Defined Contribution Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of The Centers for Families and Children Defined Contribution Retirement Plan (the Plan), which comprise the statements of net assets available for benefits on a modified cash basis of accounting as of December 31, 2015 and 2014 and the related statement of changes in net assets available for benefits on a modified cash basis of accounting for the year ended December 31, 2015 and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan Administrator instructed us not to perform and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified or provided by Great-West Trust Company, LLC, the trustee of the Plan, except for comparing this information with the related information included in the financial statements. We have been informed by the Plan Administrator that the trustee holds the Plan's assets and executes transactions. The Plan Administrator has obtained a certification from the trustee as of December 31, 2015 and 2014 and for the year ended December 31, 2015, that the information provided to the Plan Administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Independent Auditor's Report (Continued)

Emphasis of Matter – Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements and supplemental schedule are prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our disclaimer of opinion is not modified with respect to this matter.

Emphasis of Matter – Adoption of New Accounting Pronouncement

As discussed in Note 2 to the financial statements, the plan adopted new accounting guidance related to the presentation of fair value of certain investments and disclosures of investments. Certain investments are now shown at contract value rather than fair value on the Statements of Net Assets Available for Benefits. Prior year disclosures have also been revised to reflect the retrospective application of adopting these changes in accounting. Our disclaimer of opinion is not modified with respect to these matters.

Other Matter – Supplemental Schedule

The supplemental schedule as of December 31, 2015 is required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. The supplemental schedule is the responsibility of the Plan's management. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule.

Report on Form and Content in Compliance with DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified or provided by the trustee, has been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, is presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

Note 1. Description of the Plan

The following description of The Centers for Families and Children Defined Contribution Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all eligible employees of The Centers for Families and Children (The Centers), West Side Ecumenical Ministry (WSEM), and El Barrio, Inc., as defined by the Plan.

To be eligible to make employee contributions to the Plan, employees must meet the definition of a covered employee, as defined in the Plan agreement. To be eligible to participate in employer contributions, the participant must be twenty-one years of age or older and have at least one year of service. In addition, for purposes of employer contributions, eligible employees may join the Plan on semi-annual entry dates of January 1 and July 1. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may elect to contribute a percentage of eligible compensation, as defined in the Plan, or a specified dollar amount not exceeding compensation for each pay period. Participants may designate all or a portion of contributions as Roth 401(k) contributions. Contributions may not exceed the annual maximum permitted under the applicable section of the Internal Revenue Code. Participants who attain age 50 before the end of the Plan year are eligible to contribute additional catch-up contributions. In addition, participants may contribute amounts representing eligible rollover distributions from other qualified plans.

For those eligible employees, the employer contribution is integrated with the published U.S. Social Security Wage Base. For bargaining unit employees, The Centers may make discretionary contributions not to exceed 5.0% of eligible base compensation plus an additional 4.3% of eligible compensation that exceeds a portion of the Social Security Wage Base. For non-bargaining unit employees, The Centers will, at its discretion, make a Safe Harbor non-elective contribution of 3% plus an additional non-elective contribution of 2% of eligible base compensation. At The Centers' discretion, an additional non-elective contribution of 2% of eligible compensation that exceeds a portion of the Social Security wage base can also be made.

All contributions are remitted to the trust after each pay period. Contributions are invested by the Plan's trustee, as directed by the employees, in one or more of the participant-directed funds. Participating employees may elect to change investment direction at any time. Earnings, interest and dividends received from investments in each fund are invested in the fund in similar assets.

Participant accounts: Each participant's account is credited with the participant's contributions and allocations of (a) the employer contributions and (b) Plan earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their employee contributions.

A bargaining unit participant's vested interest in the employer's contributions, along with any earnings on those contributions, shall be determined in accordance with the following schedule:

<u>Years of vesting service:</u>	<u>Vested Interest</u>
Less than 1	0%
1 but less than 2	33-1/3%
2 but less than 3	66-2/3%
3 or more	100%

Note 1. Description of the Plan (Continued)

A non-bargaining unit participant's vested interest in the safe harbor contributions is always 100%. For all other employer contributions, a non-bargaining unit participant's vested interest is 0% prior to completion of 3 years of vesting service. Upon completion of 3 years of vesting service, the vested interest is 100%.

Payment of benefits: On termination of services due to death, disability, or retirement, a participant will receive an amount equal to the value of the participant's vested interest in his or her account as a lump-sum amount.

Administrative expenses: Administrative fees related to the Plan are paid by The Centers or the Plan at the option of The Centers.

