To Whom it may concern
Reason for late Filing

Our company was purchased in 2015 and this 5500 is for the one month that the plan with Fidelity was still active. There was a difficulty balancing the forfeiture account from the old plan to the new plan which has been resolved as is accurate.

Thank you,

HILL COUNTRY ELECTRIC SUPPLY 401(K) PLAN

Notes to Financial Statements

January 29, 2016 and December 31, 2015

NOTE 1. DESCRIPTION OF PLAN

The following description of the Hill Country Electric Supply (the "Plan Sponsor") 401(k) Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

Termination

Effective January 29, 2016, the Plan was terminated. Accordingly, the following information in Note 1 only reflects general plan provisions. See Note 7 for additional information.

General

The Plan is a defined contribution plan covering all full-time employees of the Plan Sponsor who have completed one year of service and 1,000 hours, are age eighteen years or older, are not covered by a collective bargaining agreement, and are not a resident of Puerto Rico or a nonresident alien without U.S. source income from the Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee of the Plan is Fidelity Management Trust Company (the "Trustee"). The Plan Sponsor acts as the administrator of the Plan.

Participant Contributions

Each year, participants may contribute the lesser of 90% of their eligible compensation or the maximum amount allowed by law (\$18,000 for 2016) of pretax or after-tax annual compensation, as defined in the Plan. Participants may designate some or all of their contributions as Roth deferrals. This Plan also allows for catch-up contributions for participants over 50 years of age (\$6,000 for 2016) of pretax annual compensation. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans.

Plan Sponsor Contributions

The Plan Sponsor may make discretionary contributions in an amount determined at each Plan year end by the Plan Sponsor. There were no Plan Sponsor contributions during 2016. Contributions are subject to certain IRS limitations.

Investments

Participants direct the investment of their contributions and the Company contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and Plan Sponsor matching contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to 50% of the total vested account balance, or \$50,000, reduced by the highest outstanding loan balance in a participants' account during the prior twelve month period, whichever is less. The notes receivable are secured by the balance in the participant's account and bear interest at rates which are commensurate with prevailing rates as determined by the Plan administrator. Participants may only have two loans outstanding at any given time. All loans must be repaid in level payments through after-tax payroll deductions on at least a quarterly basis over a five year period unless it is for the purchase of a principal residence, in which case the loan repayment period may not extend beyond 10 years from the date of the loan.

HILL COUNTRY ELECTRIC SUPPLY 401(K) PLAN

Notes to Financial Statements

January 29, 2016 and December 31, 2015

Rollovers and Transfers

Participants who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the Internal Revenue Code, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the Internal Revenue Code.

Vesting

Participants are immediately and fully (100%) vested in their contributions plus actual earnings thereon. Vesting in the Plan Sponsor's contribution portion of their accounts plus actual earnings thereon is based on years of service. A participant is 100% vested after six years of credited service as summarized below:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2 but less than 3 years	20%
3 but less than 4 years	40%
4 but less than 5 years	60%
5 but less than 6 years	80%
6 years or more	100%

Payment of Benefits

Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participant's spouse or beneficiary), (3) upon the participant's retirement, or (4) disability of the participant. Benefits are payable as lump sum or installment distributions. Participants are automatically 100% vested in their account balance upon death, disability, or retirement. The Plan also allows for hardship distributions.

Individual Account (Including Rollovers)

Terminating employees with vested account balances (including rollovers) below \$1,000 will automatically be paid out. If the participants vested account balance exceeds \$1,000, the participants benefits will not be distributed until the participant requests payment from the Plan Administrator. The benefits can be left in the Plan indefinitely. However, the participant is required to begin taking minimum distributions no later than April 1 of the calendar year following the calendar year the participant turns 70 ½ or terminates employment, whichever is later. In-service withdrawals are permitted after age 59 ½.

