INDEPENDENT AUDITOR'S REPORT

The Plan Administrators
Portage Health, Inc.
Employees' Pension Plan
Hancock, Michigan 49930

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Portage Health Employee's Pension Plan, which comprise the statements of net assets available for benefits as of December 31, 2013 and 2012, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note G, which was certified by American United Life Insurance Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the year ended December 31, 2013 and 2012 that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule H is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The schedule of assets held for investment purposes that accompanies the Plan's financial statements does not disclose the historical cost of certain Plan assets held by the funding agent, because the investments are held by an insurance company who holds the shares and reissues the holdings as units.

NOTE A - DESCRIPTION OF THE PLAN

The following description of Portage Health Employees' Pension Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Portage Health, Inc. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Effective January 1, 2007 the plan only includes those employees whose terms of employment are governed by a collective bargaining agreement between Portage Health, Inc. and the Michigan Nurses Association.

Eligibility

All employees governed by a collective bargaining agreement between the Employer and the Michigan Nurses Association become participants in the Plan upon completion of one year of service during which they completed 1,000 hours of service and has attained the age of 21.

Contributions

As of January 1, 2010 Portage Health, Inc. makes contributions to the plan equal to four (4) percent of the first \$24,000 of a participant's compensation and seven (7) percent of compensation in excess of \$24,000.

Employer contributions are not made for any year in which the participant has fewer than 1,000 hours of service. However, participants receive credit for 1,000 hours of service in the year they retire, die, or become disabled regardless of the number of hours worked. All employer contributions will stop in the event of retirement, death, disability, termination, or attainment of age 70. In the event of a participant's total disability, the Group Long Term Disability Contract will make payments to the Plan on behalf of the participant. Such contributions will cease upon the earliest of the participant's recovery, death, or attainment of age 65. During 2013 and 2012 respectively, no Group Disability payments were received and applied to participant's accounts. No contributions to the Plan are required from participating employees.

Vesting

Participants are immediately vested 100% in the contributions which Portage Health, Inc., has made on their behalf.

Participant Accounts

Each participant's account is credited with Portage Health, Inc.'s contribution and an allocation of investment earnings. Allocations are based on the participant's account balances.

NOTE A - DESCRIPTION OF THE PLAN (Continued)

The pension benefit will be determined by the accumulated value of the participant's account (accumulated contributions plus earnings less any withdrawals) and the annuity rates in effect at the time. An annuity rate is a dollar and cent amount that is determined actuarially and applied to each \$1,000 of accumulation value in the participant's account based on the retirement option selected.

Payment of Benefits

Upon retirement or termination, married participants will automatically receive a qualified joint and survivor annuity and an unmarried participant will be paid in the form of a single life annuity, unless a qualified election has been filed with the plan administrator. With a qualified election benefits can be paid in the form of a lump sum, direct transfer, direct rollover to a qualified plan, installment payments, or one of various annuity options.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

The Plan was amended in 2004 to allow loans to Plan participants and beneficiaries who are parties-in-interest as defined in ERISA 3(14). Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or fifty percent (50%) of their vested account balance. The Plan allows no more than two loans to be outstanding at any one time with at least twelve months between their issuance. The loans are secured by the balance in the participant's account and bear interest at a rate comparable to the rates being charged by lending institutions in the same geographic locale as the Employer. Principal and interest is paid ratably through monthly payroll deductions. For years 2013 and 2012, respectively, new loans of \$4,000 (\$75 of loan processing fees) and \$87,109 (\$450 of loan processing fees) were paid to participants and \$35,629 and \$31,346 of loans were repaid by participants to the Plan. Total loans, as of December 31, 2013 and 2012, respectively are \$109,539 and \$141,168.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Plan transaction are recorded on the accrual basis of accounting.

Investment Valuation

Net assets available for plan benefits are stated at the amount as certified by the insurance company. The insurance company holds the Plan's investment assets and executes transactions therein.

Subsequent Events

The Company evaluates events occurring subsequent to the date of the financial statements in determining the accounting for disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through the date of the accompanying independent auditor's report, which is the date the financial statements were available to be issued.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE C - ASSETS HELD FOR INVESTMENT

From the inception of the Plan through February 28, 1994, the Plan had a deposit contract with the American United Life Insurance Company (American). American maintained the contributions in a pooled account. The account was credited with employer contributions and actual earnings on the underlying investments and charged for Plan withdrawals and administration expenses.

Effective March 1, 1994, the contract was terminated and replaced with a contract that permits participant directed investments in addition to the pooled account with American.

The following table presents participant directed investments at December 31, 2013 and 2012 that represent five percent (5%) or more of the Plan's net assets.

NOTE D - FAIR VALUE MEASUREMENTS

FASB Statement NO. 157, *Fair Value Measurements*, establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB Statement No. 157 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date. |
| Level 2 | Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly or indirectly. |
| Level 3 | Unobservable inputs for the assets or liabilities. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2013 and 2012.

Common stocks, corporate bonds, and U.S. government securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: Valued at the net asset value (NAV) of shares held by the Plan at year-end.

Guaranteed investment contract: or Common trust funds: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE E - PLAN TAX STATUS

The Internal Revenue Service has determined and informed Portage Health, Inc. by a letter dated June 13, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

All tax positions taken by the Plan have been assessed to have a near 100% likelihood of being sustained upon their ultimate settlement in the event they are examined by taxing authorities and, therefore, there are no unrecognized tax benefits. The tax years that remain subject to examination by the internal Revenue Service are 2011-2013.

NOTE F - PLAN TERMINATION

On November 30, 2013, Portage Health entered into a joint venture with LifePoint Holdings 2, LLC. All Portage Health employees, other than the medical staff, became LifePoint employees as of December 1, 2013. The medical staff became employees of a wholly-owned subsidiary of the new joint venture. Accordingly, Portage Health had no employees as of December 1, 2013. LifePoint instructed Portage Health to terminate the Portage Health Employees' Pension Plan. The termination is effective December 31, 2013, the end of the current Plan year. The required resolutions, notices, and Plan amendments were provided in compliance with an informal termination.

NOTE H - ADMINISTRATIVE EXPENSES

The trustee deducts fees from total Plan earnings prior to allocating earnings to individual participant's accounts. Currently, 1.25% of the unit values for all variable funds is charged to each participant. On a monthly basis the Plan returns a portion of the fee based on the Plan's total asset value at the end of the month. The portion returned to each participant is based on the initial 1.25% less a graduated percent based on the net asset value. The graduated percent, (1.25% -.35%), declines as the Plan's net asset value increases. The provider did not provide us with actual administration fees for 2013 and 2012.

NOTE I- RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There were no reconciling differences for the year ending December 31, 2013.

The following is a reconciliation of net assets available for benefits per the financial statements to the form 5500 at December 31, 2012:

Revenue Sharing Formula:

The investment options of the Plan include various portfolios within an AUL separate account. The separate account in turn invests in investment portfolios of certain open-end management investment companies. AUL receives indirect compensation from these investment companies for the services provided by AUL.

The compensation received by AUL is computed by each investment company by multiplying the daily account balance of the AUL separate account's interest in a particular portfolio by a predetermined percentage rate negotiated with the investment company. This indirect compensation is not charged to the plan or participants accounts but is paid directly by the investment company.
