31, 2015 and 2014, and

for the year ended December 31, 2015, stating that the certified information provided to the Plan administrator is complete and accurate.

Disclaimer of opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Supplementary Information

The supplemental schedule of assets (held at end of year) as of December 31, 2015, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on form and content in compliance with DOL rules and regulations

The form and content of the information included in the financial statements and supplemental schedule other than that derived from the certified information described in note D, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A - DESCRIPTION OF THE PLAN

The following description of the John Bean Technologies Corporation (the Company) Airport Services Division Savings and Investment Plan (the Plan) provides general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a qualified salary-reduction plan under Section 401(k) of the Internal Revenue Code (the IRC), which covers certain employees of the Company's Airport Services business unit. Such employees are eligible to participate in the Plan upon completion of one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan is administered by the John Bean Technologies Corporation Employee Benefits Plan Committee (the Benefits Plan Committee), acting on behalf of the Plan sponsor, the Company.

Contributions

Participants may make elective deferrals of their annual compensation up to the IRC annual limit. The aggregate amount of such elective deferrals is contributed to a trust on a pretax or Roth basis. Participants may also elect to make after-tax contributions, either as an alternative to pretax or Roth contributions, or in addition to the maximum elective deferrals. The aggregate of pretax, Roth and after-tax contributions cannot exceed 75% of a participant's total compensation or 20% for highly compensated employees. Active employees who meet the following requirements are eligible to make catch-up contributions to the prescribed limit: (1) attain age 50 or older during the year, (2) already contributing at least 5% to the Plan on a pretax or Roth basis and (3) will reach the elective deferral limit for the year.

The Company makes matching contributions for all active participants, except for certain prevailing wage employees. The Company matches 50% of basic contributions of each participant's eligible compensation up to 5% of eligible compensation (Matching Contribution). The Company contributes a non-elective contribution (Non-elective Contribution) to participants who are prevailing wage employees, in accordance with the prevailing wage contribution formula set forth in the applicable prevailing wage contract.

Investment Options

Upon enrollment in the Plan, a participant may direct his or her contributions in 1% increments, with a minimum of 2%, to any of the available investment options. Company matching contributions to the Plan are allocated to the investment options selected by the participants.

Vesting

Participants are immediately vested in their elective contributions and the Company's Non-elective Contribution plus actual earnings thereon. Vesting in the Company's Matching Contribution and related earnings is determined according to the following graduated schedule based on years of service.

Years of service	Percent vested
Fewer than 2	0%
At least 2 but fewer than 3	20
At least 3 but fewer than 4	40
At least 4 but fewer than 5	60
5 or more	100

Participants are immediately vested in the Company's Matching Contribution upon separation from service due to disability, dying while employed by the Company, attainment of age 65 while employed by the Company, or if the Benefits Plan Committee in its discretion fully vests participants in connection with a transaction.

Payment of Benefits and Forfeitures

Upon termination of service, death, disability or attainment of age 59-1/2, any participant may elect to immediately receive a lump-sum distribution equal to the vested interest of his or her account. Participants may, upon termination, elect to defer their lump-sum distribution or receive annual installments. Any unvested interests are forfeited. Forfeitures are used to restore forfeitures of participants that are rehired within five years, pay for certain administrative expenses of the Plan and reduce future Company contributions to the Plan. The forfeited balances held in the Plan as of December 31, 2015 and 2014, were approximately $2,200 and $5,300, respectively. During 2015, approximately $15,600 of forfeited non-vested accounts were used to pay administrative expenses.

Expenses

Certain administrative expenses of the Plan are paid by Fidelity Management Trust Company (the Trustee) out of the assets of the Plan and constitute a charge upon the respective investment funds or upon the individual participants' accounts. Certain other Plan expenses can be paid by the Plan from the forfeitures balance, or by the Company.

Withdrawals and Loans

The Plan allows participants to make hardship cash withdrawals (subject to income taxation and Internal Revenue Service (IRS) penalties) of some or all of their vested account balances. Eligible participants may also receive money from the Plan in the form of loans. The minimum that may be borrowed is $1,000. The maximum that may be borrowed is the lesser of $50,000, or 50% of the participant's vested account balance. Loans, which are secured by the participant's vested account balance, must be repaid over not more than 60 months with interest at the prime interest rate at the inception of the loan. A participant may have up to two loans outstanding at any one time. Principal and interest is paid ratably through payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Plan and ERISA. In the event of Plan termination, participants will become 100% vested in their account balances.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's Matching and Non-elective Contribution, and an allocation of Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations of Plan earnings (losses) are based on the participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Adoption of New Accounting Rules

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value Per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in Accounting Standards Codification (ASC) 820, *Fair Value Measurement,* from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for non-public entities for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions for this new standard. Accordingly, the amendment was retrospectively applied, resulting in the removal of the Plan's investment for which fair value is measured using the NAV per share practical expedient from the fair value hierarchy. The amount of investments measured at NAV (or its equivalent) is disclosed so that the total investments in the fair value hierarchy can be reconciled to total investments measured at fair value on the statement of net assets available for benefits. The adoption of this ASU did not have a material impact on the financial statements.

