Independent Auditor's Report

The Board of Directors
Gerald Champion Regional Medical Center 401(k) Plan
Alamogordo, New Mexico

Report on the Financial Statements

We have audited the accompanying financial statements of Gerald Champion Regional Medical Center 401(k) Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the 2015 Financial Statements

Our responsibility is to express an opinion on the 2015 financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the 2015 financial statements.

Auditor's Responsibility for the 2014 Financial Statements

Our responsibility is to express an opinion on the 2014 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion on the 2014 Financial Statements* paragraph, however, we are not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion on the 2014 Financial Statements

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the investment assets held by Prudential Bank and Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustee and custodian of the Plan, and transactions in those assets were excluded from the scope of our audit of the Plan's 2014 financial statements, except for comparing the information provided by the trustee and custodian, which is summarized in Note 4, with the related information included in the financial statements.

Disclaimer of Opinion on the 2014 Financial Statements

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion on the 2014 Financial Statements* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the 2014 Financial Statements.

Opinion on the 2015 Financial Statements

In our opinion, the financial statements referred to above, of Gerald Champion Regional Center 401(k) Plan as of December 31, 2015, and for the year then ended, present fairly in all material respects, the net assets available for benefits of the Plan as of December 31, 2015, and the changes in net assets available for benefits for the year ended December 31, 2015 in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2 to the financial statements, as of December 31, 2015 and 2014 and for the year ended December 31, 2015, the Plan adopted the new accounting guidance in Accounting Standards Update 2015-12 "Plan Accounting: (Topics 962 and 965) - (Part I): Fully Benefit-Responsive Investment Contracts" to record the fully benefit-responsive investment contract at contract value in the statements of net assets available for benefits. Further, the Plan adopted the new accounting guidance in Accounting Standards Update 2015-12 "Plan Accounting (Topics 960, 962 and 965) – (Part II): Plan Investment Disclosures" to simplify the investment disclosure requirements. Our opinion on the 2015 financial statements and our disclaimer of opinion on the 2014 financial statements is not modified with respect to this matter.

Report on Supplemental Schedule

Our audit of the plan's financial statements as of and for the year ended December 31, 2015, was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule H, Line 4i – Schedule of Assets Held at End of Year as of December 31, 2015, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan's management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the 2015 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Report on Form and Content of the 2014 Financial Statements in Compliance with DOL Rules and Regulations

The form and content of the information included in the 2014 financial statements, other than that derived from the information certified by the trustee and custodian, Prudential Bank and Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Security Act of 1974.

Note 1 - Description of Plan

The following brief description of the Gerald Champion Regional Medical Center 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Gerald Champion Regional Medical Center (the Company) except for individually designated contract employees. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan if they have completed three months of service and are 18 years of age.

Entry Date

Employees may enter the Plan on the first day of each month coinciding with or following the date they satisfy the Plan's eligibility requirements.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Contributions are subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). During 2015, the Company matched 50% of the first 6% of participant's elective deferral. Additional amounts may be contributed at the discretion of the Company's board of directors. No such additional discretionary contributions were made for the year ended December 31, 2015.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and the Company's discretionary matching contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant's earnings, account balances or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment to the Plan, a participant may direct deferrals and employer discretionary contributions in any funds offered by the Plan. Participants may change their investment options daily. The Company and the Plan offer educational resources to participants to assure participants are provided information to make informed investment decisions.

Vesting

Participants are immediately vested in all contributions plus actual earnings thereon.

Forfeitures

At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$56,202 and \$110,045, respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2015, employer contributions were reduced by \$85,438 from forfeited non-vested accounts.

Payment of Benefits

Participants may elect to receive either a lump-sum amount equal to the value of their vested interest or annual installments as defined in the Plan Document upon retirement, termination of service, death or disability. A terminated employee with a balance of less than \$1,000 may be automatically paid out by the Plan upon termination. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified Individual Retirement Account. Distributions may be made as a hardship as defined in the Plan document.

Death Benefits

The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 2 - Significant Accounting Policies and Use of Estimates

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Recent Accounting Guidance

The Plan adopted the provisions of Accounting Standards Update (ASU) 2015-12 (Part I), “Plan Accounting (Topics 962 and 965): Fully Benefit-Responsive Investment Contracts” and (Part II): “Plan Investment Disclosures”. This ASU designates contract value as the only required measure for fully benefit-responsive investment contracts and removes the adjustment to reconcile contract value to fair value in the statement of net assets available for benefits, plus simplifying the investment disclosure requirements. The Plan has adopted this standard as Plan management believes this presentation is more relevant to the users of the financial statements. Accordingly, the accounting change has been retrospectively applied to the prior period presented, as required.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan’s gains and losses on investments bought and sold as well as those held during the year.

