## **1. DESCRIPTION OF PLAN:**

The following description of the Family Health, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

### **General**

The Plan is a defined contribution plan covering all eligible employees of Family Health, Inc. (the Company or Employer). Any employee who is at least age 19 years old is eligible to participate in the Plan. Eligible employees may enter the Plan on the first day of the month following the completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### **Contributions**

Employee 401(k) contributions may be made by salary reduction for each pay period of eligible participation in the Plan. These contributions are not to exceed 60 percent of annual compensation, as defined in the Plan, and may be made pre-tax or after-tax. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make a discretionary contribution which is allocated to all eligible participants based on compensation. For the year ended March 31, 2016 the discretionary contribution was equal to 8.44% of the first \$36,000 of a participant's wages plus 11.84% of the amount of the participant's wages greater than \$36,000.

### **Participant accounts**

Each participant's account is credited with the participant's contributions, Company contributions, net earnings and losses, forfeitures, distributions and withdrawals. Company contributions and forfeitures are allocated based on participant contributions or account balances as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately and distinctly into which investments the participant contribution and discretionary contribution is to be invested.

### **Vesting**

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the remainder of their account, plus actual earnings thereon, is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

### **Payment of benefits**

On termination of service due to death, disability, or retirement, or termination of employment a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants who have reached age 59 1/2 may also elect to take an in-service distribution of the vested interest in his or her account. If the participant's account balance is \$1,000 or less, the Plan Administrator may elect to automatically distribute the balance to the participant in a single-sum payment. In addition, participants may receive distributions of the employee deferral amount for qualified financial hardships.

**Forfeited Accounts**

At March 31, 2016 and 2015, forfeited nonvested accounts totaled \$4,465 and \$15,756 respectively. These accounts will be used first to pay administrative expenses, and any remaining amounts are to be allocated to participants' accounts in the same manner as employer profit sharing contributions. Forfeitures in the amount of \$13,930 were used to pay Plan expenses and \$28,152 were allocated to participants' accounts during 2016.

**2. SUMMARY OF ACCOUNTING POLICIES:****Basis of accounting**

The financial statements of the plan are prepared on the accrual basis of accounting.

**Use of estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of benefits**

Benefits are recorded when paid.

**Expenses**

Administrative expenses are paid directly by the Company to the extent not paid by the Plan, and the Plan participants will bear the responsibility of the remaining expenses. Investment related expenses are included in net appreciation of fair value of investments.

**Accounting change**

Recently issued accounting pronouncements—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan has elected to early adopt Part II of ASU 2015-12, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

**Reclassifications**

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

**Subsequent events**

The plan has evaluated subsequent events through August 18, 2016, the date the financial statements were available to be issued.

**3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:**

The Plan management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of March 31, 2016 and 2015, and the supplemental schedule of assets (held at end of year) as of March 31, 2016; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended March 31, 2016.

**4. FAIR VALUE MEASUREMENTS:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2016 and 2015.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of March 31, 2016 and 2015:

| <u>Assets at fair value as of March 31, 2016</u> |                      |                |                |                   |

## 5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are managed by Fidelity Investments. Fidelity Management Trust Company is affiliated with Fidelity Investments, and is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Professional fees for the administration and audit of the Plan were paid by the Company. Fees paid by the Plan and participants to Fidelity Management Trust Company totaled \$14,608 for the year ended March 31, 2016. These fees qualify as party in interest transactions.

## 6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

## 7. TAX STATUS:

The Internal Revenue Service issued an opinion dated March 31, 2014 stating that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

## 8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

## **1. DESCRIPTION OF PLAN:**

The following description of the Family Health, Inc. Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

### **General**

The Plan is a defined contribution plan covering all eligible employees of Family Health, Inc. (the Company or Employer). Any employee who is at least age 19 years old is eligible to participate in the Plan. Eligible employees may enter the Plan on the first day of the month following the completion of the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### **Contributions**

Employee 401(k) contributions may be made by salary reduction for each pay period of eligible participation in the Plan. These contributions are not to exceed 60 percent of annual compensation, as defined in the Plan, and may be made pre-tax or after-tax. Participants may also contribute amounts representing distributions from other qualified plans. The Company may make a discretionary contribution which is allocated to all eligible participants based on compensation. For the year ended March 31, 2016 the discretionary contribution was equal to 8.44% of the first \$36,000 of a participant's wages plus 11.84% of the amount of the participant's wages greater than \$36,000.

### **Participant accounts**

Each participant's account is credited with the participant's contributions, Company contributions, net earnings and losses, forfeitures, distributions and withdrawals. Company contributions and forfeitures are allocated based on participant contributions or account balances as defined by the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs both separately and distinctly into which investments the participant contribution and discretionary contribution is to be invested.

### **Vesting**

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the remainder of their account, plus actual earnings thereon, is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

### **Payment of benefits**

On termination of service due to death, disability, or retirement, or termination of employment a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants who have reached age 59 1/2 may also elect to take an in-service distribution of the vested interest in his or her account. If the participant's account balance is \$1,000 or less, the Plan Administrator may elect to automatically distribute the balance to the participant in a single-sum payment. In addition, participants may receive distributions of the employee deferral amount for qualified financial hardships.

**Forfeited Accounts**

At March 31, 2016 and 2015, forfeited nonvested accounts totaled \$4,465 and \$15,756 respectively. These accounts will be used first to pay administrative expenses, and any remaining amounts are to be allocated to participants' accounts in the same manner as employer profit sharing contributions. Forfeitures in the amount of \$13,930 were used to pay Plan expenses and \$28,152 were allocated to participants' accounts during 2016.

**2. SUMMARY OF ACCOUNTING POLICIES:****Basis of accounting**

The financial statements of the plan are prepared on the accrual basis of accounting.

**Use of estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment valuation and income recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of benefits**

Benefits are recorded when paid.

**Expenses**

Administrative expenses are paid directly by the Company to the extent not paid by the Plan, and the Plan participants will bear the responsibility of the remaining expenses. Investment related expenses are included in net appreciation of fair value of investments.

**Accounting change**

Recently issued accounting pronouncements—The Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, "Plan Accounting: Defined Contribution Pension Plans (Topic 962): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, and (Part III) Measurement Date – Practical Expedient." ASU 2015-12 simplifies disclosures and reporting by employee benefit plans. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with earlier adoption permitted. The Plan has elected to early adopt Part II of ASU 2015-12, applied retrospectively to all periods presented. This change has no impact on net assets available for benefits.

**Reclassifications**

Certain amounts in the 2015 financial statements have been reclassified to conform to the 2016 presentation.

**Subsequent events**

The plan has evaluated subsequent events through August 18, 2016, the date the financial statements were available to be issued.

**3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE:**

The Plan management has elected the method of compliance permitted by 29 CFR2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of March 31, 2016 and 2015, and the supplemental schedule of assets (held at end of year) as of March 31, 2016; the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended March 31, 2016.

**4. FAIR VALUE MEASUREMENTS:**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2016 and 2015.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of March 31, 2016 and 2015:

| <u>Assets at fair value as of March 31, 2016</u> |                      |                |                |                   |

## 5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan investments are managed by Fidelity Investments. Fidelity Management Trust Company is affiliated with Fidelity Investments, and is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest transactions. Professional fees for the administration and audit of the Plan were paid by the Company. Fees paid by the Plan and participants to Fidelity Management Trust Company totaled \$14,608 for the year ended March 31, 2016. These fees qualify as party in interest transactions.

## 6. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

## 7. TAX STATUS:

The Internal Revenue Service issued an opinion dated March 31, 2014 stating that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

## 8. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
