WELLS BROTHERS, INC./PANEL CONTROL INC. 401(K) PLAN

Notes to Financial Statements

Years Ended December 31, 2015 (Audited) and 2014 (Compiled)

NOTE A - DESCRIPTION OF PLAN

The following description of the Wells Brothers, Inc./Panel Control Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a defined contribution plan established by Wells Brothers, Inc. and Panel Control Inc. (the “Company”) covering all employees who have completed 1,000 hours of service during a twelve-month period beginning on the employment commencement date. Employees who meet the eligibility requirements are eligible to participate, regardless of age. The plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The plan covers eligible employees of Wells Brothers, Inc. and Panel Control Inc.

Contributions – Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan and up to allowed Federal limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a common/collective trust as investment options for participants. The Company may make discretionary matching contributions to the Plan. The amount of the matching contributions will be determined each year by the Company. The Company may also make profit sharing contributions to the Plan in the years and in the amounts determined each year by the managing body of the Company. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and Company matching contributions, as well as allocations of the Company’s Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, accounts balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Notes Receivable from Participants – The Plan is designed to help participants save for retirement and does not allow for a participant to take a loan from the participant’s account under the Plan.

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant (or participant’s beneficiary in the event of death) may elect to receive a lump-sum distribution equal to the participant’s vested account balance or partial payments (payments of a portion of the participant’s account that are not regularly scheduled).

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Forfeitures – At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$11,220 and \$1,249 respectively. These accounts may be used to pay the Plan’s administrative expenses. Forfeitures may also be used to reduce future employer contributions to the Plan.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (“GAAP”) requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting. Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes Receivable from Participants – The Plan is designed to help participants save for retirement and does not allow for a participant to take a loan from the participant’s account under the Plan.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded for these financial statements. Fees related to the administration of distributions from participants’ accounts are charged directly to the participants’ accounts.

NOTE C – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	<p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or by other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.</p>
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at December 31, 2015, and 2014.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value Collective Trust Fund: A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchase and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE C – FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015 and 2014:

	<u>Level 1</u>	<u>Total</u>
<u>December 31, 2015</u>		
Mutual Funds	<u>\$ 2,878,570</u>	<u>\$ 2,878,570</u>
Total Assets at Fair Value	<u>2,878,570</u>	<u>2,878,570</u>
Investments measured at net asset value	<u>-</u>	<u>1,141,250</u>
Investments at Fair Value	<u>\$ 2,878,570</u>	<u>\$ 4,019,820</u>

	<u>Level 1</u>	<u>Total</u>
<u>December 31, 2014</u>		
Mutual Funds	<u>\$ 2,878,570</u>	<u>\$ 2,878,570</u>
Investments at Fair Value	<u>\$ 2,878,570</u>	<u>\$ 2,878,570</u>

The following table summarizes investments for which fair-value is measured using the net asset value per share practical expedient as of December 31, 2015. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31,</u> <u>2015</u>	<u>Unfunded</u> <u>Fair Value</u>	<u>Redemption</u> <u>Commitments</u>	<u>Redemption</u> <u>Frequency</u>	<u>Notice Period</u>
Stable value collective trust fund	\$1,141,250	n/a	Daily	12 months

Gains and losses included in changes in net assets available for benefits for the year ended December 31, 2015 are reported in net depreciation in fair value of investments.

NOTE D – INVESTMENTS

During 2015, the plan's investments (including investments bought, sold, and held) depreciated in value by \$102,986.

NOTE E – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their account balances.

NOTE F - TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated March 31, 2014, that the plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Accounting principles generally accepted in the United States of America require the plan's management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2007.

NOTE G – RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE H – INFORMATION CERTIFIED BY THE TRUSTEE

The plan administrator has elected the method of accrual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the investment information included in the accompanying financial statements and supplemental schedules is complete and accurate.

The plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

NOTE I – EARLY ADOPTION OF NEW AUDITING STANDARDS

In May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, *Fair Value Measurement*,

NOTE I – EARLY ADOPTION OF NEW AUDITING STANDARDS (CONTINUED)

from categorization within the fair value hierarchy. The guidance requires retrospective application. The guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Parts I and II early. Part III is not applicable to this Plan.

NOTE J – RECONCILIATION TO 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, 2015 and 2014, to Form 5500.

	<u>2015</u>	<u>2014</u>
Net assets available for benefits per the financial statements	\$ 4,019,820	\$ 3,683,325
Amounts allocated to withdrawing participants	<u>-</u>	<u>-</u>
Net assets available for benefits per the Form 5500	<u>\$ 4,019,820</u>	<u>\$ 3,683,325</u>

NOTE K – SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 4, 2016, the date on which the financial statements were available to be issued.
