CISION US INC. RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 1 - Description of the Plan

The following description of the Cision US Inc. Retirement Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a voluntary, defined contribution plan covering all employees of Cision US Inc. (the "Company" and the "plan sponsor"), except non-resident aliens, employees covered by a collective bargaining agreement, leased employees, seasonal employees and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). All employees who have completed at least one hour of service in 90 days following commencement date, as defined in the plan document, and are age 21 or older are eligible to participate. Effective December 31, 2015, there is a 3 month service requirement in order to participant in the Plan. Upon enrollment in the Plan, a participant may direct Company and their contributions to any combination of available investment options.

Contributions

Active participants may contribute up to 100% of annual compensation ("elective wage deferrals"), as defined in the plan document, up to the maximum limits of the Internal Revenue Code ("IRC"). Participants may also contribute amounts representing distributions from other qualified plans ("rollover contributions"). Effective December 31, 2015, there is an auto-enrollment feature whereby participants are enrolled at 6 percent of eligible compensation, except for those employees hired before December 31, 2015. The Plan also allows participants to make Roth elective deferrals. A participant's Roth elective deferrals and any gains and losses attributable to such deferrals, are separately accounted for by Alerus Financial N.A. and Fidelity Management Trust Company, the trustees, ("Trustees"). Roth elective deferrals may not be withdrawn for hardship or as part of an in-service distribution. For all other Plan purposes, Roth elective deferrals are treated in the same manner as elective wage deferrals. Contributions from the Company include matching contributions and a profit-sharing contribution. The Company makes safe harbor matching contributions equal to 100% of the first 3% of the elected participant wage deferral plus an additional 50% of deferrals up to 5%. Effective December 31, 2015, the Company makes a non-discretionary matching contribution of 50 percent of all participant contributions up to 6 percent of eligible compensation. The profit-sharing contribution, if any, is allocated to all participants in the proportion that the compensation of each participant bears on the total compensation of all participants eligible for profit sharing. Effective December 31, 2015, the Company may contribute a discretionary non-elective contribution to eligible employees. To qualify for the allocation, a participant must be an employee on the last day of the plan year. Profit sharing contributions are made at the discretion of the Company's Board of Directors. There was no profit sharing contribution for the year ended December 31, 2015. Company contributions are subject to the applicable limits of the IRC.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, the Plan's losses and earnings, and charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on a participant earnings, account balances, or specific participant transactions, as defined in the plan document.

NOTE 1 - Description of the Plan (cont.)

Vesting

For all previous Company contributions, prior to the transfer to Fidelity, participants are immediately vested in their contributions, the Company's contributions, and their earnings thereon. Effective December 31, 2015, matching and non-elective Company contributions and earnings thereon vest in accordance with the provisions of the Plan as follows:

<u>Vesting Years of Service</u>	<u>Percentage Vested</u>
Less than 1	0%
1	20%
2	40%
3	80%
4	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. These loans are secured by the balance in the participant's account and bear interest at a rate ranging from 3.25% to 5.25%, which is commensurate with local prevailing rates and is determined by utilizing prime lending rate plus 1%. Principal and interest is paid ratably through payroll deductions over periods of up to 60 months or greater for the purchase of a primary residence. Repayments of principal and interest balances are reinvested in the investment option(s) selected by the participant.

Payment of Benefits

Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment as defined in the plan document. The Plan provides for normal retirement at age 65. Retirement distributions may be delayed until April 1st following the year the participant reaches the age of 70 1/2 years. The total participant's account balance greater than \$5,000 is distributed in the form of a lump-sum payment or installments. Participant account balances less than \$5,000 are distributed in the form of a lump-sum payment. Participants experiencing financial hardship may withdraw a portion of this account balance if certain criteria are met, as defined in the plan document.

Transfers into the Plan

As of December 31, 2015, the Vocus 401(k) Plan and Gorkana, Inc 401(k) Plan were merged into the Plan, resulting in asset transfers into the Plan of \$23,158,141, of which \$1,710,148 was a receivable at December 31, 2015. The related receivables were received into the Plan on February 12, 2016.

Termination of Plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become fully vested in their account balances.

NOTE 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis and present the net assets available for plan benefits and changes in those assets in accordance with accounting principles generally accepted in the United States ("U.S. GAAP").

Use of Estimates

The preparation of the financial statements in accordance with U.S. GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. Refer to Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent participant loans are reclassified as benefit payments based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2 - Summary of Significant Accounting Policies (cont.)

Administrative Expenses

The Company may pay some plan administrative expenses with its own assets rather than using plan assets. To the extent the Company does not pay plan expenses with its own assets, the Plan generally will pay the expenses of plan administration and will assess the expenses paid against the accounts of all participants in the Plan. Expenses specifically attributable to individual participant accounts shall be paid from such accounts. Asset-based fees (e.g., management fees and other operating expenses) are used to cover the expenses related to running an investment fund, and are generally deducted directly from a participant's investment returns and included in the net depreciation of the fair value of investments.

Plan administration fees cover the day-to-day expenses of administering the Plan, and may be charged directly to a participant's account, covered by a portion of the asset-based fees deducted directly from investment returns, or paid through revenue-sharing payments made from investment managers to the record keeper.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board issued Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)* ("ASU 2015- 07"). ASU 2015-07 removes the requirement to include investments in the fair value hierarchy for which fair value is measured using the net asset ("NAV") value per share practical expedient under Accounting Standards Codification 820. ASU 2015-07 is effective for the Plan for years beginning after December 15, 2015, with early adoption permitted. Management has elected to early adopt the provisions of this new standard. Accordingly this provision is retrospectively applied.