On termination of service due to death prior to retirement, 100% of the Company contributions become immediately vested. If the participant becomes disabled and is eligible for disability benefits under the Sponsor's Long-Term Disability Plan or Social Security, the full value of the participant's account becomes 100% vested.

Eligible Rollover Distributions

Payments from the Plan that are eligible rollover distributions may be taken in two ways: (1) paid in a direct rollover to an individual retirement account or another eligible retirement plan, (2) paid to the participant. If the participant elects to have non-Roth plan benefits paid directly to the participant, only 80% is paid as the Plan Administrator is required to withhold 20% of the payment for income tax withholding.

HILL COUNTRY ELECTRIC SUPPLY 401(K) PLAN

Notes to Financial Statements

January 29, 2016 and December 31, 2015

Distributions During Employment

As a general rule, participant's contributions will remain in the Plan as long as the participant remains employed by the Company. The Plan does provide exceptions to this rule for withdrawals of the participant's contributions under certain circumstances (subject to the satisfaction of the Plan Administrator) that include the following:

- Medical expenses,
- Purchase of a principal residence,
- Post-secondary education for participant or their dependents,
- To prevent eviction from or foreclosure on the participants principal residence,
- Payments for funeral services of immediate family members, or
- Expenses for repair to primary residence which qualify for the casualty deduction under the Internal Revenue Code ("IRC")

Forfeited Accounts

Forfeited, non-vested accounts totaled \$0 and \$9,719 as of January 29, 2016 and December 31, 2015, respectively. These accounts may be used to pay administrative expenses or to reduce future Plan Sponsor contributions payable under the Plan. The non-vested portion of terminated participants' account balances become forfeitures on the earlier of a requested distribution of the participant's entire vested balance or after five consecutive years one-year breaks in service, not on the date of termination. During 2016, no forfeited non-vested accounts were utilized to pay administrative expenses or reduce Plan Sponsor contributions.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Investments are presented at fair value in accordance with GAAP as prescribed for defined contribution plans.

Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are carried at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 4).

Realized gains (losses) on investment transactions are recorded as the difference between proceeds received and cost. Cost is determined on the average cost basis. Net appreciation (depreciation) in fair value of investments includes the reversal of previously recognized appreciation (depreciation) related to investments sold during the period. Investment securities purchased and sold are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document. For the period from January 1, 2016 through January 29, 2016, \$471 was recorded as interest income on notes receivable from participants.

HILL COUNTRY ELECTRIC SUPPLY 401(K) PLAN

Notes to Financial Statements

January 29, 2016 and December 31, 2015

Contributions Receivable

The amount of employee related contributions that have been deducted from the employee's payroll as of the end of the year but that have not been deposited with the Plan until after the end of the year are reflected as employee contributions receivable in the Plan's financial statements. In addition, any matching or profit sharing contributions due and payable are reflected as Plan Sponsor contributions receivable in the Plan's financial statements.

Administrative Expenses

Administrative expenses of the Plan are paid by either the Plan or the Plan Sponsor, as provided in the Plan document.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3. INVESTMENTS (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, the Trustee of the Plan, has certified that the following data included in the accompanying financial statements are complete and accurate:

- a. Investments and notes receivable from participants, as shown in the Statements of Net Assets Available for Benefits, as of January 29, 2016 and December 31, 2015.
- b. Net depreciation in fair value of investments, as shown in the Statement of Changes in Net Assets Available for Benefits, for the period from January 1, 2016 through January 29, 2016.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements.