Forfeitures: At December 31, 2015 and 2014, unallocated forfeitures from nonvested and partially vested participants totaled \$15,102 and \$25,035, respectively. Forfeiture dollars, as of the last day of the Plan year in which the forfeiture occurs, shall be applied first against Plan expenses and then against the Employer contribution obligations. During the year ended December 31, 2015, \$21,273 of forfeitures were used. The Centers intends to use the balance of unallocated forfeitures at December 31, 2015 to reduce Plan expenses in 2016.

Plan termination: While The Centers has not expressed any intentions to discontinue the Plan, it can do so subject to the provisions of ERISA. In the event of termination of the Plan, the amounts allocated to the individual participant accounts would become 100% vested and paid to the participants.

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loans may not be made from the portion of the participant's account attributable to employer contributions. The loans are secured by the balance in the participant's account and bear interest at varying rates that are commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest are paid ratably through payroll deductions.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The Plan uses the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement attribute for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts, as contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of estimates: The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation: Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition: Purchases and sales of securities are recorded on a settlement date basis. Interest and dividends are recorded when received.

Note 2. Summary of Significant Accounting Policies (Continued)

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits to participants are recorded when paid.

Recently adopted accounting pronouncement: In July 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965) – (I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures, and (III) Measurement Date Practical Expedient (a consensus of the FASB Emerging Issues Task Force)*. The purpose of this Update is to simplify Plan accounting.

- The amendments in Part I of this Update designate contract value as the only required measure for direct investments in fully benefit-responsive investment contracts. Fully benefit-responsive investments contracts will be presented at contract value; accordingly, there will no longer be an adjustment from fair value to contract value on the face of the financial statements where applicable.
- The amendments in Part II of this Update will eliminate the requirements for plans to disclose (1) individual investments that represent 5 percent or more of net assets available for benefits and (2) the net appreciation or depreciation for investments by general type for both participant-directed investments and nonparticipant-directed investments. The net appreciation or depreciation in investments for the period will still be required to be presented in the aggregate. In addition, if an investment is measured using the net asset value per share (or its equivalent) practical expedient in Topic 820 and that investment is in a fund that files a U.S. Department of Labor Form 5500, *Annual Return/Report of Employee Benefit Plan*, as a direct filing entity, disclosure of that investment's strategy will no longer be required.
- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with month-end.

The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted amendments in Parts I and II of this Update for the 2015 Plan year, and the amendments in Parts I and II were retrospectively applied to December 31, 2014. Prior year disclosures in Notes 3 and 4 have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements.

Subsequent events: The Plan has evaluated events for potential recognition and/or disclosure through November 7, 2016, the date the financial statements were available to be issued.

Note 3. Information Certified and Provided by Great-West Trust Company, LLC

The following is a summary of the Plan's asset information as of December 31, 2015 and 2014 and for the year ended December 31, 2015, included throughout the Plan's financial statements and supplemental schedule that was prepared by or derived from information provided by the trustee and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the trustee that information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets.

	2015	2014
Registered investment companies	<u>\$ 7,950,116</u>	<u>\$ 7,814,027</u>
Guaranteed investment contract	<u>\$ 2,299,863</u>	<u>\$ 2,312,854</u>
Notes receivable from participants	<u>\$ 176,988</u>	<u>\$ 181,494</u>

The trustee also certified to the completeness and accuracy of the following for the year ended December 31, 2015:

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Registered investment companies: Valued at quoted market prices which represent the net asset value of the shares held by the Plan at year end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis at December 31:

		2015			
		Level 1	Level 2	Level 3	Total
Registered investment companies		\$7,950,116	\$ -	\$ -	\$ 7,950,116
Total assets at fair value		\$7,950,116	\$ -	\$ -	\$ 7,950,116

		2014			
		Level 1	Level 2	Level 3	Total
Registered investment companies		\$7,814,027	\$ -	\$ -	\$ 7,814,027
Total assets at fair value		\$7,814,027	\$ -	\$ -	\$ 7,814,027

Note 5. Investment with Insurance Company

The Plan has a benefit-responsive traditional investment contract with Great-West Life & Annuity Insurance Company (Great-West). Great-West maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Great-West, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate of 0%, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

There are no events which limit the ability of the Plan to transact at contract value with the issuer. Either party to the contract may terminate the agreement prior to the scheduled maturity date with at least 60 days advance written notice to the other party.

Note 6. Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated February 22, 2011, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. Although the Plan has been amended since receiving the determination letter, The Centers believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan. As of December 31, 2015 and 2014, management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to tax examinations by U.S. federal tax authorities for years before 2012.

Note 7. Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies and a guaranteed investment contract managed by affiliates of Great-West Trust Company, LLC. Great-West Trust Company, LLC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services provided by the trustee and the investment advisor amounted to \$39,972 and \$31,236, respectively, for the year ended December 31, 2015.

Note 8. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
