1. Description of the Plan

The following description of the Codale Electric Supply, Inc. (the Plan Sponsor, Company, or Employer) Salary Deferral Plan (the Plan) provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

The Plan is a multiple employer plan as described in Internal Revenue Code (IRC) Section 413(c). The Plan Sponsor is the primary employer in the Plan, and its subsidiary, Codale Energy Services and Supply, LLC, is an adopting employer.

General

The Plan is a defined contribution plan which covers full-time employees who have completed 12 consecutive months of service and are age 18 or older. The Plan was established effective April 1, 1987, is intended to be a qualified retirement plan under the IRC, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Contributions are made to the Plan by both employees and the Plan Sponsor. Participating employees may contribute up to 20% of their annual eligible compensation, subject to the maximum amount allowable under the IRC of $18,000 for the year ended December 31, 2015. Participants may also make contributions by rollover of distributions from other qualified retirement plans. Participants who attained age 50 before the end of the 2015 year were eligible to make catch-up contributions of up to $6,000. Participants direct the investment of their contributions and related employer matching contributions into various investment options offered by the Plan.

The Plan Sponsor may make discretionary matching contributions to the Plan for the benefit of each eligible participant at the option of the Plan Sponsor's board of directors. During the year ended December 31, 2015, the Plan Sponsor elected to make a discretionary matching contribution to each eligible participant in an amount equal to $0.50 for each dollar of participant contributions, provided that the participant was an employee of the Plan Sponsor on December 31, 2015. Additionally, the Plan may make other discretionary contributions to non-highly compensated employees that are allocated proportionally based on those employees' compensation in relationship to total compensation. No other discretionary contributions were made during the year ended December 31, 2015.

1. Description of the Plan
Continued

Participant Accounts
Each participant's account is adjusted for the participant's contributions, the Employer's contributions, and an allocation of earnings or losses and administrative expenses specifically identified with the participant's investment account. The benefit to which a participant is entitled is the vested balance in the participant's account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in employer contributions plus the earnings thereon is based on years of service. Participants vest in employer contributions as follows:

Years of Service	Vested Interest
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Forfeitures
Forfeitures of non-vested participant account balances may be used to offset future employer contributions or to pay administrative expenses. The forfeitures balance was $9,851 and $85,778 as of December 31, 2015 and 2014, respectively. New forfeitures added during 2015 totaled $20,929. During 2015, forfeited amounts of $80,288 were used to fund employer contributions and $15,416 was used to pay administrative expenses. Investment losses on the forfeitures account totaled $1,152 for 2015.

Payment of Benefits
Upon a participant's death, disability, retirement, or termination of employment, a participant or his/her beneficiaries may receive either a lump-sum amount equal to the vested benefits in his/her account, or annual installments over the expected life of the participant or the participant's surviving spouse or other beneficiaries. Under certain circumstances, including financial hardship, participants may withdraw their contributions prior to the occurrence of these events. The Plan Administrator makes determinations related to hardship withdrawals.

1. Description of the Plan
Continued

Administrative Expenses
Plan administrative expenses are paid by the Plan Sponsor or through the application of forfeitures, or they may be charged to the Plan and deducted from participants' individual accounts. During the year ended December 31, 2015, $57,346 of administrative expenses were paid by the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting
The accompanying financial statements of the Plan were prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Use of Estimates
The preparation of financial statements in conformity with US GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Self-directed brokerage accounts consist primarily of mutual funds and common stocks that are valued on the basis of readily determinable market prices. Mutual funds are valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The Plan's investments in pooled separate accounts and the common/collective trust are stated at fair value based on net asset value per share. Net asset value serves as the practical expedient to estimate the fair value of these investments as it represents the value at which the plan transacts with the funds. Net asset values are based upon the quoted redemption value of underlying assets in the funds on the last day of the Plan year.

In general, the Plan's investments are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

2. Summary of Significant Accounting Policies
Continued

Net appreciation in the fair value of investments includes realized and unrealized gains and losses on investments, and is recognized in income currently. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Dividends and interest are reinvested as earned.

Payments of Benefits
Benefits are recorded when paid by the Plan.

Investment Disclosures
The Plan has adopted recently issued accounting guidance which allows for the reduction of certain disclosures regarding investments. Management believes that the adoption of this guidance reduces unnecessary complexity in the financial statements and improves the usefulness of the information provided to users of the financial statements.

Subsequent Events
The Plan Administrator has evaluated events and transactions for recognition or disclosure through July 27, 2016, which is the date the financial statements were available to be issued.