NOTE 4. FAIR VALUE OF INVESTMENTS

ASC Topic 820, *Fair Value Measurement and Disclosures*, defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. This topic also establishes a fair value hierarchy which requires classification based on observable and unobservable inputs when measuring fair value. The fair value hierarchy distinguishes between assumptions based on market data (observable inputs) and an entity's own assumptions (unobservable inputs). The hierarchy consists of three levels:

- Level one — Inputs are quoted market prices in active markets for identical assets or liabilities;
- Level two — Inputs other than level one inputs that are either directly or indirectly observable; and
- Level three — Inputs are unobservable developed using estimates and assumptions, which are developed by the reporting entity and reflect those assumptions that a market participant would use.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

HILL COUNTRY ELECTRIC SUPPLY 401(K) PLAN

Notes to Financial Statements

January 29, 2016 and December 31, 2015

The following is a description of the valuation methodologies used for assets measured at fair value:

- *Money market fund*: Fair value represents net contributions plus interest earned.
- *Mutual funds*: are valued based on quoted market prices in active markets.

There have been no changes in the methodologies used as of January 29, 2016. The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan had no investments as of January 29, 2016. The following tables present the Plan's fair value hierarchy for its investments measured at fair value on a recurring basis as of December 31, 2015.

Assets at Fair Value as of December 31, 2015				
	Quoted Prices for Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Money market fund	\$ 355,640	\$ -	\$ -	\$ 355,640
Mutual funds				
Target	3,793,714	-	-	3,793,714
Mid-Cap	1,217,569	-	-	1,217,569
Large Cap	1,065,583	-	-	1,065,583
International	414,026	-	-	414,026
Bond Investments	377,265	-	-	377,265
Small Cap	158,567	-	-	158,567
Specialty	28,265	-	-	28,265
Total	<u>\$ 7,410,629</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,410,629</u>

The Plan has no financial instruments which were valued using Level 2 or Level 3 inputs as of January 29, 2016 or December 31, 2015. The Plan recognizes any transfers between levels in the fair value hierarchy as of the end of the reporting period. There were no transfers between levels for the period from January 1, 2016 through January 29, 2016.

NOTE 5. NON-PARTICIPANT DIRECTED INVESTMENTS

The Plan's participants direct all investments. There are no non-participant directed investments as of December 31, 2015. The Plan had no investments as of January 29, 2016.

NOTE 6. PARTY IN INTEREST AND RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Fidelity Investments. The Trustee of the Plan is a subsidiary of Fidelity Investments. Therefore, these transactions qualify as party in interest transactions. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

HILL COUNTRY ELECTRIC SUPPLY 401(K) PLAN

Notes to Financial Statements

January 29, 2016 and December 31, 2015

NOTE 7. PLAN TERMINATION

On May 1, 2015, the Plan Sponsor was acquired by WESCO International, Inc. As a result of the acquisition, on January 1, 2016, all Plan participants were enrolled in the WESCO Distribution, Inc. Retirement Savings Plan (the "WESCO Plan"), and on January 29, 2016 the Plan was merged into the WESCO Plan, effectively terminating the Plan. Concurrently on January 29, 2016, all participants with five years service became 100% vested in any Plan Sponsor contributions. All other participants will follow the vesting schedule of the WESCO Plan.

NOTE 8. TAX STATUS

The Plan document is covered by the Internal Revenue Service ("IRS") determination letter dated March 31, 2014. The IRS made a favorable determination that the Plan document is in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan was designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. GAAP requires the Plan Sponsor to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2012.

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements for the period from January 1, 2016 through January 29, 2016 to Schedule H of Form 5500:

Net decrease in net assets available for benefits per the financial statements	\$ (386,618)
Participant contributions receivable at December 31, 2015	14,794
Plan sponsor contributions receivable at December 31, 2015	5,693
Rounding Difference	1
Net decrease in net assets available for benefits per Schedule H of Form 5500	<u>\$ 534,110</u>

NOTE 10. SUBSEQUENT EVENTS

The Company evaluates events that occur subsequent to the balance sheet date of periodic reports, but before financial statements are issued for periods ending on such balance sheet dates, for possible adjustment to such financial statements or other disclosure. This evaluation generally occurs through the date at which the Company's financial statements are electronically prepared for filing with Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. For the financial statements as of January 29, 2016 and for the period from January 1, 2016 through January 29, 2016, this date was November 15, 2016.