In July 2015, the FASB issued ASU No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts (FBRICs) and plan investment disclosures, and provides for a measurement-date practical expedient. Part I and Part II are effective for fiscal years beginning after December 15, 2015, and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015, and should be applied prospectively, with early application permitted. The adoption of parts of this ASU did not have a material impact on the financial statements.

Part III is not applicable to the Plan, but management has elected to adopt Part I and Part II early. Part I clarified that indirect investments in FBRICs (for example, the Plan's investment in the Fidelity Managed Income Portfolio (Fidelity MIP), a stable value collective trust fund) are not in the scope of the FBRIC guidance, and that such stable value funds are generally in an investment company that calculates NAV per share (or its equivalent) in a manner consistent with the measurement principles in ASC 946, *Financial Services - Investment Companies*. Management elected to early adopt Part I, and the amendments were retrospectively applied whereby

the amount related to this fund that was previously presented as contract value in the Plan's financial statements is now reported on the statement of net assets available for benefits with investments at fair value under the new guidance. Total net assets available for benefits does not change, and the adjustment from fair value to contract value that was previously reported is eliminated.

In accordance with the early adoption of Part II, the disclosures of individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation in fair value of investments by general type and the investment strategy for the Plan's investment measured at NAV have been removed, and the level of disaggregation of investments that are measured at fair value has been simplified by disaggregating investments by general type versus disaggregating by nature, characteristics and risks.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note E for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from these estimates, but the Plan administrator does not believe such differences will materially affect the Plan's financial position or results of operations.

Notes Receivable from Participants

Notes receivables from participants are valued at their outstanding balances of unpaid principal and accrued interest. Delinquent loans are reclassified as distributions based on the terms of the Plan document.

Payment of Benefits

Benefit distributions to participants are recorded when paid.

NOTE C - RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of funds managed by the Trustee.

The Company pays certain administrative costs of the Plan and provides certain administrative services to the Plan at a charge. The cost of providing these services constitutes exempt party-in-interest transactions under ERISA.

The Trustee provides certain administrative services to the Plan pursuant to a trust agreement between the company and the Trustee. The Trustee receives revenue from mutual fund and collective fund service providers for services the Trustee provides to the funds. This revenue is used to offset certain amounts owed to the Trustee for its administrative services to the Plan. If the revenue received by the Trustee from such fund service providers exceeds the amount owed under the trust agreement, the Trustee remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Company may make a payment to the Trustee for administrative expenses not covered by revenue sharing.

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2015 and 2014.

- Net investment loss and interest income on notes receivables from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE E - FAIR VALUE MEASUREMENTS

The fair value framework requires the categorization of assets and liabilities into three levels based upon the assumptions (inputs) used to price the assets or liabilities. Level 1 provides the most reliable measure of fair value; whereas, Level 3 generally requires significant management judgment. The three levels are defined as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets and liabilities.

Level 2 - Observable inputs other than those included in Level 1. For example, quoted prices for similar assets or liabilities in active markets or quoted prices for identical assets or liabilities in inactive markets.

Level 3 - Unobservable inputs reflecting management's own assumptions about the inputs used in pricing the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Money market funds and mutual funds - Valued at the quoted NAV of shares held by the Plan at year-end traded on an active market.

Collective trust fund - An investment formed from the pooling of investments by institutional investors. The Plan's interest in the Fidelity MIP collective trust is valued by the trustee based on the NAV of shares held by the Plan at year-end as practical expedient fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's net assets at fair value as of December 31 (in thousands):

	2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$4,030	$ -	$ -	$4,030
Money market funds	824	-	-	824
Total assets in fair value hierarchy	$4,854	$ -	$ -	4,854
Collective trust fund - stable value measured at NAV				147
Total investments measured at fair value				$5,001

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$3,622	$ -	$ -	$3,622
Money market funds	604	-	-	604
Total assets in fair value hierarchy	$4,226	$ -	$ -	4,226
Collective trust fund - stable value measured at NAV (1)				137
Total investments measured at fair value				$4,363

(1) The prior year number has been updated as a result of the adoption of ASU No. 2015-12. See note B.

NOTE F - INCOME TAXES

The Plan received a determination letter from the IRS on November 18, 2013, as to the qualified status of the plan under Section 401(a) of the IRC. The Company believes that the Plan is currently operated in compliance with the IRC and, therefore, is qualified, and the related trust is exempt from federal income taxes under Section 501(a) of the IRC. Accordingly, income taxes are not provided for in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31 (in thousands):

	2015	2014
Net assets available for benefits per the financial statements	$5,619	$4,898
Plus adjustment from contract value to fair value for interest in collective trust relating to fully benefit-responsive investment contracts	-	2
Net assets available for benefits per the Form 5500	$5,619	$4,900

The following is a reconciliation of increase in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2015 (in thousands):

Net increase in net assets available for benefits per the financial statements	$721
Less prior-year adjustment from contract value to fair value for interest in collective trust relating to fully benefit-responsive investment contracts	(2)
Net increase per the Form 5500	$719

NOTE I - SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events through October 11, 2016, the date the financial statements were available to be issued. The Plan administrator is not aware of any subsequent events that would require recognition or disclosure in the financial statements.
