On January 16, 2015, the Company was acquired by BluePrint Sub, Inc., part of a group of companies doing business as ConstructConnect.

Effective January 1, 2016, the Plan was merged into the BluePrint Sub, Inc. 401(k) Plan (BluePrint Plan). Accordingly, on January 29, 2016, the Plan's assets, totaling \$5,293,095 on that date, were transferred to the BluePrint Plan and a participant blackout period was established from January 27, 2016 through February 26, 2016. Investments were automatically transferred into a variety of similar investment funds according to a mapping provided to participants, which the participants were allowed to modify following the end of the blackout period. Participants are directed to refer to the BluePrint Plan agreement and summary plan description for a complete description of plan provisions.

(b) Contributions

All contributions, including rollover contributions, are paid into, and all benefits provided for in the Plan are distributed from, a Trust Fund established by a Trust Agreement (the Agreement) between the Company and Fidelity Management Trust Company (the Trustee). The Trustee's duties and obligations under the Agreement are limited to the receipt, investment, and accounting for all assets received under the Agreement. The Company pays the administrative costs of the Plan.

Participants may contribute pre-tax annual compensation up to the maximum amount permitted by the Internal Revenue Service (IRS). These limits were \$18,000 for 2016 and 2015, and participants who were at least age 50 by the end of the year were allowed to contribute an additional \$6,000 during 2016 and 2015. Participants may also contribute amounts representing distributions from other qualified plans. The Plan provides for automatic enrollment of new participants with a 4% contribution deferral after reaching eligibility, unless the participants elect not to enroll.

Notes to Financial Statements

Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for a Company discretionary matching contribution for each participant in an amount equal to a percentage of the participant's elective contribution of eligible compensation or a limit to a specific dollar amount. Employees must be employed on December 31st and have completed 1,000 hours of service in the year in order to be eligible for the match. There was no discretionary matching contribution for 2016 and 2015.

(c) *Participant Accounts*

Each participant's account is credited with the participant's pre-tax voluntary and rollover contributions, the employers' contribution (if applicable), and investment earnings (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) *Vesting*

Participants are immediately 100% vested in their voluntary contributions plus or minus actual earnings or losses thereon. Participants vest in the employers' matching or profit sharing contributions, if applicable, and actual earnings or losses thereon based on the number of years of service as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Participants also become fully vested in employer contributions when they reach normal retirement, die, or become disabled while employed by the Company. In the event of termination of a participant's employment for reasons other than death, normal retirement, or disability, the excess of the participant's account over the amount vested is forfeited.

(e) *Notes Receivable from Participants*

Participant loans are secured by the vested portion of the debtor participant's account. Loans to participants are limited to one loan per participant in an amount which is the lesser of \$50,000, less the highest outstanding loan balance within the past year, or 50% of the participant's vested account balance. The minimum amount a participant can borrow is \$1,000. Loan repayments are amortized over a period not to exceed five years except for the purchase of a primary residence, in which case the term may be ten years. Loans are repayable in equal payments on at least a quarterly basis, with interest at reasonable, prevailing rates.

(f) *Payment of Benefits*

In the event of a participant's retirement, death, disability, or termination, the participant's vested benefits are distributed to the participant or the participant's beneficiary as a lump sum payment as soon as administratively possible or as statutorily required.

(g) *Forfeitures*

Upon a participant's break in service, except by death or disability, the nonvested amount which had been contributed by the Company, plus any earnings or losses thereon, would be forfeited by the participant and may be used to reduce future employer contributions or administrative expenses. Forfeitures of \$ -0- were used to reduce employer matching contributions during 2016 and 2015. At December 31, 2015, forfeited nonvested accounts totaled \$51,504.

(2) *Summary of Significant Accounting Policies***(a) *Basis of Accounting***

The Plan maintains its books on the accrual basis of accounting which recognizes additions (revenues) when earned and deductions (expenses) when incurred.

(b) *Valuation of Investments*

The Plan's investments are stated at fair value except for its benefit-responsive investment contract, which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. The net appreciation in fair value of investments, which reflects the net unrealized appreciation, interest, dividends, and realized gain on investments, is reflected within the statements of changes in net assets available for plan benefits.

