INDEPENDENT AUDITORS' REPORT

To the participants and Trustees of Electric Motion Company, Inc.
401(k) Profit Sharing Plan:

Report on the Financial Statements

We have audited the accompanying financial statements of the Electric Motion Company, Inc. 401(k) Profit Sharing Plan (the "Plan"), which comprise the statements of net assets available for benefits (modified cash basis) as of June 2, 2016 and December 31, 2015, and the related statement of changes in net assets available for benefits (modified cash basis) for the period ended June 2, 2016, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Sentry Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the period ended June 2, 2016 and as of December 31, 2015, that the information provided to the plan administrator by the custodian is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Basis of Accounting

We draw attention to Note 2, to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our disclaimer of opinion is not modified with respect to this matter.

Other Matter

The supplemental schedule of assets held for investment purposes at the end of the period (modified cash basis) as of June 2, 2016 is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employment Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the ***Basis for Disclaimer of Opinion*** paragraph, we do not express an opinion on this supplemental schedule.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Electric Motion Company, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

June 2, 2016 and December 31, 2015

1. Description of Plan

The following description of the Electric Motion Company, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective May 1, 1994, and recently restated effective May 1, 2014 to bring the Plan into compliance with the Pension Protection Act of 2006 and other legislative and regulatory changes. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective February 4, 2016, the Plan Sponsor, Electric Motion Company, Inc. (EMC), was acquired by Hubbell Incorporated. On April 26, 2016, the Hubbell Incorporated Employee Savings and Investment Plan Committee (Committee) approved the merger of the Electric Motion Company, Inc. 401(k) Profit Sharing Plan (EMC Plan) into the Hubbell Incorporated Employee Savings and Investment Plan (HESIP) effective June 2, 2016 at which time all the net assets of the EMC Plan were transferred into HESIP. Net assets were received on June 2, 2016 in the amount of \$11,468,650 by the new plan. All contributions ceased into the EMC Plan after deposit of deferral and match contributions for the hourly employees for the payroll paid May 20, 2016 and salary employees for the payroll paid May 13, 2016.

On May 25, 2016, the EMC Plan was amended to provide for a short plan year January 1, 2016 through June 2, 2016.

Eligibility

Employees of Electric Motion Company, Inc. become eligible to participate in the Plan on the first day of the Plan year or the first day of the seventh month of the Plan year immediately following the completion of one year of service, 1,000 hours and reaching the age of 21.

Contributions

Contributions to the plan are made by both participating employees and the Company. Each plan year, participants may contribute pretax annual compensation up to the maximum deferral limits, as defined by the Plan and allowed by law. Additionally, participants who are fifty (50) years of age are permitted to make additional catch-up contributions as defined by the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified contributions of defined contribution plans.

The Company matches 25% of the first 5% of base compensation that a participant contributes to the Plan. The Company may also contribute additional discretionary contributions as determined by the Board of Directors. There was no Company discretionary profit sharing contributions for the plan period ended June 2, 2016. Contributions are subject to certain limitations. Participants must meet service and age eligibility requirements and be employed on the last day of the Plan year to participate in the current year discretionary profit sharing contribution.

1. Description of Plan (Continued)

Contributions (Continued)

Participants who are not actively employed at the end of the Plan year due to death, total and permanent disability, or early or normal retirement will be eligible to participate in the discretionary profit sharing contribution regardless of the above conditions.

All employee deferrals, rollover contributions, and employer matching and discretionary contributions are invested in the Plan's investment options in percentages as elected by the participants.

Investment Options

Participants direct the investment of their contributions and employer contributions made on their behalf among the various funds offered by the plan. The plan offers a guaranteed fund and certain pooled separate account investment funds that are managed by Sentry Life Insurance Company (Sentry) as investment options. Participants may change the allocation percentages of investments and investment options daily.

Participant Accounts

The account of each participant reflects a separate record of participant contributions and employer contributions, withdrawals and allocations of Plan earnings or losses and expenses. Allocations are based on participant earnings, groupings, or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participant account balances are accounted for as defined by the Plan.

Forfeitures

If a participant terminates employment with the Company at a time when the participant does not have a fully vested interest, the non vested contribution and actual earnings thereon are forfeited. Forfeited non vested amounts are credited to the terminated employees account if they become re-employed within the prescribed period. Forfeitures of Company matching and discretionary contributions are added to the employer discretionary contribution and allocated to remaining participants at the end of the Plan year, as defined in the Plan.

