INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Micro Plastics, Inc. Savings and Retirement Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Micro Plastics, Inc. Savings and Retirement Plan (the "Plan"), which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statement of changes in net assets available for benefits for the year ended December 31, 2015, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

The supplemental schedule of Form 5500, Schedule H, Part IV, line 4i—Schedule of Assets Held (At End of Year) as of December 31, 2015, is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and is presented for the purpose of additional analysis and is not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedule referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MICRO PLASTICS, INC. SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

1) DESCRIPTION OF PLAN

The following description of the Micro Plastics, Inc. Savings and Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Summary Plan Description, Plan Document and Adoption Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Micro Plastics, Inc. (the "Company") who have one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). State Street Bank and Trust Company is the trustee of the Plan. Management of the Company, specifically the Administrative Committee, is responsible for the oversight of the Plan.

Contributions

Participants may contribute from 1% to 50% of pretax annual compensation, as defined in the Plan, subject to certain Internal Revenue Code limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. For the year ended December 31, 2015, the Company made a matching contribution of up to 50% of the first 6% of base compensation that a participant contributed to the Plan.

Forfeited Accounts

At December 31, 2015 and 2014, there were no forfeited, non-vested accounts.

Investment Options

Participants direct the investment of their contributions as well as the Company's contributions into various investment options offered by the Plan. The Plan currently offers thirty-seven mutual funds and two common collective trusts as investment options for participants.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. Loan transactions are treated as a transfer between the participant's investments and the loan. Only one loan may be outstanding at any given time. Loan terms range from one to five years, with the exception of the purchase of a primary residence. Each loan is secured by the balance in the participant's account and bears an interest rate which is commensurate with local prevailing rates. Principal and interest are paid ratably through monthly payroll deductions.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions and allocations of the Company's contribution, if any, and is credited/charged with Plan earnings/losses. Allocations are based on participant earnings or account balances, as defined by the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

MICRO PLASTICS, INC. SAVINGS AND RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

1) DESCRIPTION OF PLAN (continued)

Payment of Benefits

Upon termination of service due to death, disability, retirement, or other reasons, a participant shall receive a lump-sum amount equal to the value of the participant's vested interest in his or her account either directly or rolled-over into another qualified plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings/losses thereon and in the Company's matching contribution portion of their accounts plus actual earnings/losses thereon.

2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Date of Management Review

The Company has evaluated events and transactions for potential recognition or disclosure in the financial statements through July 28, 2016 which is the date the report was available for release. No subsequent events have been recognized or disclosed.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments.

Notes Receivable from Participants

In accordance with Financial Accounting Standard Board ("FASB") Accounting Standards Codification ("ASC") Topic 962, *Reporting Loans to Participants by Defined Contribution Pension Plans*, participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Defaulted loans are deemed distributed and recorded as benefits paid to participants in the statement of changes in net assets available for benefits. During the year ended December 31, 2015, \$2,554 was recorded as a deemed distribution.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

MICRO PLASTICS, INC. SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Plan Administration Costs

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative costs may be paid by the Company or the Plan, at the Company's discretion. Certain investment fees charged to the Plan are deducted from income earned on a daily basis and are not separately reflected. Investment related expenses are included in net depreciation in fair value of investments.

Recent Accounting Pronouncements

In May 2015, the FASB issued ASU No. 2015-07, "Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share" ("ASU 2015-07"), which removes the requirement to present certain investments for which the practical expedient is used to measure fair value at net asset value within the fair value hierarchy table. Instead, an entity would be required to include those investments as a reconciling item so that the total fair value amount of investments in the disclosure is consistent with the fair value investment balance on the statement of net assets available for benefits. The Company elected to early adopt ASU 2015-07, as permitted, and has applied this ASU 2015-07 retrospectively, as required. The Plan presents the investment disclosure required by this ASU 2015-07 in the fair value hierarchy tables for 2015 and 2014 in Note 3, "Fair Value Measurements." There were no other impacts on the statements of net assets available for benefits and the statement of changes in net assets available for benefits as of December 31, 2015 and 2014.