(c) *Notes Receivable from Participants*

Notes receivable from participants are stated at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on accrual basis.

(d) *Payment of Benefits*

Benefits are recorded when paid.

(e) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported changes in net assets during the reporting period. Actual results could differ from those estimates.

(f) *Administrative Fees and Expenses*

Administrative fees and expenses may be paid from either Plan forfeitures or by the Company. Loan administrative expenses are paid from the individual borrowing participant's Plan account.

(g) *Risks and Uncertainties*

The Plan invests in various investment funds that are subject to various risks that determine the value of the fund. Due to the level of risk associated with certain financial instruments and the level of uncertainty related to changes in the value of these investments, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

(3) *Investments (Unaudited)*

Investments, which are participant-directed, as of December 31, 2016 and 2015 consist of the following funds at fair value (investments representing 5% or more of the Plan's net assets as of January 29, 2016 and December 31, 2015 are separately identified):

	<u>2016</u>	<u>2015</u>
Fidelity Advisors Growth Opps CL T	\$ —	1,650,784
Lord Abbett Val Opps A	—	692,600
Invesco Comstock A	—	378,458
Franklin Rising Divs A	—	359,855
Fidelity Advisors Government Income Fund CL T	—	315,160
Fidelity Advisors Stable Value Fund	—	210,726
Other funds	<u>—</u>	<u>2,000,437</u>
Total investments	\$ <u>—</u>	<u>5,608,020</u>

The Plan Administrator has received certifications from Fidelity Management Trust Company as to the completeness and accuracy of all investments reflected in the accompanying statements of net assets available for benefits as of January 29, 2016 and December 31, 2015, and the related investment activity reflected in the statements of changes in assets available for benefits for the period of January 1, 2016 through January 29, 2016 and for the year ended December 31, 2015.

CONSTRUCTION DATA COMPANY PROFIT SHARING PLAN

Notes to Financial Statements

The Fidelity Advisors Stable Value Fund is a fully benefit-responsive investment contract. The adjustment to reflect this investment in the accompanying financial statements at contract value was \$(1,998) as of December 31, 2015. The average yield earned by the fund was 1.92%, and the average yield credited to participants was 1.15%, for 2015.

Certain events limit the ability of the Plan to transact at contract value with Fidelity. Such events include premature termination of contract, layoffs, plan terminations, bankruptcy, mergers, and early retirement incentives. The Plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The Plan earned interest and dividend income of \$18,422 and \$353,834 during the years ended December 31, 2016 and 2015, respectively. The net appreciation (depreciation) of the Plan's investments, including realized gains and losses on investments purchased and sold, during the period of January 1, 2016 through January 29, 2016 and the year ended December 31, 2015 amounted to \$(310,424) and \$(354,261), respectively.

(4) Fair Value of Investments

The Plan adopted the provisions of the Fair Value Measurements and Disclosures Topic of the FASB ASC, which established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – Valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end.

Common Collective Trust investment contract – Valued through indirectly observable prices from the underlying assets.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

2015				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds:				
Large cap equity funds	\$ 2,399,428	—	—	2,399,428

(5) Notes Receivable from Participants

Notes receivable from participants amounted to \$103,359 as of December 31, 2015.

Interest earned on the loans to participants totaled \$4,639 for the year ended December 31, 2015.

(6) *Party-In-Interest Transactions*

Certain Plan investments include shares of funds managed by Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party in interest. Fees paid to the Trustee for the year ended December 31, 2015 were \$1,725.

(7) *Tax Status*

The Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and is exempt from Federal income taxes. The Plan uses a prototype plan developed by Fidelity Management & Research Company, which has received a favorable opinion letter from the Internal Revenue Service (IRS) dated March 31, 2014.

The Plan is subject to routine audits by various taxing jurisdictions. The Plan's open audit periods are 2012 through 2016.

The Plan Administrator and the Plan's tax council believe that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

(8) *Plan Termination*

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

(9) *Reconciliation of the Financial Statements to Form 5500*

Fully benefit-responsive investment contracts are reflected in the accompanying financial statements at contract value, while such investments are reported at fair value in Form 5500. The difference in the accounting for these investments between the financial statements and the Form 5500 are reconciled in the following tables.

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at January 29, 2016 and December 31, 2015:
