NOTES TO FINANCIAL STATEMENTS
June 13, 2016 and December 31, 2015 and 2014**

NOTE A - DESCRIPTION OF PLAN

The following description of the Goose Island Beer Company 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Goose Island Beer Company and related affiliates (together, the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan year is the 12-month period ended December 31.

Effective June 13, 2016, the Plan merged into the Anheuser-Busch 401(k) Savings and Retirement Plan, a Plan sponsored by the employer's parent company. The following provisions and participant activities existed prior to the Plan's merger.

Contributions

On December 31, 2013, the Plan administrator amended the Plan to cease all employee and Employer contributions to the Plan starting January 1, 2014. Effective January 1, 2014, the Employer became a participating employer in the Anheuser-Busch 401(k) Savings and Retirement Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer's contributions and Plan earnings (losses), and charged with an allocation of administrative expenses, if any. Allocations are based on participant compensation contributions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

Plan assets are held by MetLife Insurance Company of Connecticut (MetLife), the Plan custodian. Plan participants may direct the investment of their accounts into the investment funds of their choice. Participants may change their investment options daily.

Vesting

All participants are fully vested in their personal contributions and the Employer's matching contributions and any rollover contributions plus investment earnings.

Notes Receivable from Participants

Participants may borrow from their Plan accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a rate defined by the Plan. Loan terms range from one to five years, or longer for the purchase of a primary residence. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Upon termination of service due to death, retirement on or after normal retirement age, or other reasons, a participant may elect to receive the value of the vested interest in his or her account as an annuity or lump-sum payment. Participants' accounts of \$5,000 or less are paid as a lump sum and do not require the participant's consent. The Plan's provisions also provide for in-service withdrawals or withdrawals in the event of financial hardship, as defined by the Plan.

Forfeitures

Forfeitures result from a participant's termination of employment before the participant is 100% vested in Employer contributions. Forfeitures are used to reduce Employer contributions. At June 13, 2016, there were no forfeited non-vested accounts remaining to offset future contributions. At December 31, 2015 and 2014, forfeited non-vested accounts totaled approximately \$5,000 and \$3,000, respectively. No forfeited non-vested accounts were used to reduce contributions in 2015.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan utilizes various investment securities that, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. See note C for discussion of fair value measurements.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
June 13, 2016 and December 31, 2015 and 2014

In accordance with the policy of stating investments at fair value, the net change in unrealized appreciation each year is reflected in the statements of changes in net assets available for benefits and includes net realized gains and losses on securities sold, as well as net unrealized appreciation in the fair value of investments. Interest income is recorded on the accrual basis.

Purchases and sales of securities are recorded on a trade-date basis.

Administrative Expenses

The Employer pays certain administrative costs of the Plan, but it is not obligated to do so. If the Employer ceases to pay all or part of these costs in the future, they will be paid by the Plan's custodian out of the assets of the Plan, as permitted by the Plan document.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

NOTE C - FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board has issued guidance that establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Money market funds - Valued at a stable \$1 net asset value (NAV), which is the value at which the fund is traded, and approximates fair value of the underlying investments. Money market funds are considered Level 1 investments. NAV is used as a practical expedient to determine fair value.

Pooled separate accounts - Valued at the NAV of shares of the underlying assets held by the Plan at year-end. The pooled separate accounts do not have unfunded commitments relating to these types of investments, or significant restrictions on redemptions. Pooled separate accounts are considered Level 2 investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2015			
	Level 1	Level 2	Level 3	Total
Money market funds	\$225,931	\$ -	\$ -	\$ 225,931

Total assets at fair value	<u>\$225,931</u>	<u>\$2,101,682</u>	<u>\$ -</u>	<u>\$2,327,613</u>

	2014

NOTE D - INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, MetLife, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of June 13, 2016 and December 31, 2015 and 2014.

- Net investment income (loss), as shown in the statements of changes in net assets available for benefits for the period from January 1, 2016 through June 13, 2016, and the year ended December 31, 2015.
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2015.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE E - RELATED-PARTY TRANSACTIONS

The investments in pooled separate accounts and money market funds are managed by MetLife, the Plan custodian. Accordingly, these investments and transactions qualify as related-party transactions. These investments totaled \$2,327,613 and \$2,816,213 at December 31, 2015 and 2014, respectively.

NOTE F - PLAN TERMINATION

The Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in the non-vested Employer contribution portion of their accounts.

NOTE G - TAX STATUS

The Plan, through its adoption of a prototype plan from the custodian, has obtained opinion letters issued to the custodian, the latest of which is dated December 1, 2008, from the Internal Revenue Service (IRS) stating that the prototype plan is qualified under Section 401(a) of the Internal Revenue Code (IRC) and that any employer adopting this plan will be considered to have a qualified plan under Section 401(a) of the IRC. The prototype plan opinion letter has been relied upon by the Plan. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. The Plan administrator has noted certain administrative errors in operating the provisions of the Plan and intends to make corrections to operate the Plan in compliance with the applicable provisions of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

NOTE H - OTHER EMPLOYER RECEIVABLES

Other Employer receivables of \$145,773 and \$192,279 as of December 31, 2015 and 2014, respectively, represent contributions due from the Employer for missed participant and Employer matching contributions, including investment earnings, resulting from certain administrative errors that occurred in operating the provisions of the Plan for the 2015 and prior Plan years. On May 29, 2015, the Employer submitted a Voluntary Fiduciary Correction Program (VFCP) to the IRS. The IRS replied with a Compliance Statement on November 5, 2015, which accepted the corrective method and the revised administrative procedures described in the VFCP. The Employer made corrective contributions to participant accounts during the 2016 Plan year in accordance with the applicable correction programs established under the IRC. The estimate of the employer receivable as of December 31, 2014, of \$192,279 was reduced to \$145,773 as of December 31, 2015, based on the VFCP filing. The change in the estimate of \$46,506 is shown in the statement of changes in net assets available for benefits as an adjustment to estimated corrective Employer contribution for the year ended December 31, 2015.

NOTE I - SUBSEQUENT EVENTS

The Plan evaluates subsequent events occurring between the most recent balance sheet date and the date that the financial statements are available to be issued in order to determine whether the subsequent events are to be recorded in and/or disclosed in the Plan's financial statements and footnotes. As of October 14, 2016, no additional disclosures or adjustments to the financial statements for subsequent events are required, other than as described in note H.
