Notes to Financial Statements

1. Plan Description

The following description of the Ascensus, Inc. 401(k) Saving Plan (the "Plan") provides only general information about the Plan. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established on August 1, 2007. The Plan is intended to conform to and qualify under Section 401 and 501 of the Internal Revenue Code of 1986 ("IRC"), as amended. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Administration

The Administrative Committee of Ascensus, Inc. (the "Company" or the "Employer") is responsible for oversight of the Plan. The Company provides recordkeeping services for the Plan and Ascensus Trust Company (the "Trustee") is responsible for the custody and management of the Plan's assets. The Trustee is considered a related party to the Company and the Plan.

Eligibility

An employee is eligible to participate in the Plan if such employee is an eligible employee of the Company or a related entity. An employee is eligible the first of the month following or coinciding with the employee's date of hire.

Contributions

Participants may contribute up to 50% of their annual pre-tax compensation, as defined by the Plan and subject to certain limitations. Participants who are age 50 or older can make additional pre-tax contributions (catch-up contributions), subject to certain limitations. Participants may also contribute amounts representing pre-tax distributions from other qualified retirement plans or individual retirement accounts (rollover contributions).

Participants direct contributions into various investment options offered by the Plan. Participant investment elections can be changed daily. The Plan includes an auto-enrollment and auto-escalation provision whereby all newly eligible participants are automatically enrolled in the Plan on the first of the month following their first month of eligibility, unless they proactively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their deferral rate is increased by 1% annually, up to a maximum of 8%.

For contributions that were made for the year ended December 31, 2014, the Company matched 25% of each participant's contribution, not in excess of 8% of their compensation each pay period through June 30, 2014. Effective June 30, 2014, the Company amended the plan to match 50% of each participant's contribution, not in excess of 8%. The Company made matching contributions to the Plan totaling approximately \$1.9 million for the year ended December 31, 2014. The Company may make supplementary contributions in amounts determined solely at the discretion of the Company. There was a profit sharing contribution to the Plan for the year ended December 31, 2014 for \$1.5 million funded in February 2015.

Ascensus, Inc. 401(k) Savings Plan

Notes to Financial Statements

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant does not start vesting in the Company's contributions until two years of service are completed. The vesting schedule for the Company's contributions is as follows:

	Year 1	Year 2	Year 3	Year 4	Year 5
Annual vesting	-	40%	20%	20%	20 %
Cumulative vesting	-	40%	60%	80%	100 %

Participants are always 100% vested in their own contributions and earnings thereon. Vesting in the Company's contributions is 100% upon death, retirement, or disability.

Payment of Benefits

All distributions are made in the form of lump sum payments of vested account balances and are recorded when paid.

Notes Receivable from Participants

Participants may borrow from their account up to 50% of the participant's vested account balance up to a maximum amount of \$50,000. The term of notes receivable is 5 years (up to 15 years if the receivable is for the purchase of a primary residence). Notes receivable are collateralized by the balance in a participant's account and bear interest at prime plus 1% at the date of origination. Principal and interest are paid ratably through automatic payroll deductions.

Forfeitures

For the years ended December 31, 2014 and 2013, forfeited nonvested amounts held by the Plan were approximately \$13,000 and \$45,000, respectively. These amounts will be used to reduce future employer matching contributions or to pay for future administrative expenses. During the year ended December 31, 2014, forfeited nonvested amounts were used to reduce the Company's matching contributions by \$83,000.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared and presented in accordance with the accrual basis of accounting.

Ascensus, Inc. 401(k) Savings Plan

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires the Plan Administrator to make certain estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from such estimates and those differences may be material.

Investment Valuation and Income Recognition

Investments are carried at fair value. Refer to Note 4 for further details related to the Plan's valuation methods. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Investment contracts held by the Plan are required to be reported at fair value. However, contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts, as well as, the adjustment from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared using the contract value basis for fully benefit-responsive contracts.

Investment income is recorded as earned. Purchases and sales of investments are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. The net realized and unrealized gains and losses on investments includes realized gains and losses on sales of investments during the year and unrealized increases or decreases in the market value of investments held at year-end.

Other Income

Effective October 1, 2014, the Plan adopted a new Recordkeeping Service Agreement (the "Agreement") which provides for deposits to be made into an administrative fee credit account when revenue received by recordkeeping service providers exceeds the amount owed under the Agreement. The Plan may then use amounts in the administrative fee credit account to pay expenses of the Plan. Such deposits are recorded in Other income.

As of December 31, 2014, the balance in the Plan's administrative fee credit account was \$0.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. There was no allowance for credit losses at December 31, 2014 or 2013 as the loans are fully collateralized by the participant's accounts.

Payment of Benefits

Benefits are recorded when paid.