The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Payments of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan Document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation in fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 3 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds – Valued at the fair value based on the quoted net asset value (NAV) of shares held by the Plan at year end.

Pooled Separate Accounts – Valued at fair value based on NAV of the observable market prices of the underlying assets within that account less liabilities.

Gerald Champion Regional Medical Center 401(k) Plan

Notes to Financial Statements

December 31, 2015 and 2014

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	2015			Total
	(Level 1)	(Level 2)	(Level 3)

The EasyPath® Funds are a suite of twelve multi-asset class target-date funds designed to be integrated with the Prudential IncomeFlex Target® retirement income solution – a group variable annuity offered as a retirement plan option that features a guaranteed minimum withdrawal benefit for an additional fee. Most of the underlying investments highlight Prudential Retirement Insurance and Annuity Company (PRIAC) investment core competencies in traditional and non-traditional asset classes. Eleven of the Funds in the suite are managed to specific target dates – 2010, 2015, 2020, 2025, 2030, 2035, 2040, 2045, 2050, 2055 and 2060 and the twelfth (IncomeFlex Target® EasyPath® Balanced Fund) is designed for current retirees. The EasyPath 2010 - 2060 Fund's active strategic asset allocation strategy allows investors who expect to retire and begin withdrawing their money between years 2012 and 2058 to remain in a single fund through every life stage.

The Target® EasyPath® 2010-2060 Funds (hereinafter “The Funds”) is intended to provide a disciplined and diversified investment solution for defined contribution plan participants. The asset allocations and glide path are designed to maximize the potential that the participant’s account balance, in conjunction with the Prudential IncomeFlex Target® guarantees, will provide a reliable source of lifetime income. The Prudential IncomeFlex Target® guarantees are supported by the general account of Prudential Retirement Insurance and Annuity Company; the Fund itself provides no guarantees. There is no assurance the objectives of the Fund will be met.

The EasyPath Balanced Fund is intended to provide a disciplined and diversified investment solution for defined contribution plan participants. The asset allocation is designed to increase the potential that the participant’s account balance, in conjunction with the Prudential IncomeFlex Target® Guarantees, will provide a reliable source of lifetime income. The Prudential IncomeFlex Target® Guarantees are supported by the general account of Prudential Retirement Insurance and Annuity Company; the asset allocation fund itself provides no guarantees. There is no assurance the objectives of the Fund will be met.

Note 4 - 2014 Information Certified by the Trustee and Custodian

In 2014, the Plan administrator elected the method of compliance permitted by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, as permitted under such election, no independent auditing procedures were performed with respect to the information certified as complete and accurate by Prudential Bank and Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustee and custodian of the Plan.

The Plan trustee and custodian certified its statement of accounts as of December 31, 2014. The statement of accounts includes beginning and ending balances of investments held and detail of all transactions during the period, including investment earnings.

Note 5 - Tax Status

The Plan uses a prototype plan document sponsored by Prudential Insurance Company of America (Prudential), which received an opinion letter from the Internal Revenue Service (IRS), dated March 31, 2008, stating that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS; however, the Plan’s management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan’s financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

Note 6 - Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract (GIC) with Prudential. Prudential maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.5%. Such interest rates are reviewed on a quarterly basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2015 and 2014 was \$1,678,387 and \$1,486,458, respectively

Generally there are no events that would limit the ability of the plan to transact at contract value. However, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include the issuer determines that the continued operation of the GIC is no longer commercially desirable and the issuer notifies all investors that they are terminating the GIC. There may be a 90 day waiting period after notice of termination.

Note 7 - Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts and a guaranteed investment contract managed by Prudential Bank and Trust, F.S.B. and Prudential Retirement Insurance and Annuity Company, the trustee and custodian as defined by the Plan. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are exempt party-in-interest transactions under ERISA.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Excess Contributions Payable

Amounts payable to participants for contributions in excess of nondiscrimination provisions are recorded as a liability with a corresponding reduction to contributions. The amount of excess contributions was \$21,370 for the year ended December 31, 2014.
