Standard International Management, LLC 401(k) Plan

Notes to Financial Statements
December 31, 2015

1. Description of Plan

The following description of Standard International Management, LLC 401(k) Plan (the "Plan"), is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan (a prototype plan) is a defined contribution plan covering eligible employees of Standard International Management, LLC, Standard Hollywood Employer, LLC; Standard Downtown Employer, LLC; Standard Miami Employer, LLC; Standard High Line Employer, LLC; Standard East Village Employer, LLC; Chateau Holdings, LTD; Bar Chateau Marmont, LLC; and Hotels AB, LLC (collectively the "Adopting Employers").

The Plan is a qualified salary deferral savings plan under the provisions of the Internal Revenue Code ("IRC") sections 401(a) and 401(k). The Plan is subject to the applicable regulations of the Employee Retirement Income Security Act of 1974 ("ERISA") and the IRC.

Eligibility

All employees of the Adopting Employers are eligible for Plan participation upon completion of 3 months of service and who have attained the age of twenty-one. Employees who are covered under a retirement plan governed by the terms of a collective bargaining agreement and certain non-resident aliens who have no earned income from sources within the United States are not entitled to participate in the Plan.

Assets Held for Investment

All Plan assets are held with Principal Trust Company, the custodian of the Plan. Among other duties, the custodian is responsible for the custody of the Plan assets and for the payment of benefits to eligible participants.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions in any of the investment options offered by the Plan. There is no limit to how often a participant may change their investment options. Participants may make or change such investment options by giving instruction to the Plan's custodian.

Contributions

Participants may elect to have a percentage or specified dollar amount deducted from their eligible compensation as defined by the Plan on a pre-tax basis. A participant may elect to increase, decrease or suspend deductions according to procedures established by the Adopting Employers. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. There is an annual limit as to the amount that can be deducted from compensation that is determined by the IRC.

1. Description of Plan *(continued)*

Contributions (continued)

The Plan calls for the Adopting Employers to make matching contributions on behalf of those participants who have made salary deferral contributions and are actively employed by the Adopting Employers on the last day of the Plan year. The matching contribution is a discretionary percentage of the participant's salary deferral contributions determined by the Adopting Employers at the end of the Plan year. These matching contributions will only apply to a participant's salary deferred contributions that do not exceed a dollar amount or percentage of included compensation that is determined by the Adopting Employers.

Rollover contributions are comprised of transfers made to the participants from their former employers' qualified plans and transferred to the Plan.

Participant Accounts

A self-directed separate account is maintained for each participant by the custodian, which is credited with the participant's contributions and allocations of (a) the Adopting Employers' contributions and (b) Plan earnings and (losses), net of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Upon entrance into the Plan, participants are 100% vested in their salary deferral contributions and related investment income, gains and losses, net of administrative expenses. Effective January 1, 2014, in accordance with the Principal Adoption Agreement, for employees hired after January 1, 2014, matching contributions provided by the Adopting Employers vests 33% after two years of service, 67% after three years of service and 100% after four years of service. For employees hired on or before December 31, 2013, matching contributions provided by the Adopting Employers continues to vest under two years.

Payment of Benefits

A participant may elect to receive benefit payments at the normal retirement age of 65 or at an early retirement date. The Plan also provides for distribution of benefits upon death or disability. Upon retirement, death or disability, the participant becomes 100% vested and all amounts credited to the participant's account shall be distributed to the participant or his or her beneficiary in either a lump-sum payment or a single-sum payment of a portion of the account balance.

