Note 1 – Description of the Plan

The following description of the Keller Motors ("Company") 401(K) Profit Sharing Plan and Trust ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

A. General: The Plan is a defined contribution plan covering all full-time employees of the Company who have twelve months of service and are age 21 or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees oversees governance of the Plan. The Plan's Investment Advisor, Wells Fargo Advisors, LLC, determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

B. Contributions: Each year, participants may contribute up to 90 percent of pre tax annual compensation which may not exceed a dollar limit which is set by law, as defined in the Plan. Participants who have attained ago 50 before the end of the Plan year are eligible to make catch-up contributions. The company may contribute an amount equal to the percentage of each contributing Participant's Elective Deferral which the Company, in its sole discretion, determines from year to year. The Plan allows additional contributions representing distributions from other qualified defined benefit or contribution plans, which are referred to as rollover contributions.

C. Participant Accounts: Each participant's account is credited with the participants' contribution and an allocation of (a) Company's contributions and (b) Plan earnings (losses), and charged with an allocation of any administrative expenses paid by the plan. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' non vested accounts are used to reduce future company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participants' vested account.

D. Vesting: Participants in the 401(K) program are immediately vested in their contributions. Employer contributions become 100 percent vested when participants attain normal retirement age as defined in the Plan or after six years of credited service. Vesting in the profit-sharing program portion of the company contributions plus earnings thereon is based on years of continuous service.

E. Payment of Benefits: On termination of service, a participant may elect to receive a lump-sum amount or payments in installments. The Plan does not permit distributions in any form other than a lump-sum if the vested account balance does not exceed $5,000.

F. Participant Loans: Participants may borrow from their fund accounts a minimum of $500, up to a maximum equal to the lesser of $50,000, or 50% of their account balance. The loans are secured by the balance in the participant's account and bear an interest rate equal to 2% above the Wall Street Journal prime rate, which is commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest are paid through semi-monthly payroll deductions.

G. Forfeited Accounts: At December 31, 2015 and 2014, forfeited nonvested accounts totaled $1,885 and $210, respectively. These accounts will be used to reduce future employer contributions.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The Company's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, certain revenues are recognized when received rather than when earned, and certain expenses and purchases of assets are recognized when cash is disbursed rather than when the obligation is incurred.

Loans to Participants
Loans to participants are measured at their unpaid principal balance. Interest income on participant loans is recognized when received. Uncollectible or delinquent loans are reclassified as distributions based on the Plan's provisions.

DOL Limited-Scope Audit
DOL Regulation 2520.103-8 allows the plan administrator to engage the auditor to perform a limited-scope audit if the plan's assets are held by a bank or similar institution or insurance company that is regulated and subject to periodic regulatory agency examination. Such an audit does not cover any information on plan investment assets that is prepared and certified to as both complete and accurate by the bank or similar institution or insurance company.

Investment Valuation
The Plan's investments are stated at quoted market prices (Note 4).

Estimates
The preparation of financial statements in conformity with modified cash basis requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits
Benefits are recorded when paid.

Note 3 – Interest and Dividend

Interest income was derived from the following sources:

	2015	2014
Participant Loans	$ 1,720	$ 1,182

Note 4 – Investments

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit.

Input levels by investment category are as follows:

		Fair Value Measurement Using:	
	Fair Value	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
December 31, 2015			
Interest-Bearing Cash Accounts	$ 10,946	$ - -	$ 10,946
Interest in Registered Investment Companies	1,256,606	1,256,606	- -
Participant Loans	59,831	- -	59,831
	$ 1,327,383	$ 1,256,606	$ 70,777
December 31, 2014			
Interest-Bearing Cash Accounts	$ 15,624	$ - -	$ 15,624
Interest in Registered Investment Companies	1,168,245	1,168,245	- -
Participant Loans	28,224	- -	28,224
	$ 1,212,093	$ 1,168,245	$ 43,848

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 1 inputs were available to the Plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 2 Fair Value Measurements
According to the Plan custodian, the interest in registered investment companies is invested in investments such as stocks, mutual funds, short-term investments, bonds, etc. The underlying measurements for the separate accounts have observable (Level 1 or 2) inputs, including quoted prices for similar assets in active or non-active markets. While the underlying asset values are quoted prices, the NAV (net asset value) of a separate account is not publically quoted; accordingly, the fair value of the referenced accounts are reported at Level 2.

Level 3 Fair Value Measurements
The interest-bearing cash accounts and participant loans are not actively traded and significant other observable inputs are not available. Thus, the fair value of the guaranteed interest accounts is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement; and participant loans are reported at unpaid balances which approximate fair value. There is no existing external exit market for these loans as all transactions are restricted to participants and the Plan sponsor.

Note 4 – Investments - Continued

The following tables reconcile the beginning and ending balances of fair value measurements using significant unobservable inputs (Level 3) of the guaranteed investment accounts and participant loans for the years ended December 31, 2015 and 2014.

Note 7 – Tax Status

The Internal Revenue Service has determined and informed the Company by letter that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Note 8 – Information Prepared and Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the trustee.

	DECEMBER 31, 2015	DECEMBER 31, 2014

Interest-Bearing Cash and Interest in Registered Investment Companies	$ 1,267,552	$ 1,183,869
Investment Income	$ 77,918	$ 61,353

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 10 – Subsequent Events

Management has evaluated subsequent events through October 4, 2016, the date which the financial statements were available to be issued.
