Note 1 - Plan Description

The following description of the Siteworks Landscape Incorporated 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Siteworks Landscape Inc. (the Sponsor) and includes the employees of the Sponsor and Sitecare Landscape Maintenance. The two companies are a controlled group. The Plan covers all full-time employees of the controlled group, except for employees covered by a collective bargaining agreement, leased employees, and non-resident alien employees with no earned income subject to US Tax. The Plan became effective on January 1, 2000 for the purpose of providing retirement benefits to eligible employees. The Plan was restated with an effective a date of January 1, 2015 to modify the participant loan rules and to incorporate all amendments from prior years as required under the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Subject to certain limitations, each year participants may contribute up to 100% of pretax annual compensation, as defined by the plan document. The employee may make Pretax or Roth 401(k) post tax contributions. However, the annual contributions may not exceed the dollar limit specified in Internal Revenue Code Section 402(g). Participants who have attained age 50 before the end of the Plan year are eligible to make annual catch-up contributions to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Plan is a safe harbor plan. The Sponsor contributes 100% of the first 3% and 50% of the next 2% (maximum of 4%) of base compensation that a participant contributes to the Plan. All contributions are paid to the Custodian for investment in the appropriate investment fund in accordance with the participant’s directives and terms of the Plan. The Sponsor may elect to make discretionary matching contributions and/or discretionary profit sharing contributions, subject to eligibility requirements.

Eligibility

Employees hired prior to January 1, 2014 are eligible to participate in the Plan when they have attained 520 hours in a three month period and are age 21 or older. These employees are eligible to enter the Plan on the first day of each calendar month. Employees hired after January 1, 2014 are eligible to enter the Plan on January 1st and July 1st of each year after meeting the eligibility requirements of 1,000 hours of service in a one year period, and have attained 21 years of age. To become eligible for the employer's discretionary matching contribution and/or discretionary profit sharing contributions, the employee must meet the same eligibility requirements and participate in the Plan.

Note 1 - Plan Description (continued)

Vesting

Participants are immediately vested with respect to employee contribution amounts, employer matching, and profit sharing contributions, plus actual earnings thereon.

Forfeited Accounts

At December 31, 2015 and 2014, forfeited non-vested accounts totaled $0. Forfeitures, if any, are used to reduce employer matching contributions in the plan year immediately following the year of forfeiture.

Participant Accounts

Each active participant's account is credited with (a) individual contributions, (b) Plan earnings and/or losses, and (c) the Sponsor's contributions, if any. Allocations are principally based on the participant's election, or account balance, as defined in the Plan agreement. Investment income or loss is calculated based on the number of shares owned by each participant in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Certain fees are charged to the funds and are offset against Plan investment income and loss as presented on the Statement of Changes in Net Assets Available for Benefits. Participants should refer to the prospectuses of these funds for details on the various types and amounts of investment fees charged to the Plan and their individual accounts.

Payment of Benefits

When a participant elects to withdraw their account upon termination of service due to death, disability, retirement, or other reasons, the participant may receive a lump-sum amount equal to the value of the participant's vested interest in their account.

If the vested amount of a terminated participant’s vested account balance is less than $5,000, the vested account balance will be distributed from the Plan. If no election is made for the distribution in a timely manner, the Plan administrator must distribute the vested account balance directly to the participant as a taxable cash distribution.

Note 1 - Plan Description (continued)

Participant Directed Accounts

Upon enrollment in the Plan, a participant may direct his or her contributions in percentage increments into a series of mutual funds and a money market fund offered by the Plan. Participants may change their investment options at any time. A description of each fund is provided to participants by the Sponsor.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amount of net assets available for benefits and changes therein. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in registered investment companies are stated at fair value as determined by quoted market prices of the underlying securities held in the funds. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Increases or decreases in fair value are recognized currently. See Note 8 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation on investments includes both realized and unrealized gains and losses. The Plan's exposure to credit loss in the event of nonperformance of investments is limited to the carrying value of such instruments.

Note 2 - Summary of Significant Accounting Policies (continued)

Financial Investments with Off-Balance Sheet Risk

The Plan held no direct investments in derivatives as of and during the years ended December 31, 2015 and 2014.

Note 3 – Notes Receivable from Participants

Included in assets at December 31, 2015, were ten notes receivable from participants, collaterized by their vested account balances at the inception of the loans. The notes mature between one and fifteen years. Notes maturing in more than five years are for the purchase of a principal residence. The loans issued carry interest rates of 5.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid ratably through weekly payroll deductions. Interest income is recognized when received. Loans can be made to participants who meet certain loan qualification requirements. The maximum amount of a loan cannot exceed the lessor of 50% of the vested interest in the participant's account or $50,000, reduced by the highest outstanding loan balance during the preceding twelve consecutive month. The minimum loan amount allowed is $1,000. The maximum number of loans outstanding at any one time by any one participant is five.

Note 4 - Separated Participants

As of July 15, 2002, the Sponsor adopted the Trendcepts Prototype Non-Standardized 401(k) Profit Sharing Plan and Trust, which received a favorable opinion letter from the Internal Revenue Service on August 7, 2001, stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Service Code. The Plan has been amended since the date covered by the opinion letter and the Sponsor has not yet submitted the Plan, as amended, to the Internal Revenue Service for a determination letter. The Sponsor and the Plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2015. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 7 – Income Tax Status (continued)

The Plan files informational tax returns in the U.S. federal jurisdiction (Form 5500). The Plan is no longer subject to U.S. federal tax examinations by tax authorities for years before 2012. The Internal Revenue Service (IRS) is not presently conducting any examinations of the Plan's U.S. informational tax returns for 2012 through 2014. At December 31, 2015, there are no tax provisions for which the deductibility is uncertain, or for which there is uncertainty regarding the timing of such deductibility.

Note 8 - Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying Statement of Net Assets Available for Benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The Plan only allows for Level 1 inputs. The Plan's investment policy does not include Level 2 or Level 3 inputs.

Level 1 Fair Value Measurements

The fair value of money market and mutual funds is based on quoted new asset values of the shares held by the Plan at year-end.

Note 9 – Plan Administration

Certain administrative functions are performed by officers or employees of Siteworks Landscape, Inc. and Sitecare Landscape Maintenance. No such officer or employee receives compensation from the Plan. The majority of the fees related to the Plan are paid directly by Siteworks Landscape, Inc. and Sitecare Landscape Maintenance.

The Sponsor is the administrator of the Plan, and, as such, carries out the duties imposed by ERISA. The Sponsor delegated certain responsibilities for the operation and administration of the Plan. Custodian services are provided by American Funds through Capital Bank and Trust Company. Trustee services are provided by Capital Research and Management Company.

Note 10 - Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

Note 11 - Party In Interest Transactions

Certain Plan investments in mutual funds are managed by American Funds through Capital Bank and Trust Company, the Custodian of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan, and are specifically exempt from the prohibition of party in interest transactions under ERISA.

Note 12 - Risks and Uncertainties

The Plan provides for various investment options in any combination of funds offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

Note 13 – Recent Pronouncements

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully-benefit responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Part II as of the effective date. Parts I and III are not applicable to this Plan.

Note 14 – Subsequent Events

The Sponsor has evaluated whether any events related to the Plan occurred subsequent to December 31, 2015, and through October 4, 2016, which is the date the financial statements were available to be issued, and determined that there were no material events or transactions that have not been properly recognized or disclosed in the financial statements. These financial statements have been reissued due to an administrative error which caused the date, that the financial statements were available to be issued, to be incorrectly stated as September 7, 2015 on the originally issued financial statements.