Forfeiture balances for the period ended June 2, 2016 of \$2,578 were included in the amounts transferred to the HIESI Plan.

Notes to Financial Statements

June 2, 2016 and December 31, 2015

1. Description of Plan (Continued)

Vesting

Participants are immediately vested in their own deferral, rollover and qualified non elective contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of service, as defined in the plan. A participant becomes 20% vested after 2 years of service, 40% after 3 years of service, 60% vested after 4 years of service, 80% after 5 years of service and 100% vested after 6 years of service.

Benefit Payments and Withdrawals

On termination of service for any reason, including death or retirement, a participant or beneficiary is eligible to receive the value of the vested interest in his or her account as a lump-sum distribution.

A participant who has attained age 59 ½ may withdraw all or a portion of his or her pre-tax elective deferral account, as described in the plan agreement, as an in service distribution. In addition, qualifying hardship distributions may only be made from the participant's elective deferral account.

2. Summary of Significant Accounting Policies

Method and Basis of Accounting

The financial statements of the Plan are prepared using the modified cash basis of accounting, which is a basis of accounting other than generally accepted accounting principles. Consequently, investment income is recognized when received; disbursements are recognized when made, and contributions from the employer and participants are recorded when earned or withheld from the participants, respectively. Additionally, certain investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes to Financial Statements

June 2, 2016 and December 31, 2015

2. Summary of Significant Accounting Policies (Continued)

Adoption of New Accounting Standards (Continued)

In May 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Assets per Share (or Its Equivalent)* which exempts investments measured using the net asset value (NAV) practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Management elected to early adopt the provisions of this new standard in the year ended December 31, 2105.

In July 2015, the Financial Accounting Standards Board (FASB) issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965); Part (I) Fully Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of fully benefit-responsive contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further, the disclosure of information about fair value measurements should be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015 and requires retrospective application. Management has elected to early adopt Part I and II of the standard in the year ended December 31, 2015.

The adoption of ASU 2015-07 and ASU 2015-12 affects certain plan investment disclosures, but does not change the presentation of total net assets available for benefit. Accordingly, certain prior year amounts have been reclassified to conform to the current year presentation.

Contributions

Participant contributions are recorded in the period in which the employee deductions are withheld from the participant's compensation. The related Company matching contributions are recorded concurrently with the recording of participant contributions. The Company's discretionary contribution, qualified non elective (QNEC) and other contributions are recorded in the year or period for which it is approved by the Company's directors.

Electric Motion Company, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

June 2, 2016 and December 31, 2015

2. Summary of Significant Accounting Policies (Continued)

Risks and Uncertainties

The plan provides for various investment options in a number of combinations of separate accounts and a guaranteed investment fund. Such investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, and the level of uncertainty related to changes in the values of investment securities, it is reasonably possible that changes in the values of the Plans investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Use of Estimates, Economic Dependency, and Concentrations

The preparation of the Plan's financial statements requires management to make estimates and assumptions that effect the reported amounts of net assets available for benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the dates of the financial statements. Accordingly, actual results could differ from those estimates.

The Plan is economically dependent upon contributions from the Company and participating employees.

The Plan's investments are concentrated in a guaranteed fund and pooled separate accounts managed by the Sentry Life Insurance Company.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Management determines the Plan's valuation policies utilizing information provided by the investment custodian, Sentry. See note 4 for discussion of fair value measurement.

All investment transactions, including investment earnings and losses, and purchases and sales of securities, are recorded on a trade-date basis. Interest income is recorded when received.

The Plan presents in the statement of changes in net assets available for benefits, the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Benefit payments to participants or beneficiaries are recorded upon distribution.

Electric Motion Company, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

June 2, 2016 and December 31, 2015

2. Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain administration expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Expenses paid by the Company totaled \$18,947 for the period ended June 2, 2016. Investment management related fees and expenses are paid directly by the guaranteed fund and the pooled separate account funds themselves and are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The plan has evaluated subsequent events through October 27, 2016, the date the financial statements were available to be issued.

