Plan Administrator
Ernie Green Industries, Inc. 401(k) Savings Plan

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of Ernie Green Industries, Inc. 401(k) Savings Plan, which comprise the statements of net assets available for benefits as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audits in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank and Trust Company, the trustee of the Plan, except for comparing the information with the related information included in the financial statements. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the trustee as of and for the years ended December 31, 2015 and 2014, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Change in Accounting Policy

As discussed in Note 2 to the financial statements, in 2015 and 2014 management of the Plan has elected to apply the early adoption provisions of FASB ASU 2015-12, *Plan Accounting: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient – Consensuses of the Emerging Issues Task Force*. Our opinion is not modified with respect to this matter.

Other Matter

The supplemental schedules of assets held for investment purposes at end of year and of delinquent participant contributions are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

ERNIE GREEN INDUSTRIES, INC. 401(k) SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2015 AND 2014

1. DESCRIPTION OF PLAN

The following description of Ernie Green Industries, Inc. 401(k) Savings Plan (the Plan), provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution savings plan established by Ernie Green Industries, Inc. (the Company or Sponsor) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Participation in the Plan is entirely voluntary. An eligible employee is any person employed by Ernie Green Industries, Inc. and its wholly owned subsidiaries who has completed three months of continuous service and is employed on the next entry date.

Contributions - Each year, participants may contribute up to 100% of pretax compensation, as defined in the Plan, subject to annual dollar limits of the Internal Revenue Code. Participants direct the investment of their contributions and company contributions into one or more mutual funds or common/collective trust offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may, but is not required to, make discretionary matching contributions and discretionary profit sharing contributions to the Plan. Company matching contributions for the years ended December 31, 2015 and 2014 were 50% of the first 6% of eligible compensation deferred by employees. There were no discretionary profit sharing contributions for the years ended December 31, 2015 and 2014.

Participants' Accounts - Each participant's account is credited with its proportionate share of the employee elective deferrals, the plan Sponsor's discretionary matching and discretionary profit sharing contributions, and the Plan's earnings. Allocations of discretionary contributions and plan earnings are based on participants' compensation or account balances, as provided in the Plan Agreement. Each participant is entitled only to the benefits that can be provided from that participant's account.

Excess Contributions - Contributions made by certain active participants during a plan year are required to be returned to them to satisfy the relevant nondiscrimination provisions of the Plan. Excess deferral contributions payable at December 31, 2014 and returned to participants during the year ended December 31, 2015 were \$71,186. Excess deferral contributions payable at December 31, 2013 and returned to participants during the year ended December 31, 2014 were \$90,687.

Vesting - Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus earnings thereon is based on years of continuous service. Years of service with any predecessor employer acquired by the Company shall be recognized. Participants' vested interests in their accounts increase from 20% after the second year of service to 100% after the sixth year.

Participant loans are not permitted from the Plan.

Payment of Benefits - Upon termination of employment, participants receive vested interests either in a single lump-sum amount or as a direct rollover to an individual retirement account or to another employer's tax qualified plan. There were no benefits payable to terminated participants at December 31, 2015 and 2014.

Forfeiture Accounts - Forfeited nonvested account balances at December 31 were \$61,416 in 2015 and \$15,991 in 2014. Forfeitures will be used to pay future plan administrative fees and/or reduce future employer contributions. There were no forfeitures used to reduce employer contributions for the year ended December 31, 2015. Forfeitures used to reduce employer contributions for the year ended December 31, 2014 was \$60,457. There were no forfeitures used to pay plan administrative fees in 2015. Forfeitures used to pay plan administrative fees were \$14,159 in 2014.

