Catholic Health Initiatives (ERISA) Employee Savings Plan

Notes to Financial Statements

December 31, 2014

1. Description of the Plan

The following description of the Catholic Health Initiatives (ERISA) Employee Savings Plan (the Plan) provides only general information. Participants should refer to the summary plan description and plan document for a more complete description of the Plan's provisions.

General

The Plan is an Internal Revenue Code (the Code) Section 403(b) defined contribution plan with an effective date of January 1, 2011.

Under the provisions of the plan document, the following employers were permitted to participate in the Plan: tax-exempt entities that were members of the Catholic Health Initiatives (CHI) controlled group; Centura Health, Sisters of Charity of Cincinnati; Saint Clare Health System; Saint Joseph's Health System; Flaget Healthcare, Inc.; JH Properties, Inc.; Nebraska Heart Hospital, LLC; and Nebraska Specialty Network LLC. Collectively, these employers are known as the Former Participating Employers.

Effective December 31, 2013, the Plan was amended to only allow for participation in the Plan by Sisters of Charity of Cincinnati. Beginning January 1, 2014, only employees of Sisters of Charity of Cincinnati will be eligible to participate and make contributions to the Plan. The employees of all other Former Participating Employers in the Plan at December 31, 2013, became eligible to participate in the Catholic Health Initiatives 401(k) Retirement Savings Plan.

CHI is responsible for the general administration of the Plan. Fidelity Management Trust Company (FMTC) is custodian and Fidelity Investments (Fidelity) is record-keeper for the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2014, the Jewish Health & St. Mary's Healthcare 403(b) Plan was merged into the Plan. Approximately $195,257,000 of participant account balances were transferred into the Plan in accordance with the merger.

Effective April 1, 2014, both the KentuckyOne Health Inc., 403(b) Plan and Alegent Creighton Health 403(b) Savings Plan were merged into the Plan. Approximately $37,629,000 and $325,000,000 of participant account balances, respectively, were transferred into the Plan in accordance with the merger. Participants in these plans became eligible to participate in the Catholic Health Initiatives 401(k) Retirement Savings Plan.

1. Description of the Plan (continued)

The Plan is available to all employees of Sisters of Charity of Cincinnati. Prior to January 1, 2014, the Plan was available to all employees of the Former Participating Employers, with the exception of employees who were eligible to participate in another plan of the Former Participating Employers, such as a 401(k) or another 403(b) plan; employees who were part of a collective bargaining unit; reclassified employees (including, but not limited to, independent contractors, persons paid outside the Former Participating Employer's payroll system, and outsourced workers); and any religious sisters of the Roman Catholic Church who had given a vow of poverty. An employee becomes eligible to participate in the Plan on his or her first day of employment with the Sisters of Charity of Cincinnati.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified plans.

Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. All contributions are subject to certain limitations of the Code.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of plan earnings and is charged a fixed per annum rate of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Administrative expenses are based on a fixed per annum rate. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The fixed administrative fee is charged only one time (on a quarterly basis) even if a participant has multiple CHI plan accounts administered by Fidelity.

1. Description of the Plan (continued)

Vesting

Participants are 100% vested in their salary deferral and voluntary contributions at all times.

Participant Loans

Notes receivable from participants represent participant loans. Participants are allowed two loans to be outstanding at any time. Participants may not borrow less than $1,000 in any single loan. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate, as determined by the plan administrator. Principal and interest payments are made directly to the custodian. Loans for the purchase of a principal residence have a term of 15 years.

Payment of Benefits

Participants are entitled to distributions from the Plan upon death, disability, normal or early retirement, or other termination of employment. Upon termination of service, a participant will receive his or her vested benefits under the Plan. The forms of distribution include a lump-sum distribution, installments, or a partial lump-sum distribution with the remainder taken as a lump-sum distribution or installments at a later date.

Additionally, participants may request distribution of certain portions of their accounts due to financial hardship, as defined, with a minimum of $500.

Administrative Fees

Substantially all administrative and trustee fees are paid by the participants through a fixed per annum fee, charged on a quarterly basis, and investment fees are deducted directly from investment returns.

Plan Termination

Although it has not expressed any intent to do so, CHI has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Benefits Paid to Participants

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2014 or 2013. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements, accompanying notes, and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

2. Summary of Accounting Policies (continued)

In accordance with Accounting Standards Codification 820, *Fair Value Measurement*, assets and liabilities measured at fair value are categorized into the following fair value hierarchy:

> *Level 1:* Quoted prices (unadjusted) in active markets that are accessible at the measurement date for assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.
>
> *Level 2:* Observable prices that are based on inputs not quoted on active markets but corroborated by market data.
>
> *Level 3:* Unobservable inputs are used when little or no market data is available. Therefore, fair value is based on prices or valuation techniques that require inputs that are both significant to the fair value measurement and observable. These inputs reflect management's judgments about the assumptions that a market participant would use in pricing the investment and are based on the best available information, some of which may be internally developed. The fair value hierarchy gives the lowest priority to Level 3 inputs.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought, sold, and held during the year.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2014 or 2013.

Mutual Funds: Mutual funds, including mutual funds invested in self-directed brokerage accounts, are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. Investments

Individual investments that represent 5% or more of the Plan's net assets available for benefits are as follows:

	December 31	
	2014	**2013**
Fidelity Freedom K 2020	**$ 193,929,908**	$ 146,886,048

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants at December 31, 2014 and 2013, and net depreciation in fair value of mutual fund accounts, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by FMTC, the custodian of the Plan.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants, account balances and the amounts reported in the statement of net assets available for benefits.

6. Related-Party Transactions

The Plan invests in certain Fidelity funds managed by FMTC, the custodian of the Plan. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

7. Income Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code and, therefore, it is not currently eligible to receive a determination letter from the Internal Revenue Service (IRS). The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The plan administrator believes that the Plan is operating in accordance with the applicable requirements of Section 403(b) of the Code and therefore believes the Plan is qualified and the related custodial accounts and tax-deferred annuities are tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Plan management has evaluated subsequent events for the Plan through August 27, 2015, the date the accompanying financial statements were available to be issued.

Effective January 1, 2015, the St. Luke's Health System 403(b) Plan was merged into the Plan. Approximately $373,518,000 of participant account balances were transferred into the Plan in accordance with the merger.
