Independent Auditors' Report

To the Plan Committee
Sachem Dental Group, LLP 401(k) Profit Sharing Plan:

Report on the Financial Statements

We were engaged to audit the accompanying financial statements of the Sachem Dental Group, LLP 401(k) Profit Sharing Plan, formerly the Sachem Dental Group 401(k) and Profit Sharing Plan & Trust, (the "Plan"), which comprise the statement of net assets available for benefits as of December 31, 2015, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the 2015 financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the *Basis for Disclaimer of Opinion* paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Lincoln Financial Group Trust Company, LLC and Mass Mutual Retirement Services, the trustees of the Plan, except for comparing such information with the related information included in the 2015 financial statements. We have been informed by the plan administrator that Mass Mutual Retirement Services held the Plan's investment assets and executed investment transactions for the period from January 1, 2015 to October 12, 2015 and that Lincoln Financial Group Trust Company, LLC held the Plan's investment assets and executed investment transactions as of December 31, 2015 and for the period from October 13, 2015 to December 31, 2015. The plan administrator has obtained certifications from the trustees as of and for the year ended December 31, 2015, that the information provided to the plan administrator by the trustees is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the 2015 financial statements. Accordingly, we do not express an opinion on the 2015 financial statements.

Other Matter - Supplemental Schedules

The supplemental schedule of assets (held at end of year) as of December 31, 2015 and schedule of delinquent participant contributions for the year then ended are required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA and are presented for the purpose of additional analysis and are not a required part of the financial statements. Because of the significance of the matter described in the *Basis for Disclaimer of Opinion* paragraph, we do not express an opinion on these supplemental schedules.

Other Matter - 2014 Financial Statements

The financial statement of the Plan as of December 31, 2014, was audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by the trustee of the Plan. Their report, dated September 28, 2015, indicated that (a) because of the significance of the information that they did not audit, they were unable to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statement and (b) the form and content of the information included in the financial statement other than that derived from the information certified by the trustee, were presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Report on Form and Content in Compliance with DOL Rules and Regulations 2015

The form and content of the information included in the 2015 financial statements and supplemental schedules, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

(1) Description of plan

The following description of the Sachem Dental Group, LLP 401(k) Profit Sharing Plan, formerly the Sachem Dental Group 401(k) and Profit Sharing Plan & Trust, (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted on January 1, 1992 to provide retirement benefits for employees of Sachem Dental Group, LLP (the "Employer"). The Plan covers substantially all employees who have completed one year of credited service and are age 21 or older ("participants"). Eligible employees can begin participating in the Plan on the first day of the calendar year or first day of the third calendar quarter following when the eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). 401k SAFE, LLC (the "Plan Sponsor") is responsible for oversight of the Plan.

(b) Contributions

Participants may voluntarily make qualified retirement contributions to the Plan which are deductible for federal income tax purposes under Section 401(k) of the Internal Revenue Code ("IRC") or may be made after-tax in the form of a Roth 401(k) contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contributions plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

During 2015, the Employer made safe harbor matching contributions equal to 100% of the participant's eligible compensation up to 3%, plus 50% of the next 2% of each participant's contribution.

The plan also provides that the Employer may contribute each year discretionary matching contributions; however, such matching contributions by the Employer are not required. No discretionary matching contributions were made by the Employer during 2015.

The Plan also provides that the Employer may contribute each year a discretionary profit sharing amount; however, such profit sharing contributions by the Employer are not required. During 2015, the Employer made discretionary profit sharing contributions equal to $325,994.

Employer and participant contributions may not exceed the maximum amount allowable for income tax purposes.

(c) Participant accounts

Each participant's account is credited (charged) with the participant's and Employer matching contributions and allocations of the Employer profit sharing contributions, investment earnings (losses) and administrative expenses. Allocations are based on participant's compensation, account balances, or specific participant transactions as defined in the plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants were immediately vested in their elective salary deferral and the Employer's safe harbor matching contributions plus actual earnings (losses) thereon. Vesting in the Employer's discretionary matching and discretionary profit-sharing contributions are based on years of continuous service. Participants vest 20% after two years of service and 20% each year thereafter until they became 100% vested after six years of service.

(e) Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at various rates ranging from 4.25% to 8.50% as of December 31, 2015, which is commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum payment equal to the value of the participant's vested interest in his or her account, or periodic installments over a fixed period of time, not to exceed the life expectancy of the participant. However, if the value of a participant's balance does not exceed $5,000, the lump sum payment will be made to the participant regardless of whether they consent to receive it. For termination of service due to other reasons, a participant will be entitled to receive the value of the vested interest in his or her account as a lump sum distribution.

