NOTE A - DESCRIPTION OF PLAN

The following description of Craig Technologies 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of Craig Technologies (the "Company"). There is no age requirement for any employees as defined by the Plan. There is no service requirement for salaried employees and hourly employees who are regularly scheduled to work 37.50 to 40 hours or more per week. For hourly employees who are regularly scheduled to work 30 to 37.50 hours per week, there is a 90 day service requirement. For hourly employees who are regularly scheduled to work less than 30 hours per week, there is a 180 day service requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and the Internal Revenue Service ("IRS") limitations.

2. Contributions

Each year, participants may contribute pre-tax annual compensation and Roth elective deferrals as defined in the Plan and subject to ERISA limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their accounts into various investment options offered by the Plan. The Plan currently offers numerous mutual funds as investment options for participants.

The Company adopted a safe harbor provision which required a match of 100% of the first 3%, and 50% of the next 2% of base compensation that a participant contributed to the Plan. For the year ended December 31, 2015, the Company made a safe harbor matching contributions of $909,487. Contributions are subject to certain limitations.

3. Forfeitures

Forfeitures shall be used first to reduce employer contributions; then to reduce Plan expenses. Forfeited nonvested accounts totaled $1,067 and $106 at December 31, 2015 and 2014, respectively.

4. Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of a) the Company's contributions, b) Plan earnings and c) administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE A - DESCRIPTION OF PLAN (continued)

5. Vesting

The Company adopted a safe harbor provision whereby all Company contributions are immediately vested.

6. Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rate of 4.25%, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions.

7. Payment of benefits

On termination of service, attainment of retirement age, disability or hardship, benefits paid out are lump-sum in an amount equal to the value of the participant's vested interest in his or her account.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

2. Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

3. Investments, valuation, and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

4. Notes receivable from participants

Note receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses have been recorded as of December 31, 2015 or 2014. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

5. Payment of benefits

Benefits are recorded when paid.

6. Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

7. Change in accounting policy

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-12, Plan Accounting (Topics 960, 962 and 965), which includes updates to certain accounting and disclosure requirement for employee benefit plans. This update is divided into three separate parts, each of which can be implemented independently. The Plan has elected to implement Part II of this update, which eliminates certain disclosure requirements for employee benefit plans. As such, disclosures which were previously included within the financial statements for the plan have been eliminated. The implementation of this guidance has no effect on the statements of net assets available for benefits or the statement of changes in net assets available for benefits.

NOTE C - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The December 31, 2015 Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Capital Bank and Trust Company, the trustee of the Plan, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of $13,298,153 at December 31, 2015, and related investment income of $18,241 for the year then ended. In addition, notes receivable from participants are also certified by the trustee.

NOTE D - RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

During the year, Plan investments were managed by the Capital Bank and Trust Company. Capital Bank and Trust Company served as trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. Capital Bank and Trust Company is also related to American Funds, which is the issuer of many mutual funds held by the Plan. The transactions primarily consist of management fees directly charged on a daily basis through the individual funds. It is impractical to estimate the fees directly paid by participants of the Plan.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Fees paid by the Plan for administrative expenses amounted to $6,339 for the year ended December 31, 2015.

All these party-in-interest transactions are exempt from prohibited transaction rules of ERISA.

NOTE E - INCOME TAX STATUS

The Plan obtained its latest determination letter on March 16, 2010, in which the IRS stated that the Plan, as then designed was in compliance with the applicable sections of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

The Plan adheres to the provisions FASB ASC 740, *Income Taxes* (ASC 740), which establishes rules for recognizing and measuring tax positions taken in an income tax return, including disclosures of uncertain tax positions (“UTPs”). ASC 740 mandates that companies evaluate all material income tax positions for periods that remain open under applicable statutes of limitation, as well as positions expected to be taken in future returns. The UTP rules then impose a recognition threshold on each tax position. A plan can recognize an income tax benefit only if the position has a "more likely than not" (i.e. more than 50 percent) chance of being sustained on the technical merits.

NOTE E - INCOME TAX STATUS (continued)

For the years ended December 31, 2015 and 2014, the Plan has taken no material tax positions on its applicable tax filings that do not meet the more likely than not threshold. As a result, no amount for UTPs has been included in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities, which are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - FAIR VALUE MEASUREMENTS

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosure*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

NOTE H - FAIR VALUE MEASUREMENTS (continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of the unobservable inputs.

NOTE H - FAIR VALUE MEASUREMENTS (continued)

Following is a description of the valuation methodologies used for assets measured at fair value

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2015

	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	$ 13,298,153	$ -	$ -	$ 13,298,153
Total investment assets at fair value	$ 13,298,153	$ -	$ -	$ 13,298,153

2014

	Level 1	Level 2	Level 3	Total
Assets:				
Mutual funds	$ 11,554,345	$ -	$ -	$ 11,554,345
Total investment assets at fair value	$ 11,554,345	$ -	$ -	$ 11,554,345

NOTE I - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The attached financial statements report notes receivables from participants as a receivable to the Plan, while Form 5500 reports these balances as a general investment on Schedule H. This represents a classification difference and the reported amounts per financial statements and Form 5500 agree as of December 31, 2015 and 2014.

NOTE J - SUBSEQUENT EVENTS

The Plan changed the trustee and third party administrator during April 2016. The Plan transferred the investment contract from Capital Bank and Trust Company as trustee, and Blue Ridge ESOP Associates as the third party administrator services provider. The new service providers are Empower Retirement as trustee and MyBenefits as third party administrator.

The Plan's Administrator has evaluated subsequent events through October 14, 2016, the date the financial statements were available to be issued, and has determined that no additional material events occurred that would require disclosure.