3. Plan Investments

The Plan invests in pooled separate accounts. In general, transfers and payments from a pooled separate account will be made within seven business days after the first valuation date following receipt of a written request. However, Principal reserves the right, under certain circumstances, to defer such transfers and payments up to 270 days, except for investments in accounts invested in real estate (such as the Principal U.S. Property Separate Account), for which requested transfers and payments may, under certain circumstances, be deferred up to three years. Such limitations on redemption do not apply to the payments to a beneficiary of a participant due to the participant's death or payments to a participant due to disability or retirement under the Plan. Principal will provide written notification in the event of a deferment in excess of 30 days. As of December 31, 2015, Plan management had not received notice of any such deferments.

3. Plan Investments ***Continued***

The Plan's common/collective trust investment consists of the Principal Stable Value Fund (the Fund). The Fund holds a diversified group of investments with competitive levels of yield consistent with a stable fixed-income methodology and a prudent assumption of investment risk. The Fund provides stability of returns, liquidity to pay plan benefits and a high credit quality by investing in conventional, synthetic and separate account investment contracts (collective contracts) issued by life insurance companies, banks and other financial institutions. These contracts allow for their principal value to remain stable regardless of the volatility of the financial markets.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan Sponsor or other Plan Sponsor events (e.g., divestiture or spin-off of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA). The Plan Administrator does not believe that the occurrence of any event which would limit the Plan's ability to transact at contract value with participants is probable.

The Fund may terminate the investment contract with the Plan by providing 12 months advance written notice to the contract owner for reasonable cause, which includes the contract owner's failure to abide by federal law, failure to render performance necessary to comply with the terms of the contract and Plan disqualification. Upon termination by the Fund, a market value adjustment may apply.

The following table summarizes investments measured at fair value based on net asset value (NAV) per share as of December 31, 2015 and 2014, respectively.

December 31, 2015	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 9,666,382	N/A	Daily	7
Collective Investment Trust	$ 868,172	N/A	Daily	7

December 31, 2014	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Pooled Separate Accounts	$ 9,255,069	N/A	Daily	7
Collective Investment Trust	$ 838,440	N/A	Daily	7

4. Fair Value Measurements

Fair value is based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, the fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three broad levels. These levels, in order of highest priority to lowest priority, are described as follows:

Level 1 – Quoted prices (unadjusted) in active markets that are accessible at the measurement date.

Level 2 – Observable prices other than level 1 that are based on inputs quoted in less active markets or other observable inputs that can be corroborated by observable market data.

Level 3 – Unobservable inputs supported by little or no market data for financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation.

The following tables summarize the fair values of the Plan's investments and the levels of inputs under which those investments were valued as of December 31, 2015 and 2014:

	2015			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 2,903,813	$ -	$ -	$ 2,903,813
Self Directed Brokerage Accounts	158,373	-	-	158,373
Investments, at net asset value practical expedient				
Pooled separate accounts				9,666,382
Common/collective trust				868,172
Total Investments				$ 13,596,740

4. Fair Value Measurements *Continued*

	2014			
Description	**Level 1**	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 3,230,941	$ -	$ -	$ 3,230,941
Self Directed Brokerage Accounts	223,389	-	-	223,389
Investments, at net asset value practical expedient				
Pooled separate accounts				9,255,069
Common/collective trust				838,440
Total Investments				$ 13,547,839

(a) In accordance with Subtopic 820-10, certain investments that are measured using the net asset value per share (or its equivalent practical expedient) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Plan Termination

Although it has not expressed intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. Income Tax Status

The Plan has received a determination letter from the IRS dated February 20, 2014 that the Plan is qualified under the appropriate sections of the IRC. The Plan Sponsor believes the Plan continues to operate in accordance with the requirements to qualify for tax-exempt status. Accordingly, no provision for income taxes is included in the accompanying financial statements.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

7. Exempt Party-in-Interest Transactions

Plan investments include units of pooled separate accounts and a common/collective trust managed by Delaware Charter Guarantee & Trust Company d/b/a Principal Financial Group, the trustee of the Plan. These investments and associated transactions are exempt party-in-interest transactions.

8. Trustee Certification

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under that election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Financial Group as of December 31, 2015 and 2014 and for the year ended December 31, 2015 except for comparing such information certified by the trustees to information included in the Plan's financial statements and supplemental schedule:

- Investment assets
- Investment transactions, including investment earnings (losses).