1. Description of Plan *(continued)*

Payment of Benefits (continued)

In-service distributions may be made from a participant's account at any time upon or after the occurrence of the following events:

- Participant's attainment of age 59½
- Due to hardships, as defined in the Plan document
- Participant becoming disabled
- Attainment of normal retirement age

A participant may apply to the Plan administrator for a hardship withdrawal at any time. This withdrawal must be for an immediate financial need for which funds are not reasonably available from other resources. Hardships include post-secondary educations expenses for the participant, spouse or dependents; medical expenses to the extent not otherwise reimbursed under the Adopting Employers' medical programs; expenses for the purchase of a principal residence or material alterations thereto for repair of damage; payments to prevent eviction from or foreclosure on a principal residence; and burial or funeral expense of the participant's parent, spouse or dependents.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan prepares its financial statements in conformity with accounting principles generally accepted in the United States of America ("US GAAP"), using the accrual basis of accounting, which recognizes revenue when it is earned and expenses as they are incurred.

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the reported amounts of additions and deductions to net assets available for benefits during the period. Actual results could differ from those estimates.

Plan Termination

Although it has not expressed any intent to do so, the Adopting Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested with the Adopting Employers' contributions.

2. Summary of Significant Accounting Policies (*continued)*

Notes Receivable from Participants

Loans to participants are allowed in accordance with the provisions of the Plan document. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The amount available for borrowing will be reduced by the amount of his or her highest outstanding loan balance, if any, during the previous one-year period. These loans are secured by the balance in the participant's account and bear interest as determined at the time of the loan origination. Principal and interest is paid ratably through bi-weekly payroll deductions over a period of time not to exceed five years. If the proceeds are used to construct or rehabilitate a participant's principal residence, the Plan administrator may permit a longer repayment term. Principal and interest repaid is reinvested based on the participant's present investment allocation selection. The interest rate for all outstanding loans ranged from 4.25% to 5.25% at December 31, 2015 and 2014.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Forfeitures

Forfeitures of terminated participants' non-vested accounts are used to reduce future employer contributions or pay Plan administrative expenses. At December 31, 2015 and 2014, forfeited non-vested accounts totaled $4,364 and $0, respectively. During the years ended December 31, 2015 and 2014, the Adopting Employers used $0 and $42,434, respectively, of the forfeiture balance to pay Plan administrative expenses and $6,060 and $19,534, respectively, was used to reduce employer contributions.

Fair Value Measurements

The Plan follows US GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition (continued)

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold during the year as well as those held at year end.

The following is the summary on how the Plan values its investments:

Mutual Funds

The Plan's investments in mutual funds are valued at the net asset value of shares held by the Plan at year end as determined by quoted market prices.

Common/Collective Trusts

The Plan's investments in common/collective trusts are valued at the net asset value ("NAV" of the units held by the Plan. The fund invests in fully-benefit responsive investment contracts that are held at contract value. NAV is determined to be contract value, the value at which participants ordinarily transact. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from reported net asset value. Participant transactions (purchases and sales) may occur daily.

The Plan's interest in the common/collective trusts are based on the fair value of the common/collective trusts' underlying investments based on information reported by the investment advisor using the audited financial statements of the common/collective trusts at year end.

Group Annuity Contract

The Plan has a group annuity contract (the "Contract'") with Principal Life Insurance Company ("Principal Life"), an affiliate of Principal Trust Company. Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract invests in a group annuity contract issued by Principal Life to establish a stable value fund.

The Contract simulates the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments that are owned by Principal Life. The Plan's assets are the unit ownership interests in the Contract. The separate account investments are owned by Principal Life. The Contract provides that Principal Life execute transactions at contract value. Principal Life guarantees the contract value, which represents contributions, plus interest, less participant-initiated withdrawals or transfers. This is the Contract's guaranteed value.

2. Summary of Significant Accounting Policies *(continued)*

Investment Valuation and Income Recognition (continued)

Group Annuity Contract *(continued)*

The Contract provides a fixed interest rate for a fixed period that will apply to the entire guaranteed value. The interest rate is reset every quarter as determined by Principal Life with consideration of the market value of the underlying investments, the anticipated market yields-to-maturity of benchmark indices of underlying investments, expected payments into and out of the Contract, amortization of the difference, if any, between the market value of underlying investments and the guaranteed value of the Contract, and the fees allowed under the Contract. Principal Life guarantees that the rate will never be less than zero.

