ACCORD HUMAN RESOURCES RETIREMENT SAVINGS PLAN

Notes to Financial Statements

April 5, 2016 and December 31, 2015

(1) Description of Plan

The following description of Accord Human Resources Retirement Savings Plan is provided for general information purposes only. Participants should refer to the Plan documents for more complete information.

(a) General and Plan Merger

The Accord Human Resources Retirement Savings Plan (the Plan) was established January 1, 1998 and is sponsored by TriNet HR Corporation (the Company). The Plan is a defined contribution, multiple employer plan that is designed to provide an opportunity for worksite employees covered under the Plan to participate in a deferral of compensation arrangement pursuant to section 401(k) of the Internal Revenue Code.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

During 2015 the Trustees of the Plan approved the merger of the Plan with the TriNet 401(k) Plan, which is also sponsored by the Company. Contributions into the Plan were stopped effective April 1, 2016, and all assets were transferred from the Plan on April 5, 2016.

(b) Contributions

An employee is eligible to participate in the Plan after the employee has completed 1,000 hours of service per year and are age 21 or older. Each worksite employee may have varying eligibility requirements.

Each year, participants may elect to contribute up to 100% of their compensation, as defined by the Plan, not to exceed \$18,000 in 2016. As allowed by the IRS, the limit on catch-up elective deferrals for participants age 50 and over was an additional \$6,000 for the 2016 plan year.

The employers provide matching contributions and additional profit sharing contributions which are at the discretion of the employers.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions, the matching contribution, an allocation of worksite employer's additional discretionary profit sharing contribution, if any, and Plan earnings. Each participant's account is charged with Plan earnings and administrative expenses, if any. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

ACCORD HUMAN RESOURCES RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

(1) Description of Plan - Continued

(d) Vesting

Participants are immediately vested in their contributions and the earnings thereon. Participants are 100% vested in employer contributions and the actual allocated earnings thereon when the participant attains normal retirement age as defined by the Plan. Although vesting may vary by worksite employer, prior to normal retirement age, vesting for all participants generally occurs under the following schedule:

<u>Year of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 years, but less than 3 years	20%
3 years, but less than 4 years	40%
4 years, but less than 5 years	60%
5 years, but less than 6 years	80%
6 years or more	100%

Vesting in worksite employer's discretionary matching and discretionary profit sharing contributions plus actual earnings are 100% vested upon normal retirement age (59 ½), death, or disability.

(e) Investment Options

The Plan permits participants to direct the investment of their elective deferrals and contributions from worksite employers into various investments offered by the Plan.

(f) Notes Receivable from Participants

Participants may borrow from their accounts an amount not less than \$1,000 and a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a current rate of interest when made (3.25% - 5.25%) for the period ended April 5, 2016. Loan terms typically require repayment within five years; however, longer repayment terms can be approved if the loan is for the purpose of a primary residence. Principal and interest are paid through payroll deductions.

(g) Payment of Benefits

Distribution of a participant's account in an amount equal to the participant's vested interest in their own account may be made upon termination of service, death, disability or retirement. Benefits attributable to the deferral contribution account may also be distribution upon hardship, as defined by the Plan. If the vested account balance does not exceed \$5,000, the Plan will automatically distribute that portion to the participant balance in a lump sum as soon as administratively feasible after termination of employment.

ACCORD HUMAN RESOURCES RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

(1) Description of Plan - Continued

(g) Payment of Benefits - Continued

In the event of a mandatory distribution greater than \$1,000, in accordance with provisions of the Plan, if the participant does not elect to have such distribution paid directly to an eligible retirement plan specified by the participant in a direct rollover or to receive the distribution directly in accordance with the provisions of the Plan, then the plan administrator will pay the distribution in a direct rollover to an individual retirement plan designated by the plan administrator. In all other circumstances, the Plan will commence distribution to the participant at the time the participant elected to commence distribution. The distribution may be delayed until the end of the plan year in which the latest of these three events occurs: (1) attainment of normal retirement age; (2) attainment of age 62; or (3) termination of employment, but in no case shall distribution be later than April 1st following the year in which the participant attains age 70 ½ or retires, whichever is later.

