INDEPENDENT AUDITOR'S REPORT

Administrative Committee of Precision Components
International Inc. Employee Savings Plan
Columbus, Georgia

Report on the Financial Statements

I was engaged to audit the accompanying financial statements of Precision Components International, Inc. Employee Savings Plan, which comprise the statements of net assets available for benefits as of February 1, 2016 and December 31, 2015, the related statements of changes in net assets available for benefits for the periods then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America: this includes the design, implementation, maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, I was not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed me not to perform, and I did not perform, any auditing procedures with respect to the information summarized in Note E, which was certified by MassMutual, the trustees of the Plan, except for comparing the information with the related information included in the accompanying financial statements and schedules. I have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the periods ended February 1, 2016 and December 31, 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, I do not express an opinion on these financial statements.

Other Matter

The supplemental schedules, statements of assets held for investment and the schedule of reportable transactions as of or for the period ended February 1, 2016 are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, I do not express an opinion on these supplemental schedules.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by me in accordance with auditing standards generally accepted in the United States of America and, in my opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

PRECISION COMPONENTS INTERNATIONAL, INC. EMPLOYEE SAVINGS PLAN

NOTE A--SIGNIFICANT ACCOUNTING POLICIES

Accounting Records: The financial statements of the Plan are prepared on the accrual basis.

Investments: Investments are maintained and managed by Massachusetts Mutual Life Insurance Company. Investments are recorded at fair value. The fair value of the investments as reflected in the accompanying financial statements have been determined by Mass Mutual for assets held by them. The methods used to measure fair value may produce an amount that may not be indicative of the net realizable value or reflective of future fair values. The Plan believes the valuation methods used are appropriate and consistent. The use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

The change in the difference between current value and the cost of investments at the beginning of the year and the end of the year, as adjusted for sales during the year of investments held at the beginning of the year, is reflected in the statements of changes in net assets available for plan benefits as unrealized appreciation or depreciation in the aggregate current value of investments. Notes receivable from participants are valued at their outstanding balances plus any accrued but unpaid interest, which, approximate fair value. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the plan document.

The realized gain or loss on investments is the difference between the proceeds received and the current value as of the end of the preceding year.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan invests in various investments securities (primarily pooled separate accounts with MassMutual). Investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risks associated with certain investment options, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could be materially affect the amounts reported in the statement of net assets available for plan benefits.

Subsequent events: The Plan has evaluated subsequent events through November 1, 2016 the date the financial statements were available to be issued.

Payment of Benefits: Benefits are recorded when paid.

Information Certified by Trustee: In accordance with DOL regulations, the audit may be restricted with respect to assets held and transactions executed by certain institutions. In an ERISA limited scope audit, the plan administrator can instruct the auditor to limit the scope of testing in investment information prepared and certified by a qualified trustee, custodian, or insurance company as complete and accurate.

NOTE B--DESCRIPTION OF THE PLAN

The Employee Savings Plan of Precision Components International, Inc. is a defined contribution plan covering all full-time employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act(ERISA) Principal provisions of the Plan are as follows:

Eligibility: All full-time employees of the Company are eligible for employee deferrals. Must have completed one year of service to be eligible for employer matching contributions.

Contributions: Participants may elect to defer and contribute up to 100% of their compensation to the Plan, subject to IRS limitations. The sponsor makes a discretionary matching contribution on behalf of each participant in an amount up to 3% of the compensation paid to eligible employees. The Sponsor may, at the direction of its Board of Directors, make a non-matching discretionary contribution on behalf of all eligible employees. The plan sponsor makes a 3% safe harbor contribution to the plan for participants who satisfy the eligibility requirements.

Notes receivable from participants: Participant may borrow from their fund accounts up to 50% of their vested balance in their participant account. The loans are secured by the balance in the participant account and must be repaid within 5 years. Interest is charged and accrued at prevailing rates. Principal and interest is paid ratably through payroll deductions. Notes receivable are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms in the Plan document.

Participant Accounts: Each participant's account is credited with the participant's contribution and an allocation of the Sponsor's contribution and plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Normal Retirement Age: Age 65.

Vesting: Participants are immediately 100% vested in their voluntary contributions, safe harbor contributions and QNEC contributions, plus actual earnings thereon. A participant will become 100% vested in the remainder of their account upon the earliest of the following: 1) completion of 3 years of vesting service, 2) termination due to lack of work, 3) entry in military, 4) date of disability, 5) normal retirement age, 6) death, 7) date of Plan termination.

Benefits: Benefits may be paid in a lump sum or in equal monthly installments over any period not to exceed the shorter of 15 years or the participant's life expectancy.

Termination of Plan: The Sponsor reserves the right to terminate the Plan at any time.

Plan Expenses: Certain administrative expenses of the Plan are paid by the Plan.

Plan Merger: The Plan was merged into the UTC Employee Savings Plan on February 1, 2016. This plan is sponsored by United Technologies Corporation, the parent company of Pratt & Whitney who acquired Precision Components International, Inc. on July 7, 2014. All assets of the Plan were transferred into the UTC Employee Retirement Plan on February 1, 2016.

NOTES TO FINANCIAL STATEMENTS – CONTINUED

NOTE C--INCOME TAX STATUS

The Plan obtained its latest determination letter on January 28, 2011, in which the Internal Revenue Service states that the Plan as then designed, was in compliance with the applicable requirements of the Internal Revenue Code and is, therefore, not subject to tax under the present income tax laws.

Accounting principles generally accepted in the United States of America required plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax period in progress. All years of the plan's existence are subject to audit at this time.

NOTE D--INFORMATION FURNISHED BY THE TRUSTEE

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedules(including schedules of assets held for investment and reportable transactions), including investments and notes receivable from participants held at February 1, 2016 and December 31, 2015, and net appreciation in fair value of investments, interest and dividends for the years then ended, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mass Mutual, Plan Trustee. That information, which was certified by the trustee and has not been audited by independent accountants, is summarized as follows:

NOTE G—FAIR VALUE MEASUREMENTS

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodology used for February 1, 2016 and December 31, 2015.

Pooled separate accounts (psa)-- value determined on a participant unit basis. The balance of participant units credited to the equity accounts held on behalf of the Plan are multiplied by the current units value which is valued daily based on investment results. The value of each psa is based on the value of the mutual fund shares held by each fund.

Guaranteed interest accounts—valued at fair value by discounting the related cash flows based on current yields

The preceding methods described may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.
