1. Description of the Plan

The following description of the Fox Merchandising International, Inc. Salary Deferral Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, a defined contribution savings plan intended to qualify under Section 401(a) and related provisions of the Internal Revenue Code, was established on January 1, 1996. The Plan is designed to provide participants with a means to defer a portion of their compensation for retirement and to provide benefits in the event of disability, death, termination or financial hardship. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), and subsequent laws.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Trustee and recordkeeping services were provided by John Hancock Life Insurance Company. Certain administrative expenses of the Plan were paid directly by the Company for the year ended December 31, 2015. Investment fees, which may vary according to the individual funds selected, are paid out of the assets of the Plan. Participants should refer to the prospectus of the individual investment funds for further details on individual investment fees.

Eligibility

All employees of Fox Merchandising, Inc., (the "Company") are eligible to participate in the Plan once they have reached twenty one years of age and one year of service worked except for (1) members of a collective bargaining unit where retirement benefits were the subject of good faith bargaining (2) non-resident aliens with no U.S. source income (3) employees that were acquired in an acquisition, merger, or similar transactions, and (4) employees of Fox Hollow Construction.

Contributions

Participants may elect to contribute amounts up to 100% of their annual compensation as defined by the Plan in pre-tax or post-tax contributions up to a maximum amount allowed by the Internal Revenue Code ("IRC"), which was $18,000 in 2015. Employees over the age of 50 may contribute an additional $6,000 catch-up contribution to the Plan for 2015. Participants may also elect to roll over contributions from other qualified employer-sponsored retirement plans.

The Plan provides employer matching contributions equal to 100% of the first 4% of participant deferrals.

1. Description of the Plan (continued)

Contributions (continued)

All contributions are paid to the trustee for investment in the appropriate investment fund or portfolio in accordance with the participant's directives and the terms of the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, and allocations of employer matching contributions, Plan earnings and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions, rollover contributions, and actual earnings thereon. Vesting in the employer matching contributions occurs in full after six years of credited service, as defined. A year of credited service is based on an employee's start date with the Company.

Forfeited accounts

At December 31, 2015 and 2014, there were no forfeited non-vested amounts. Forfeitures of employer contributions will first be used to reinstate participant accounts, as applicable, then to reduce plan expenses, if any, and then be used to reduce future employer matching contributions to the Plan. No forfeited amounts were used in 2015.

Payment of benefits

Distribution and withdrawals are payable upon retirement, termination, financial hardship, disability or death. Distributions are paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan, or installment distributions. If a participant's account balance is equal to or less than $5,000, the balance is distributed immediately in a lump-sum cash payment.

Notes receivable from participants

Under the terms of the Plan, participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of the value of their vested account balance. All loans must be repaid within five years unless the loan is for the purchase of a primary residence for which the loan term may exceed five years. The loans are secured by the balance in the participant's account and bear interest at a rate equal to Prime plus 1%. Loans bear interest at 4.25% through 2017. All loans become immediately payable in the event of default, death, disability, or termination of employment.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual method of accounting and in accordance with the provisions of ERISA.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Investment valuation and income recognition

The Plan's investments are stated at fair value as determined by quoted market prices of the underlying investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is accrued when earned and dividends are recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

2. Summary of Significant Accounting Policies (continued)

Fair value measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. The Plan determines the fair values of its assets and liabilities based on a fair value hierarchy that includes three levels of inputs that may be used to measure fair value (Level 1, Level 2 and Level 3). Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date. An active market is a market in which transactions occur with sufficient frequency and volume to provide pricing information on an ongoing basis. Level 2 inputs are inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. Level 3 inputs are unobservable inputs for the asset or liability. Unobservable inputs reflect the Plan's own assumptions about the assumptions market participants would use in pricing the asset or liability (including assumptions about risk). Unobservable inputs are developed based on the best information available in the circumstances and may include the Plan's own data.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

The Plan administrator has evaluated subsequent events through October 17, 2016, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements.

3. Information Prepared and Certified by Trustee

In accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the trustee certified information regarding the cost and fair value of all investments and notes receivable from participants held at December 31, 2015 and 2014, and investment and notes receivable from participants transactions entered into during the year ended December 31, 2015, which were used in the preparation of the accompanying financial statements and supplemental schedule.

4. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the full value of each participant's account shall become fully vested and non-forfeitable.

5. Party-in-Interest Transactions

Certain Plan investments are held in funds managed by John Hancock Life Insurance Company. Any purchases and sales of these funds are performed in the open market. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

6. Fair Value Measurements

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2015 (Level 1, 2 and 3 inputs are defined above):

Fair Value Measurements Using Input Type	Level 1	Level 2	Level 3	Total
Money market funds	$14,424	$ -	$ -	$ 14,424
Pooled separate accounts	-	1,878,970	-	1,878,970
Total	$14,424	$1,878,970	$ -	$1,893,394

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2014:

Fair Value Measurements Using Input Type	Level 1	Level 2	Level 3	Total
Money market funds	$137	$ -	$ -	$ 137
Pooled separate accounts	-	1,595,927	-	1,595,927
Total	$137	$1,595,927	$ -	$1,596,064

The Plan's valuation methodology used to measure the fair value of pooled separate accounts was determined using quoted market prices of the underlying investments from active markets as reported by John Hancock Life Insurance Company, which are principally marketable equity and fixed income securities.

7. Income Tax Status

The Internal Revenue Service has determined and informed John Hancock Life Insurance Company by an opinion letter dated March 31, 2014, that its prototype plan was designed in accordance with applicable sections of the IRC.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon an examination by the Internal Revenue Service. No uncertain positions have been identified that would require the recognition of a tax liability (or asset) or disclosure in the financial statements as of December 31, 2015. The Plan is subject to routine audits by applicable taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