(h) Forfeitures

Upon termination of a participant's employment, the non-vested portion of their employer's contributions may be used to reduce future employer contributions or pay plan expenses. Forfeited non-vested accounts available totaled approximately \$0 and \$189,000 as of April 5, 2016 and December 31, 2015, respectively. Forfeited non-vested accounts were transferred as part of the merger in the amount of approximately \$331,000 for the period ended April 5, 2016.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting and present the net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and the related changes therein. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments in mutual funds are stated at fair value as determined by quoted market prices from active markets, which represents the net asset value of shares held by the Plan at year end.

ACCORD HUMAN RESOURCES RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

(2) **Summary of Significant Accounting Policies - Continued**

(c) **Investment Valuation and Income Recognition - Continued**

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

(d) **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan agreement.

(e) **Administrative Expense**

Certain administrative expenses not paid by the Plan are paid by the Plan Sponsor. Management fees and account administrative expenses are paid by the participants. Administrative expenses incurred for the period ended April 5, 2016 were approximately \$124,000 including approximately \$10,000 paid to the plan sponsor for administration duties.

(f) **Risks and Uncertainties**

The Plan may invest in various types of investment securities. Investment securities are exposed to the various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' accounts balances and the amounts reported in the statements of net assets available for benefits.

(g) **Recent Accounting Pronouncements**

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-07, *Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*. The ASU removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value per share as a practical expedient provided by FASB Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* (ASC 820). Disclosures about investments in certain entities that calculate net asset value per share are limited under this ASU to investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The guidance requires retrospective application and is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. Plan's management does not expect the adoption of this ASU to have a material impact on the Plan's financial statements.

(2) Summary of Significant Accounting Policies - Continued

(g) Recent Accounting Pronouncements - Continued

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I of the ASU eliminates the requirements to measure the fair value of fully benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II of this ASU eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics, and risk. Further the disclosure of information about fair value measurements shall be provided by general type of plan investment. Part III of this ASU allows a plan with a fiscal year end that does not coincide with the end of a calendar month to measure its investments and investment-related accounts using the month end closest to its fiscal year end. The guidance is effective for fiscal years beginning after December 15, 2015 and early adoption is permitted. The guidance on fully benefit-responsive investment contracts and plan investment disclosures must be applied retrospectively. The guidance on measurement date practical expedient must be applied prospectively. The Plan's management has elected to early adopt ASU 2015-12 Part II effective December 31, 2015.

(3) Certification of Plan Investments (Unaudited)

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Mid Atlantic Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements is complete and accurate:

- Investments at fair value as shown in the Statements of Net Assets Available for Benefits as of April 5, 2016 and December 31, 2015;
- Net investment income, excluding interest income on notes receivable from participants, and related investment activity as shown in the Statement of Changes in Net Assets Available for Benefits for the period January 1, 2016 -April 5, 2016.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

(4) **Plan Administration**

Pursuant to agreements with Accord, Slavic Integrated Administration, Inc. (Slavic) provides administrative and record keeping services to the Plan, and Mid Atlantic Trust Company is the trustee and provides investment management services to the Plan.

(5) **Plan Termination**

The Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. As described in Note 1, the Plan merged with the TriNet 401(k) Plan, with all assets of the Plan transferring to the TriNet 401(k) Plan in 2016. No vesting changes were applicable to the participants of the Plan due to the merger, as the vesting requirements for both plans are the same.

(6) **Income Tax Status**

The Plan obtained its latest determination letter dated September 27, 2013, in which the Internal Revenue Service stated that the plan, as then designed, was qualified under Section 401(a) of the Code, and therefore, the related trust is exempt from taxation under Section 501(a) of the Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of April 5, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) **Parties-in-Interest**

During the period January 1, 2016 – April 5, 2016, the Plan paid approximately \$113,000 to Slavic. Participant loan transactions are considered party-in-interest transactions as defined in Section 3(14) of ERISA because they are transacted with Plan participants. These transactions are, however, expressly exempted from the prohibited transaction rules.

(8) **Fair Value Measurements**

ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- a) Quoted prices for similar assets or liabilities in active markets;
- b) Quoted prices for identical or similar assets or liabilities in inactive markets;
- c) Inputs other than quoted prices that are observable for the asset or liability;
- d) Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies and Money Market Funds

These investments are valued at quoted market prices in an exchange and active market, which represents the net asset value of shares held by the Plan at year end, and are classified as Level 1.
