**Notes to Financial Statements**

**January 15, 2016 and December 31, 2015**

1. **Summary of Significant Plan Provisions**

The following description of the Centrum Valley Farms 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreements for a more complete description of the Plan's provisions.

a. **General** – The Plan was a defined contribution plan for the benefit of employees of Centrum Valley Farms, LLP (the "Employer"). It was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective January 15, 2016, the Plan was merged with the Center Fresh Group 401(k) Plan.

b. **Eligibility** – Each employee, who was not a member of a collective bargaining unit, a leased employee or a nonresident alien, was eligible to participate in the Plan provided the employee had obtained the age of 21 and completed one year of service. Plan entry dates were January 1 and July 1.

c. **Contributions** – Participants could contribute through payroll deductions, either pre-tax or after-tax, and rollover contributions. The Employer could make a matching contribution at its discretion. Effective January 1, 2016, participant and Employer contributions were funded to the Center Fresh Group 401(k) Plan.

d. **Participant accounts** – Each participant's account was credited with the participant's contributions and allocations of (a) the Employer's contributions and (b) Plan earnings/losses and was charged with applicable withdrawals and an allocation of any administrative expenses. Allocations were based on the participant's compensation, contributions or account balances, as defined. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

e. **Vesting** – Participants were, at all times, fully vested with respect to their contributions plus earnings/losses thereon. All benefits attributable to a participant were fully vested if they reached normal retirement age, became totally disabled or upon death. If a participant terminated employment for any reason other than those mentioned above, they were entitled to the total value of their own contributions, plus earnings/losses thereon, plus a vested percentage of the contributions, plus earnings/losses thereon, made by the Employer.

1. **Summary of Significant Plan Provisions (cont.)**

This vested percentage is determined as follows:

| Years of Service | Percentage of Account Vested |
|---|---|
| Less than 1 year | 0% |
| 1 year | 20% |
| 2 years | 40% |
| 3 years | 60% |
| 4 years | 80% |
| 5 years or greater | 100% |

f. **Investment options** – Upon enrollment in the Plan, a participant could direct contributions into the investment options offered under the Plan. Participants could change their investment selections at any time.

g. **Forfeitures** – The portion of the participant's account to which they were not entitled upon termination of participation was deemed a forfeiture. Forfeitures were used to pay plan expenses or to reduce Employer contributions for the Plan year in which the forfeiture occurs and were allocated in the same manner as the contributions they reduce. No forfeitures were utilized for the period ended January 15, 2016. There were no forfeitures available for future use at January 15, 2016 or December 31, 2015.

h. **Payment of benefits** – Upon termination a participant could elect to have their account paid either in a lump sum or installments, or could elect to defer payment of their account balance if it exceeded $5,000. If the participant's account balance was equal to or less than $5,000, the balance was automatically distributed. In-service withdrawals were available to participants who attained age 59½, became disabled or met certain hardship requirements.

i. **Corrective distributions** – The Plan failed the average contribution percentage test for the year ended December 31, 2015. Corrective distributions in the amount of $3,080 were recorded as a liability in the accompanying financial statements as of December 31, 2015. These corrective distributions were paid to the applicable participants in February 2016.

The Plan failed the 401(m) test for the year ended December 31, 2015. A qualified non-elective contribution of $3,029 was required to correct the test failure. This amount was recorded as a receivable and a contribution in the accompanying financial statements.

j. **Termination of the Plan** – Effective January 15, 2016, the Plan was merged with the Center Fresh Group 401(k) Plan.

2. **Summary of Significant Accounting Policies**

a. **Basis of accounting** – The financial statements of the Plan were prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

b. **Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

c. **Investment valuation and income recognition** – Investments were reported at fair value. See Note 4 for discussion on fair value measurements.

Purchases and sales of securities were recorded on a trade-date basis. Net change in fair value of investments included the Plan's gains and losses on investments bought and sold, as well as held during the period.

d. **Payment of benefits** – Benefits were recorded when paid.

e. **Administrative expenses** – During the period ended January 15, 2016, all administrative expenses of the Plan were voluntarily paid by the Employer.

3. **Investments**

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information was certified by John Hancock Life Insurance Company ("John Hancock"), the custodian of the Plan, and was not subjected to any audit procedures, except for comparing such information with the related information included in the financial statements:

a. Investments at fair value as shown in the accompanying statement of net assets available for benefits of $261,212 as of December 31, 2015.

b. Net change in fair value of investments as shown in the accompanying statement of changes in net assets available for benefits of $(15,806) for the period ended January 15, 2016.

c. All investment transactions that occurred during the Plan period ended January 15, 2016.

The Plan provided for investments in various investment securities which, in general, were exposed to various risks, such as interest rate, credit, and overall market volatility risks.

4. **Fair Value Measurements**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is categorized based on a hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

**Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**Level 2** Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**Level 3** Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2015.

*Pooled separate accounts:* These investments were valued based on the NAV of the pooled separate account multiplied by the number of shares held by the Plan at period end. The NAV of each pooled separate account was determined based on the fair value of the underlying investments, adjusted for expenses. The underlying investments consisted of one mutual fund per pooled separate account and were valued at quoted market prices on the last business day of the Plan period. The NAV was used as a practical expedient to estimate fair value.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. **Fair Value Measurements (cont.)**

The following table below sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015:

| | Level 1 | Level 2 | Level 3 | Fair Value |
|---|---|---|---|---|
| Investments measured at NAV | $ - | $ - | $ - | $ 261,161 |

The following table summarizes investments as of December 31, 2015 for which fair value was based on the NAV practical expedient:

| | Fair Value | Unfunded Commitments | Redemption Frequency | Redemption Notice Period |
|---|---|---|---|---|
| Pooled separate accounts | $ 261,212 | N/A | Daily | None |

5. **Tax Status**

The prototype plan document the Plan was utilizing received an opinion letter dated March 31, 2014 in which the IRS stated the document was designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). As permitted by the IRS, the Plan was relying on the opinion letter on the prototype plan document for its own qualification. Although the prototype plan document has been amended since receiving the opinion letter, the Plan administrator believes the Plan was designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of January 15, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. **Party-in-Interest Transactions**

As of December 31, 2015, the Plan had $261,212 invested in John Hancock pooled separate accounts. Inasmuch as John Hancock served as custodian of the Plan, John Hancock was by definition a party-in-interest. As a result, these investments and all the transactions related to these investments were with a party-in interest. All of these transactions are exempt from being prohibited transactions under ERISA.

7. **Reconciliation of Financial Statements to Form 5500**

The following is a reconciliation of net assets available for benefits from the financial statements to the Form 5500 as of January 15, 2016 and December 31, 2015:

| | 2016 | 2015 |
|---|---|---|
| Net assets available for benefits per the financial statements | $ - | $ 261,161 |
| Less: Current period Employer contribution receivable | - | (3,029) |
| Add: Current period corrective distributions payable | - | 3,080 |
| Net assets available for benefits per the Form 5500 | $ - | $ 261,212 |

The following is a reconciliation of the transfer from the Plan per the financial statements to the Form 5500 as of January 15, 2016:

| | |
|---|---|
| Transfer from the Plan per the financial statements | $ 245,355 |
| Less: Prior period Employer contribution receivable | (3,029) |
| Add: Prior period corrective distributions payable | 3,080 |
| Transfer from the Plan per the Form 5500 | $ 245,406 |

8. **Subsequent Events Evaluation Date**

Management of the Plan evaluated the events and transactions subsequent to its January 15, 2016 financial statement date and determined there were no significant events necessary for disclosure through November 14, 2016, which is the financial statement issuance date.