If a withdrawal is made from the Contract as a result of the Adopting Employers' initiated event or if a withdrawal is requested due to a complete or partial termination of the Plan in the Contract before its maturity date, and the Contract's contract value equals or exceeds the guaranteed value, payment is made from the contract value in an amount equal to the amount of the guaranteed value which is attributable to the Plan. If the Contract's fair value is less than its guaranteed value, the amount paid is equal to the guaranteed value reduced by the amount of market value deficit allocable to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan or trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

With the exception of the Plan's record-keeping fees and participant loan expenses (loan setup and loan maintenance fees) which are charged to the individual participant's account, all other administrative expenses incurred by the Plan are paid by the Adopting Employers. Investment related fees are included in the appreciation (depreciation) in fair value of investments.

2. Summary of Significant Accounting Policies *(continued)*

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to contributions.

Concentration of Credit Risk

Financial instruments that are potentially subject to risk of loss include cash, Plan investments, participants' notes receivable and employer's contribution receivable.

Uncertainty in Income Taxes

The Plan recognizes the effect of tax positions only if those positions are more likely-than-not to be sustained upon examination by the taxing authorities. As of December 31, 2015, Plan management has determined that it has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.

The Plan's Form 5500 filing for the Plan year ended December 31, 2014 is under audit by the IRS. The Plan's management is actively working with the IRS regarding information sought by the IRS in connection with the audit.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value ("NAV") per Share" ("ASU 2015-07"), which removes the requirement to present certain investments for which the practical expedient is used to measure fair value at net asset value within the fair value hierarchy table. Instead, an entity would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. The Plan elected to early adopt ASU 2015-07 as of December 31, 2015, as permitted and has applied this ASU 2015-07 retrospectively, as required. The Plan presents the investment disclosure required by this ASU 2015-07 in the fair value hierarchy tables for 2015 and 2014 in Note 4, "Investments." There were no other impacts on the statements of net assets available for benefits as of December 31, 2015 and 2014, and the statement of changes in net assets available for benefits for the year ended December 31, 2015.

2. Summary of Significant Accounting Policies *(continued)*

Recent Accounting Pronouncements (continued)

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans, Defined Contribution Plans, Health and Welfare Benefit Plans: (Part I) Fully Benefit-Responsive Investment Contract, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient ("ASU 2015-12"), which simplifies the disclosures for employee benefit plans. Part I eliminates the requirement to measure fully benefit-responsive investment contracts at fair value. Contract value is the only measure for fully benefit-responsive investment contracts. Part II eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits, the net appreciation or depreciation in fair value of investments by general type and simplifies the level of disaggregation of investments that are measured using fair value. Part III permits plans to measure investments from the end of the month closest to the Plan's fiscal year end. The adoption of ASU 2015-12 did not have a significant impact on the Plan's statements of net assets available for benefits or the statements of changes in net assets available for benefits.

3. Information Certified (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Principal Trust Company has certified to the completeness and accuracy of all the investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2015 and 2014, the supplemental Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2015, and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2015.

6. Tax Status

The Plan's prototype Plan document preparer has obtained an opinion letter dated March 31, 2014 from the IRS stating that the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

7. Party-in-Interest Transactions

The Plan invested in Principal Trust Company investments during the Plan year. These investments are considered party-in-interest transactions because Principal Trust Company served as custodian of the Plan at December 31, 2015; however, they are exempt from the prohibited transactions rules under ERISA. The Plan's management approved these investment options.

ERISA also considers recordkeeping fees and participating loan expenses paid to Principal Trust Company to be party-in-interest transactions. Certain employees of the Adopting Employers who may be participants in the Plan, perform administrative services for the Plan at no cost to the Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 12, 2016, and has determined that there were no subsequent events or transactions which would require recognition or disclosure in the financial statements, except as disclosed herein.