In June 2015, the FASB issued ASU No. 2015-10, *Technical Corrections and Improvements*. ASU 2015-10 amends a wide range of Accounting Standards Codification topics to make clarifying changes, correct unintended application of guidance and make minor changes that are not expected to have a significant effect on current accounting practice or create a significant administrative cost on most entities. As part of this amendment, the FASB changed the definition of Readily Determinable Fair Value. This change was effective upon issuance. The adoption of ASU 2015-10 has been applied to the financial statements and related disclosures.

Recent Accounting Pronouncements (cont.)

In July 2015, the FASB issued Accounting Standards Update No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965) - I. Fully Benefit-Responsive Investment Contracts; II. Plan Investment Disclosures, and III. Measurement Date Practical Expedient* ("ASU 2015-12"). Part I of the accounting standards update requires fully-benefit responsive investment contracts to be measured, presented, and disclosed only at contract value. Part II of this update requires that investments be grouped only by general type, eliminating the need to disaggregate the investments in multiple ways. Part II also eliminates the disclosure of individual investments that represent 5 percent or more of net assets available for benefits and the disclosure of net appreciation or depreciation for investments by general type, requiring only presentation of net depreciation appreciation in investments in the aggregate. Additionally, if an investment is measured using the NAV per share (or its equivalent) practical expedient in Topic 820 and that investment is a fund that files a U.S. Department of Labor ("DOL") Form 5500, as a direct filing entity, disclosure of that investment's strategy is no longer required. Part III of the update permits plans to measure investments and investment-related accounts (e.g., a liability for a pending trade with a broker) as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end. The amendments in ASU 2015-12 are effective for fiscal years beginning after December 15, 2015, with early application permitted. The amendments within Parts I and II require retrospective application; whereas, the amendments within Part III should be applied prospectively. Management has elected to early adopt the provisions of Part II of this new standard. Accordingly these provisions are retrospectively applied. Management does not believe Parts I and III of this standard are applicable to the Plan.

NOTE 3 - Information Prepared and Certified by Trustee - Unaudited

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2015 and 2014. Accordingly, Fidelity Management Trust Company, the trustee of the Plan as of and for December 31, 2015, and Alerus Financial N.A, the trustee of the Plan as of December 31, 2015 and 2014, and for the year ended December 31, 2015, have certified to the completeness and accuracy of all investments reported in the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reported in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

NOTE 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- ◆ quoted prices for similar assets or liabilities in active markets;
- ◆ quoted prices for identical or similar assets or liabilities in inactive markets;
- ◆ inputs other than quoted prices that are observable for the asset or liability;
- ◆ inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observables and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds are valued at the NAV of units of the bank collective trusts. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trusts, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4 - Fair Value Measurements (cont.)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level, within the fair value hierarchy, the Plan's assets and liabilities at fair value as of December 31, 2015 and 2014:

Assets at fair value as of December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 37,617,274</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 37,617,274</u>
Investments measured at net asset value (a)				<u>1,723,845</u>
Investments at fair value				<u>\$ 39,341,119</u>
Assets at fair value as of December 31, 2014				
	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 17,805,398</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 17,805,398</u>
Investments measured at net asset value (a)				<u>1,514,892</u>
Investments at fair value				<u>\$ 19,320,290</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if currently eligible)</u>	<u>Redemption Notice Period</u>
Collective trust funds	\$ 1,514,892	None	Daily	12 months

NOTE 5 - Amount Owed to Participants Withdrawing From the Plan

There were no amounts owed to participants who had withdrawn from the Plan as of December 31, 2015 or 2014.

NOTE 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 - Concentrations

The Plan holds certain investments that represent 10% or more of the Plan's net assets available for benefits. As of December 31, 2015 there were no such investments. As of December 31, 2014, the Plan held six such investments totaling \$13,137,521.

CISION US INC. RETIREMENT PLAN AND TRUST

NOTES TO FINANCIAL STATEMENTS

As of December 31, 2015 and 2014 and for the Year Ended December 31, 2015

NOTE 8 - Related Party and Party-in-Interest Transactions

Fees incurred by the Plan for the investment manager services are included in net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The total amount of revenue sharing payments offset against plan expenses was \$5,915 for the plan year ended December 31, 2015. Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party-in-interest transactions. Certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receive compensation from the Plan.

NOTE 9 - Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated March 31, 2008, that the underlying nonstandard prototype plan and related trust are designed in accordance with applicable sections of the IRC. Although the plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and the related trust is tax-exempt.

US GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - Prohibited Transactions

During the 2015 plan year, the Plan sponsor failed to remit employee contributions to the Plan on a timely basis, which is a prohibited transaction under ERISA. The Plan sponsor has calculated the lost earnings to the participants and will contributed that amount to the Plan in order to correct the prohibited transactions.

NOTE 11 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Benefits payable at year end	<u>(10,068)</u>

NOTE 13 - Subsequent Events

The Plan has evaluated subsequent events through October 17, 2016, which is the date that the financial statements were approved and available to be issued, for events requiring recording or disclosure in the Plan's financial statements.

As of December 31, 2015, the Plan changed trustees from Alerus Financial N.A. to Fidelity Management Trust Company and, as a result, there was a blackout on the Fidelity platform in which participants were not allowed to initiate transactions. The blackout was lifted in February 2016.