In July 2015, the FASB issued ASU No. 2015-12, "*Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*," ("ASU 2015-12"), which simplifies the required disclosures related to employee benefit plans. Part I and Part III are not applicable to the Plan. Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type, however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Furthermore, the disclosure of information about fair value measurements shall be provided by general type of plan asset. ASU 2015-12 is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. The Company elected to early-adopt ASU 2015-12, as permitted, and has applied the provisions retrospectively. The adoption of ASU 2015-12 has resulted in the eliminated of the historical disclosure of individual investments which comprise 5% or more of total net assets available

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

MICRO PLASTICS, INC. SAVINGS AND RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

3) FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

We have evaluated the significance of transfers between levels based upon the nature of the financial instruments and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2015 and 2014, there were no transfers in or out of levels 1, 2, or 3.

Following is a description of the valuation methodologies used for assets at fair value. There have been no changes in the methodologies used as of December 31, 2015 and 2014.

Mutual Funds: These represent investments with various investment managers. The fair value of these investments is determined by reference to the fund's underlying assets, which are principally marketable equity and fixed income securities. Shares held in these are traded on national securities exchanges are valued at the net asset value.

MICRO PLASTICS, INC. SAVINGS AND RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

3) FAIR VALUE MEASUREMENTS (continued)

Common Collective Trusts: These investments are public investment vehicles using the Net Asset Value ("NAV") provided by the administrator of the accounts. The NAV is based on the value of the underlying assets owned by the accounts, minus its liabilities, and then divided by the number of units outstanding. The NAV's unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments which are traded on an active market. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the Plan will sell the investment for an amount different from the reported NAV. The NAV is the value that participants ordinarily transact. Participant transactions (purchases and sales) may occur daily as the unitized funds have a daily redemption frequency and notice period.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2015 and 2014.

December 31, 2015				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,591,200	\$ -	\$ -	\$ 3,591,200
Total assets in the fair value hierarchy	\$ 3,591,200	\$ -	\$ -	\$ 3,591,200
Investments measured at net asset value (a)				\$ 398,603
Total	\$ 3,591,200	\$ -	\$ -	\$ 3,989,803

December 31, 2014				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 3,831,556	\$ -	\$ -	\$ 3,831,556
Total assets in the fair value hierarchy	\$ 3,831,556	\$ -	\$ -	\$ 3,831,556
Investments measured at net asset value (a)				\$ 385,876
Total	\$ 3,831,556	\$ -	\$ -	\$ 4,217,432

In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

MICRO PLASTICS, INC. SAVINGS AND RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

4) INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The plan administrator elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, State Street Bank and Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments, at fair value
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule. The Plan's investments were held in a bank-administered trust fund by State Street Bank and Trust at December 31, 2015 and 2014.

5) PARTIES-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, and certain others. During 2015, the Plan's trustee and third party administrator received indirect compensation from the Plan. The Plan is also invested in notes receivable from participants. These transactions qualify as party-in-interest transactions. However, these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

6) TAX STATUS

The Plan obtained its latest determination letter on July 8, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code ("IRC"), and therefore, is exempt from taxation. Once qualified, the Plan is required to operation in conformity with the IRC to maintain its qualification. The Company and the Plan's tax counsel believe the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore believes the Plan is qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the United States Department of the Treasury Internal Revenue Service. The Plan has analyzed all tax positions and does not feel any meet the requirement for reporting under U.S. GAAP. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes that the Plan is no longer subject to income tax examinations for years prior to 2012.

MICRO PLASTICS, INC. SAVINGS AND RETIREMENT PLAN
NOTES TO THE FINANCIAL STATEMENTS

7) PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

8) RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9) RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the financial statements to the Form 5500 for the year ended December 31, 2015.

Net assets available for benefits per financial statements	\$ 4,194,563
