Independent Auditor's Report

Plan Administrator
Kahlig Enterprises, Inc. dba Bluebonnet Motors 401(k) Plan
New Braunfels, Texas

We were engaged to audit the accompanying financial statements of **Kahlig Enterprises, Inc. DBA Bluebonnet Motors 401(k) Plan** (the "Plan"), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2015 and 2014, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Global Trust Company and Great-West Trust Company, LLC, the trustees of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the Plan administrator that Great-West Trust Company, LLC held the Plan's investment assets as of December 31, 2015 and executed investment transactions from October 9, 2015 to December 31, 2015, and that Global Trust Company held the Plan's investments as of December 31, 2014 and executed investment transactions from January 1, 2015 to October 8, 2015. The Plan administrator has obtained certifications from the trustees as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the Plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Changes in Accounting Principles

As discussed in Note 2 to the financial statements, for the year ended December 31, 2015 management has adopted the provisions of Financial Accounting Standards Board Accounting Standards Update ("ASU") No. 2015-12, which simplifies financial reporting requirements for employee benefit plans, and Financial Accounting Standards Board Accounting Standards Update ("ASU") No. 2015-07, which removes the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using net asset value per share as a practical expedient. Our opinion is not modified with respect to these matters.

Other Matter

The supplemental Schedules of Assets (Held at End of Year) as of December 31, 2015 and Delinquent Participant Contributions for the year then ended are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. **Description of the Plan**

The following description of the Kahlig Enterprises, Inc. dba Bluebonnet Motors 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Kahlig Enterprises, Inc. dba Bluebonnet Motors (the "Company") who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective October 9, 2015, the recordkeeping and custodial functions were transferred to Empower Retirement/Great-West Life & Annuity Insurance Company (Empower). The Plan engaged Great-West Trust Company, LLC as the trustee. All assets of the Plan were transferred to Empower on October 9, 2015.

Contributions: Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined by the Plan. Participants may also make after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan provides for automatic enrollment. Any newly eligible employee who has not affirmatively elected to contribute to the Plan or has not affirmatively declined to participate in the Plan will be automatically enrolled in the Plan with a three percent withholding of pretax annual compensation. The Company may make discretionary matching contributions. An allocation is made to each participant who is employed with the Company on the last day of the Plan year based on the first $6,000 of salary deferrals contributed by the participant during the Plan year, and allocated based upon the employee's deferrals compared to total eligible employee deferrals. The Company made discretionary matching contributions of $190,000 in 2015. Non-elective amounts may also be contributed at the discretion of the Company. Participants must be employed on the last day of the Plan year to receive an allocation of any discretionary non-elective contributions. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, if any, the Company's discretionary non-elective contributions, if any, and Plan earnings. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's discretionary non-elective contributions, if any, are based on the ratio of the participant's eligible compensation to total eligible compensation. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus one percent. Principal and interest are paid through payroll deductions.

Payment of benefits: Benefits are payable upon retirement at age 65, early retirement at age 55 with seven years of service, death, disability or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Withdrawals from after-tax contributions are permitted at any time. Benefits are payable in lump sum payments, installments, or, if qualified, as an annuity.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company discretionary matching and non-elective contributions is based on years of continuous service. A participant is 10 percent vested after one year of service is completed, 20 percent vested after two years of service is completed, and vests an additional 20 percent per year until full vesting after six years.

Forfeited accounts: At December 31, 2015 and 2014, forfeited nonvested accounts totaled $1,451 and $7,219, respectively. Forfeitures are reallocated to participants in the same manner as a Company discretionary matching contribution. During 2015, $7,219 of forfeited nonvested accounts were reallocated to participants.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account and are included in administrative expenses.

2. **Significant accounting policies**

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

New accounting standards adopted: In July 2015, the FASB issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.* Part I eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively. Management has elected to early adopt Parts I and II and has applied these provisions to the accompanying financial statements as of December 31, 2015 and 2014 and for the year ended December 31, 2015.

In May 2015, the FASB issued ASU 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent).* The amendments in this ASU remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. Rather, those disclosures are limited to investments for which the entity has elected to measure the fair value using that practical expedient. The amendments in this ASU are effective for public business entities for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. For all other entities, the amendments in this ASU are effective for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. A reporting entity should apply the amendments retrospectively to all periods presented. Early adoption is permitted. Management has elected to early adopt this ASU in the accompanying financial statements as of December 31, 2015 and 2014.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through October 10, 2016, which is the date the financial statements were available to be issued.

3. Certified information

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Global Trust Company and Great-West Trust Company, LLC, the trustees, have certified as to the completeness and accuracy of all investment balances, related investment activity, notes receivable from participants, and related interest income from notes receivable from participants reflected in the accompanying financial statements and supplemental schedules, summarized as follows:

	2015	2014
Investments, at fair value	$ 7,297,548	$ 7,683,111
Notes receivable from participants	$ 428,060	$ 441,788
Interest and dividend income	$ 47,806	
Net depreciation in fair value of investments	(180,161)	
Total investment loss	$ (132,355)	
Interest income from notes receivable from participants	$ 17,995	

4. Fair value measurements

The Plan reports its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

The fair value of the shares of mutual funds owned by the Plan is based on quoted net asset values on the last business day of the Plan year.

The fair value of common collective trust funds is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the trust funds. The NAV of the common collective trusts is used as a practical expedient to estimate fair value and is determined by the trustee based on the fair value of underlying assets in the trusts, less the liabilities.

The fair value of assets is as follows:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,159,300	$ -	$ -	$ 1,159,300
Total assets within the fair value hierarchy	$ 1,159,300	$ -	$ -	1,159,300
Investments measured at net asset value[a]				6,138,248
Total assets at fair value				$ 7,297,548

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Total assets within the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value[a]				7,683,111
Total assets at fair value				$ 7,683,111

(a) In accordance with ASU 2015-07, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2015 and 2014 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investments in all common collective trust funds, except the Drive Income Fund, can be redeemed each business day at the current net asset value. Redemptions from the Drive Income Fund for participant withdrawals are permitted each business day. Plan level redemptions from this fund require 90 days written notice. There are no other withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2015 or 2014.

5. Risks and uncertainties

The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.

6. Tax status

Prior to October 9, 2015, the Plan was a prototype plan of National Automobile Dealers Association Retirement Administrators, Inc., which received an opinion letter on March 31, 2008, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). The Plan was amended after receiving that letter. Effective October 9, 2015, the Plan is a prototype plan of Great-West Trust Company, LLC, which received an opinion letter on March 31, 2014, in which the IRS stated that the form of the plan document was acceptable under the applicable requirements of the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

8. Party-in-interest transactions

Certain Plan investments were managed by Global Trust Company and Great-West Trust Company, LLC, the trustees. The transactions in these investments qualify as exempt party-in-interest transactions.

During 2015, the Company failed to remit to the trustees certain employee contributions and loan repayments totaling $24,934 within the period prescribed by Department of Labor regulations. These delinquent remittances are considered nonexempt party-in-interest transactions. The Company intends to make corrective contributions to the Plan in 2016 to compensate affected participants for lost earnings on the delinquent contributions.

9. Reconciliation to Form 5500

The following is a reconciliation of amounts in the financial statements to Form 5500 as of December 31, 2015 and 2014 and for the year ended December 31, 2015:

	2015	2014
