We have been informed by the plan administrator that Paychex held the plan's investment assets and executed investment transactions from January 1, 2014 to March 31, 2014, and that State Street Bank and Trust Company held the Plan's investment assets and executed investment transactions as of December 31, 2014 and for the period March 31, 2014 to December 31, 2014. NOTE A – PLAN DESCRIPTION

The following description of the OFS International LLC 401(k) Profit Sharing Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

GENERAL
The Plan is a defined contribution 401(k) profit sharing plan sponsored by OFS International LLC; Independent Inspection Services, LLC; Oilfield Services & Technologies, LLC; and Threading and Precision Manufacturing, LLC (the "Companies") with a plan year end of December 31st. The original Plan became effective January 1, 2013 and was most recently amended April 1, 2014. The provisions of the Plan are included in the official Plan document, which legally governs the operations of the Plan and is available for more detailed information. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

ELIGIBILITY
Employees who are age eighteen or older may elect to enter the Plan. In general, covered employees may enter the Plan on the first day of the month coinciding with or next following the date on which they satisfy the eligibility requirements.

PARTICIPANT CONTRIBUTIONS
Each year, participants may elect to contribute from 1 percent up to 90 percent of their eligible compensation to the Plan in pre-tax or Roth deferrals. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also rollover funds from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Companies do not sponsor a match of participant deferrals but the plan document allows for a discretionary non-elective Company contribution each year to eligible participants who are employed on the last day of the Plan year. Non-elective Company contributions would be allocated to eligible participants based on the employee's compensation percentage of the total compensation for participants eligible for the non-elective contribution. No Company contributions were made to the Plan for the years ending December 31, 2014 or 2013.

PARTICIPANT ACCOUNTS
Each participant's account is credited with the participant's contribution and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING
Participants are immediately vested in their elective (voluntary) contributions and income or loss thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after 6 years of credited service.

NOTES RECEIVABLE FROM PARTICIPANTS
Participants may borrow from their fund accounts up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear a reasonable fixed interest rate. Principal and interest is paid ratably through payroll deductions.

NOTE A – PLAN DESCRIPTION – Cont.

PAYMENT OF BENEFITS
Distributions of benefits are defined in the Plan document. Generally, distributions may be made upon retirement, total and permanent disability, reaching fifty-nine and one half years of age, termination of employment, or demonstration of a financial hardship. Participants or beneficiaries receive, upon request, either a lump-sum payment or may have the payment paid as a "direct rollover" to an individual retirement account (IRA) or to another employer's tax qualified plan.

NOTE B – SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING
The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES
The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note E for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES RECEIVABLE FROM PARTICIPANTS
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the loan balance is reduced and a benefit payment is recorded. No allowance for credit losses was recorded as of December 31, 2014 or 2013**.**

PAYMENT OF BENEFITS
Benefit payments to participants and their beneficiaries are recorded when paid.

OPERATING EXPENSES
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in the net appreciation of the fair value of the investments.

DATE OF MANAGEMENT REVIEW
Subsequent events were evaluated through October 17, 2016, which is the date the financial statements were available to be issued. Management is not required to and has not evaluated events or transactions that occurred after October 17, 2016.

NOTE C – UNAUDITED INVESTMENT INFORMATION CERTIFIED BY TRUSTEE

The Plan administrator has elected the method of compliance permitted by 29 CFR Section 2520.103-8 of the Department of Labor Rules and Regulations and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by the trustee, State Street Bank and Trust Company and was not subjected to any auditing procedures performed by the independent public accountants.

a. All investments shown in the accompanying statements of net assets available for benefits.
b. Net investment income from the investments, as shown in the accompanying statement of changes in net assets available for benefits, including dividends and interest income and net realized and unrealized appreciation (depreciation) in fair value of assets.

NOTE D – ACCOUNTING CHANGES

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965); Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient.* This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early adoption permitted.

Management has elected to adopt Part II early. Accordingly, the amendments were retrospectively applied resulting in prior-period information that has been adjusted. Parts I and III are not applicable to this Plan.

In addition, in May 2015, the FASB issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. This standard removes the requirement to categorize within the fair value hierarchy investments measured using net asset value per share as a practical expedient. It also removes the requirement to make certain disclosures for investments at net present value but limits those disclosures to those using net asset value as a practical expedient. It is effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early adoption permitted.

Management has elected to adopt this ASU early. Accordingly, this was retrospectively applied with adjustments to the disclosures.

NOTE E – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

NOTE E – FAIR VALUE MEASUREMENTS – Cont.

Level 2	Inputs to the valuation method include • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset and liability; and • inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the assets and liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2014 and 2013.

Mutual Funds and Interest Bearing Cash Accounts: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and December 31, 2013. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2014

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 256,918	-	-	$ 256,918
Interest Bearing Cash Fund	1,708	-	-	1,708
Investments at Fair Value	$ 258,626	-	-	258,626

NOTE E – FAIR VALUE MEASUREMENTS – Cont.

Assets at Fair Value as of December 31, 2013

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 78,176	-	-	$ 78,176
Investments at Fair Value	$ 78,176	-	-	$ 78,176

NOTE F – RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Selected investments are managed by State Street Bank and Trust Company, the trustee for the plan, and therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation in the fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Certain administrative expenses for legal, accounting and other services are rendered by parties in interest and are paid by the Company. The Company also provides certain administrative services to the Plan for which it receives no compensation.

NOTE G – TAX STATUS

The Employer adopted a Prototype Standardized Profit Sharing Plan from ADP, Inc., which has received a favorable opinion letter dated March 31, 2008 in which the Internal Revenue Service has stated that the Plan Document is acceptable under section 401 of the Internal Revenue Code and therefore not subject to tax. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan, is currently designed, and being operated, in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE H – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE I – PLAN TERMINATION

While it is the Employer's intention to continue the Plan indefinitely, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA and the Plan Agreement, as amended. In the event of Plan termination, participants would become fully vested.

NOTE J – SUBSEQUENT EVENTS

The Plan was amended effective January 1, 2015 to add a Safe Harbor Company match to the plan. The match equals a 100 percent match of the first 5 percent of eligible participant compensation which is deferred as an elective deferral. Please refer to the Plan Document for a complete description of all plan provisions.