Ascensus, Inc. 401(k) Savings Plan

Notes to Financial Statements

Administrative Expenses

The Company paid substantially all administrative costs for the Plan through September 30, 2014. Total expenses of the Plan from January 1, 2014 to September 30, 2014 were approximately \$66,000 and were paid by the Company. Effective October 1, 2014, pursuant to the Agreement, expenses of the Plan will be paid from amounts available in the administrative fee credit account. The Plan incurred approximately \$29,000 of expenses for the period October 1, 2014 through December 31, 2014 which will be paid from the administrative fee credit account during 2015.

3. Investments

The following investments represent 5% or more of the Plan's net assets at December 31 (in thousands):

	2014	2013
Harbor Capital Appreciation Institutional	\$ 12,765	\$ 11,690

^ The investment did not represent 5% or more of the Plan's net assets as of December 31, 2014 but is shown for comparative purposes.

For the year ended December 31, 2014, the Plan's investments (including gains and losses on investments bought and sold, as well, as held during the year) appreciated in value by approximately \$0.5 million as follows (in thousands):

Mutual funds	\$ 426
Collective trust fund	97
	\$ 523

4. Fair Value Measurements

Accounting Standards Codification Topic No. 820, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

Assets recorded at fair value are categorized using defined hierarchical levels directly related to the amount of subjectivity associated with the inputs to valuation of an asset: Level 1 (unadjusted quoted prices in active markets); Level 2 (observable inputs available at the measurement date, other than quoted prices included in Level 1); and Level 3 (unobservable inputs that cannot be corroborated by observable market data). Assets measured at fair value on a recurring basis are

Ascensus, Inc. 401(k) Savings Plan

Notes to Financial Statements

categorized based upon the lowest level of significant input to the valuations. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following summarizes the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used or transfers between levels during at December 31, 2014 and 2013.

Mutual funds: The Plan's mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: The Plan invests in the Wells Fargo Stable Value Fund C (the "Stable Value Fund"), which is a collective trust fund sponsored by Wells Fargo. The Stable Value Fund invests all its assets in the Wells Fargo Stable Return Fund G, which invests in investment contracts and security-backed contracts. The Stable Value Fund has been valued at the net asset value per unit as a practical expedient to measure fair value at year-end as reported by the issuer of the fund. As previously discussed in Note 2, the fair value differs from the contract value.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2014 and 2013.

5. Information Certified by Trustee

All investments consist of funds that were certified as being complete and accurate by Ascensus Trust Company, the Trustee of the Plan. Ascensus Trust Company holds all of the Plan's assets and distributes funds to participants or their beneficiaries.

Additionally, net investment income for the year ended December 31, 2014, included in the Plan's financial statements, was certified as being complete and accurate by Ascensus Trust Company and was furnished to the Plan administrator.

As permitted by 29 CFR 2520.103-8, the Plan's independent auditors did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental Schedule of Assets (Held at End of Year).

6. Related Party Transactions

The Trustee for the Plan is Ascensus Trust Company, a wholly owned subsidiary of the Company, and the recordkeeper for the Plan is the Company.

For the year ended December 31, 2014, no fees were paid to Ascensus Trust Company or the Company. Notes receivable from participants qualify as party-in-interest transactions.

Ascensus, Inc. 401(k) Savings Plan

Notes to Financial Statements

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, all participants would become 100% vested in Employer contributions and the Employer would authorize the Trustee to continue the Plan until all benefits have been distributed, or liquidate the Plan and distribute all assets to the participants.

8. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the plan sponsor by a letter dated July 23, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2014, there are no uncertain positions taken or expected to be taken that would require recognition of the liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2011.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements at December 31, to Form 5500 (in thousands):

	2014	2013
Net assets available for benefits per the financial statements	\$ 97,412	\$ 83,623
Less: Participant contribution receivables	-	187
Less: Employer contribution receivables	1,555	37
Net assets available for benefits per the Form 5500	\$ 95,857	\$ 83,399

Ascensus, Inc. 401(k) Savings Plan

Notes to Financial Statements

The following is a reconciliation of net decrease in net assets to the Plan per the financial statements to Form 5500 (in thousands):

Period ended December 31, 2014

Net increase per the financial statements	\$	13,789
Less: Current year contributions receivable		(1,555)
Add: Prior year contributions receivable		224
<hr/>		
Net increase per the Form 5500	\$	12,458

11. Late Remittances

When employee deferrals and loan repayments are not remitted within the appropriate time period by the Company, these transactions constitute prohibited transactions, as defined by ERISA.

During the year ended December 31, 2014, amounts aggregating to \$399 were not remitted within the appropriate time period by the Company. The Company computed the lost earnings and subsequently remitted those earnings to the Plan.

12. Subsequent Events

In the preparation of its financial statements, the Plan evaluated subsequent events through August 5, 2015, the date the financial statements were available to be issued. Based on this evaluation, except for the matter discussed below, the Plan is not aware of any events or transactions that occurred subsequent to December 31, 2014 through August 5, 2015 that would require recognition or additional disclosure in the financial statements.

As described in Note 1, the Company made a \$1.5 million profit sharing contribution to the Plan, which was accrued within the Plan financial statements for the year ended December 31, 2014 and was funded in February 2015.