3. Information Certified by the Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Sentry, the custodian of the plan, has certified to the plan administrator the following information as complete and accurate, which has been relied upon by the plan administrator in the preparation of the plan's financial statements:

- The contract and physical custody of the guaranteed fund, and the fair value and physical custody of the pooled separate account investments, in total and by investment option, at June 2, 2016 and December 31, 2015.
- Guaranteed fund and pooled separate account transactions, the interest income on the guaranteed fund and the net appreciation (depreciation) in the fair value of the pooled separate account investments, in total and by investment option, respectively, for the period ended June 2, 2016.
- The information provided on the Supplemental Schedule Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Period) at June 2, 2016.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under ASC 820 are described below:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Electric Motion Company, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements

June 2, 2016 and December 31, 2015

4. Fair Value Measurements (Continued)

- Level 2 – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 – Significant unobservable inputs that reflect the Plan’s own assumptions about the assumptions that market participants would use in pricing an assets or liability.

The assets or liability’s fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 2, 2016 and December 31, 2015.

Pooled Separate Accounts: The investment options in Sentry’s pooled separate accounts are in a variable annuity contract. This variable annuity contract provides for participant directed investment through a number of underlying mutual funds and exchange traded funds (ETFs) with a range of investment objectives. The fair values of the sub-series within the variable annuity contract are determined by their initial value, plus changes in the underlying value of the mutual fund and/or the ETF shares plus any distributions received from the investments and less any charges assessed by the variable annuity contract and are determined by Sentry.

The inputs or methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The tables below set forth, by level within the fair value hierarchy, the Plan’s investments at fair value at June 2, 2016 and December 31, 2015:

(*) – Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statement of net assets available for benefits.

For the period ended June 2, 2016, there were no significant transfers between levels 1 and 2 and no transfers in or out of level 3.

Fair Value of Investments in Entities that Use NAV

In accordance with the guidance regarding the fair value measurements and disclosures for investments in certain entities that calculate net assets value (NAV) per share (or its equivalent), the fair value and redemption notice period for those assets whose fair value is estimated using NAV per share as of June 2, 2016 and December 31, 2015, respectively, are disclosed.

The following tables summarize investments measured at fair value based on NAV per share as of June 2, 2016 and December 31, 2015, respectively.

4. Fair Value Measurements (Continued)

Fair Value of Investments in Entities that Use NAV (Continued)

In accordance with ASC 965-325-50-9, since each pooled separate account investment is measured using the net asset value per share (or its equivalent) practical expedient and each files a U.S. Department of Labor Form 5500 as a direct filing entity, disclosure of their significant investment strategies is not required.

5. Investment Contract with Insurance Company

The Plan has a benefit-responsive investment contract (Guaranteed Fund) with Sentry. Sentry maintains the contributions in a general account. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Sentry is contractually obligated to repay the principal and a specified interest rate (3.0% for the period ended June 2, 2016 and 3.2% for the year ended December 31, 2015) that is guaranteed to the Plan. The contract is included in the statements of net assets available for benefits at contract value as determined by Sentry. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

At June 2, 2016 and December 31, 2015 there are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is determined by Sentry and communicated annually to the Plan.

Certain events, such as the premature termination of the contract by the Plan, termination of the Plan, the failure to meet the requirements for qualification under the IRC and/or any other applicable state or federal law, would limit the Plan's ability to transact at contract value with Sentry. It has been determined by the Plan administrator and the investment custodian Sentry, that no market value adjustment was to the Guaranteed Fund at final transfer to HESIP.

6. Related-Party/Party-in-Interest Transactions

Plan assets include investments in funds managed by Sentry. Sentry is the Plan's custodian and as such, transactions in various Sentry accounts qualify as party-in-interest transactions. Certain investment management fees and commissions paid to the insurance agent/broker are charged to the plan by Sentry. These amounts are charged directly against the investment income reported for the guaranteed account and each separate pooled account. In addition, personnel and facilities of the Company have been used to perform administrative functions for the Plan at no charge to the Plan.

The three Trustees of the Plan are currently officers of the Plan Sponsor and participants in the Plan.

Notes to Financial Statements

June 2, 2016 and December 31, 2015

7. Plan Termination

Although it had not expressed any intent to do so, the Company had the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would have become fully vested in their accounts, and the trust fund would have continued until all funds are distributed in accordance with the terms of the Plan.

8. Tax Status

On March 31, 2014, the Internal Revenue Service (IRS) stated that the prototype plan adopted, as then designed, qualified under Section 401(a) of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. No provision for income taxes has been included in the Plan's financial statements.

Plan management is required to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the Plan has taken certain positions that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that as of June 2, 2016 and December 31, 2015, there were no uncertain positions taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management believes it is no longer subject to income tax examinations for the years prior to April 30, 2014.