Tax Status - The trust established under the Plan to hold the Plan's assets is qualified pursuant to the appropriate section of the Internal Revenue Code, and, accordingly, the trust's net investment income is exempt from income taxes. The Plan has been amended since receiving its most recent acceptance under Section 401 of the Internal Revenue Code. However, the Plan administrator and Plan sponsor believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Plan is qualified and the related trust is tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Tax years 2012 and later remain open and subject to examination.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Change in Accounting Policy - To reduce the complexity of Plan investment accounting and disclosures, in 2015 and 2014 management of the Plan has elected to apply the early adoption provisions of FASB ASU 2015-12, *Plan Accounting: (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Data Practical Expedient – Consensuses of the Emerging Issues Task Force* ("ASU 2015-12"). Adoption of ASU 2015-12 resulted in the retroactive simplification of investment note disclosures, including investment contracts.

Basis of Accounting - The financial statements of the Plan are prepared using the accrual method of accounting.

The Plan has evaluated subsequent events through October 17, 2016, the date the financial statements were approved and authorized by the Plan Administrator.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures of net assets available for benefits as of the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties - The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Investment Contracts – Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

ASU 2015-12 clarifies that the measurement and presentation requirements of a fully benefit-responsive investment contract apply only to direct investments. The Plan has an indirect investment in a guaranteed investment contract with T. Rowe Price Trust Company as part of its common/collective trust at December 31, 2015 and 2014. Therefore the statements of net assets available for benefits present the fair value of the investment contract.

Investment Valuation and Income Recognition - The Plan's investments in shares of registered investment companies are stated at fair value determined using year-end market prices which represent the net asset value of shares held by the Plan. T. Rowe Price provides market prices to the Plan. Unrealized gains or losses are allocated to participants' accounts. Security transactions are recorded on trade dates; the specific-identification method is used in computing gains or losses. Investment income is stated net of investment and related management fees incurred by the Plan.

Payment of Benefits - Benefits are recorded when paid.

Expenses of the Plan - The Company has elected to pay certain administrative expenses of the Plan in excess of forfeitures and provide administrative services at no cost to the Plan. If not paid by the Company, administrative expenses become a liability of the Plan.

3. INVESTMENTS

The following information included in the Plan's financial statements and supplemental schedule as of December 31, 2015 and 2014 and for the years then ended, was obtained from data prepared by State Street Bank and Trust Company, the trustee of the Plan. The Plan administrator has obtained certification from the trustee that such information is complete and accurate. The Plan's investments are held by bank-administered trust funds. The following represents the fair values of the investments in the separate identifiable funds administered by the banks:

	2015	2014
Investments, at fair value	\$ 23,270,363	\$ 19,011,559
Interest and dividend income	1,213,303	753,523
Net appreciation (depreciation) in fair value of investments	(1,267,881)	254,453

4. FAIR VALUE MEASUREMENTS

The Plan's measurement of fair value for assets and liabilities is based on the framework established in the fair value accounting guidance. The framework is based on the inputs used in valuation, gives the highest priority to quoted prices in active markets, and requires that observable inputs be used in the valuations when available. The three levels of the hierarchy are as follows:

- Level 1: observable inputs such as unadjusted quoted prices in active markets for identical assets or liabilities
- Level 2: inputs other than quoted prices included in active markets that are observable either directly or indirectly
- Level 3: unobservable inputs in which there is little or no market data, which requires the Plan to develop its own assumptions

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective trust: Guaranteed investment contract is valued based on the net asset value at which the plan transacts with the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different valuation methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

	Level 1	Total
Mutual funds	\$ 21,951,961	\$ 21,951,961
Common/collective trust *		1,318,402
Total investments at fair value	<u>\$ 21,951,961</u>	<u>\$ 23,270,363</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014:

	Level 1	Total
Mutual funds	\$ 17,912,179	\$ 17,912,179
Common/collective trust *		1,099,380
	<u>\$ 17,912,179</u>	<u>\$ 19,011,559</u>

*In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. NONPARTICIPANT-DIRECTED INVESTMENTS

Earnings	673	192
Net increase (decrease) in net assets	<u>\$ 45,425</u>	<u>\$ (26,750)</u>

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds or units of bank common trust funds managed by the trustee (or affiliates of the trustee) of the Plan. Therefore, these transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.
