Notes to Financial Statements

1. Description of Plan

The following description of the Covestic, Inc. 401(k) Profit Sharing Plan & Trust (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Covestic, Inc. (the Employer) who are 21 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Investment Committee, maintained by the Employer, determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Employer is the Plan's sponsor and administrator. The Plan's trustee is Reliance Trust Company (the Trustee). The Plan's third party administrator is Automatic Data Processing, Inc. (ADP).

Participant Contributions

Plan participants may contribute up to 50% of their compensation to the Plan on a pre-tax basis, subject to certain limitations as defined by the Internal Revenue Code (the Code). An employee participates by making voluntary contributions to the Plan through payroll deductions. These contributions are funded to the Plan following each pay date. Participants may elect to categorize a portion or all of their contribution under the Plan's Roth deferral feature subject to certain limitations as defined by the Code. Eligible participants may make "catch-up" contributions subject to certain limitations as defined by the Code. Participants may also make rollover contributions from other qualified plans.

Employer Contributions

The Employer may elect, at its discretion, to make profit sharing contributions to the Plan. There were no profit sharing contributions to the Plan during 2015.

Participant Accounts

Each participant's account is credited with the participant's contributions, as well as an allocation of the Employer's contributions, if any, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Participants may direct the investment of their account balances to any combination of the Plan's investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts is based on years of continuous service. Vesting is on a graded schedule with the participant being fully vested after six years of service.

Notes to Financial Statements

1. Description of Plan, continued

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate, determined quarterly, is set at 2% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement, or for other reasons, a participant or their beneficiary may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, installments over a period of time, or partial withdrawals. Participants with vested benefits of \$5,000 or less will be paid out in a lump-sum distribution. Distributions may also be made in installments to comply with required minimum distribution rules required by the Code. The Plan permits in-service withdrawals to participants meeting certain requirements.

2. Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes in those assets and liabilities, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold during the year as well as those held at year end.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are recorded as benefits paid to participants on the basis of the terms of the plan agreement.

Notes to Financial Statements

2. Summary of Accounting Policies, continued

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Employer and are excluded from these financial statements. Administrative expenses consist of fees charged on notes receivable from participants and withdrawal fees and are charged directly to the participant's account. Investment related expenses are charged to participants and are included in net depreciation of fair value investments.

Recently Adopted Accounting Standards

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update (ASU) No. 2015-12, which removed the requirements to:

- Disclose individual investments held which exceed 5% of net assets available for benefits.
- Disaggregate investments reported in the fair value hierarchy table by class of investment; investments may now be presented by general type only.

The requirements of ASU No. 2015-12 have been applied retrospectively.

Subsequent Events

The Plan has evaluated subsequent events through September 21, 2016, the date the financial statements were available to be issued.

Notes to Financial Statements

3. Certified Information

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by the Trustee, except for comparing such information certified by the Trustee to information included in the Plan's financial statements and supplemental schedule.

Statements of net assets available for benefits:

	December 31,	
	2015	2014
Mutual funds	\$ 2,093,712	\$ 1,686,882
Notes receivable from participants	899	3,178

Statement of changes in net assets available for benefits:

	2015
Net depreciation in fair value of investments	\$ (144,959)
Dividends	136,795
Interest income on notes receivable from participants	68

4. Related-Party and Party-In-Interest Transactions

Notes receivable from participants held by the Plan are party-in-interest transactions under ERISA. In addition, expenses paid by the Plan are to parties-in-interest as defined by ERISA. Furthermore, as described in Note 8, the Employer has adopted a prototype profit sharing plan sponsored by ADP.

5. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Covestic, Inc. 401(k) Profit Sharing Plan & Trust

Notes to Financial Statements

6. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). Valuation techniques maximize the use of relevant observable inputs to minimize the use of unobservable inputs.

The three levels of the fair value hierarchy under U.S. GAAP are described as follows:

- Level 1: Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Inputs that are unobservable for the asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

- Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Notes to Financial Statements

6. Fair Value Measurements, continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2015			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,093,712	\$ -	\$ -	\$ 2,093,712

	Assets at Fair Value as of December 31, 2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 1,686,882	\$ -	\$ -	\$ 1,686,882

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the Plan's investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts as reported in the financial statements.

8. Tax Status

The Plan has adopted a prototype profit sharing plan sponsored by ADP that received an opinion letter dated July 8, 2014, in which the Internal Revenue Service (IRS) stated that the prototype plan, as designed, complied with the applicable requirements of the Code.

U.S. GAAP requires the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.