(g) Forfeited accounts

Forfeitures are created when participants terminate employment prior to becoming fully vested in the Employer contribution portion of their accounts. These accounts will be used to reduce future Employer contributions or pay administrative expenses.

(h) Hardship withdrawals

The Plan permits distributions in the event of a hardship, as defined in the plan agreement. These distributions are taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant is younger than age 59½. Hardship withdrawals are limited to the participant's elective account balance. Participants are not permitted to make contributions to the Plan for a period of six months following a hardship withdrawal.

(i) Administrative expenses

Certain administrative expenses are paid by the Employer; while certain administrative expenses are paid by the Plan.

Fees related to the administration of notes receivable from participants are charged directly to the participant's account.

Certain fees incurred by the Plan for the investment management services are netted within net depreciation in fair value of the investments, as they are paid through revenue sharing rather than as a direct payment from the Plan.

(j) Plan termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

(2) Summary of significant accounting policies

(a) Recently adopted accounting pronouncement

In July 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2015-12, *"Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient,"* ("ASU 2015-12"), which simplifies the required disclosures related to employee benefit plans.

- Part I eliminates the requirement to measure and disclose the fair value of fully benefit-responsive contracts. Contract value is the only required measure for fully benefit-responsive investment contracts.

- Part II eliminates the requirement to disclose individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. Part II also requires plans to continue to disaggregate investments that are measured using fair value by general type, however plans are no longer required to also disaggregate investments by nature, characteristics and risks. Furthermore, the disclosure of information about fair value measurements shall be provided by general type of Plan asset.

- Part III is not applicable to the Plan.

The Plan Sponsor elected to early-adopt ASU 2015-12 as of December 31, 2015, and has applied the provisions retrospectively. The Plan Sponsor has eliminated its historical disclosure of individual investments which comprise 5% or more of total net assets available for benefits, as well as the net appreciation or depreciation of fair values by type. There were no other impacts on the statements of net assets available for benefits as of December 31, 2015 and 2014, or the statements of changes in net assets available for benefits for the years then ended.

(b) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(c) Investment valuation and income recognition

Investments are stated at fair value, except for the fully benefit-responsive guaranteed investment contract, which is reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the plan agreement.

(e) Payment of benefits

Benefits are recorded when paid.

(f) Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(g) Events occurring after reporting date

Management of the Plan has evaluated events and transactions that occurred between December 31, 2015 and November 8, 2016, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Summary of information certified by the trustees

The following information was certified as complete and accurate by Mass Mutual Retirement Services, trustee, as of December 31, 2014 and for the period from January 1, 2015 to October 12, 2015 and by Lincoln Financial Group Trust Company, LLC, trustee, as of December 31, 2015 and for the period from October 13, 2015 to December 31, 2015.

	2015	2014
Investments	$ 7,198,822	$ 7,480,049
Notes receivable from participants	$ 103,796	$ -
Net change resulting from investment activity	$ (86,186)	
Interest income on notes receivable from participants	$ 4,996	

(4) Fair value measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

(i) *Money market and mutual funds*: Valued at the NAV of shares held by the Plan at year end based on a quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014:

	Fair Value Measurements as of December 31, 2015 using the following measurements			
	Level 1	Level 2	Level 3	Total
Investments at fair value - mutual funds	$ 5,173,882	$ -	$ -	$ 5,173,882

	Fair Value Measurements as of December 31, 2014 using the following measurements			
	Level 1	Level 2	Level 3	Total
Investments:				
Mutual funds	$ 4,360,890	$ -	$ -	$ 4,360,890
Money market fund	625,092	-	-	625,092

(5) Investment contract with insurance companies

During 2015, the Plan has entered into a guaranteed investment contract with Lincoln Life & Annuity Company of New York, a related party to the trustee. The guaranteed investment contract is considered fully benefit-responsive. The trustee maintains the Plan's contributions in a general account which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract was $2,024,940 as of December 31, 2015.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan,) (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Employers or other Employer events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are not probable of occurring.

The investment contract does not permit the trustee to terminate the agreements prior to the scheduled maturity date.

During 2015 and 2014, the Plan was party to a guaranteed investment contract with Mass Mutual Retirement Services, the trustee of the Plan. This investment contract was not considered fully-benefit responsive under generally accepted accounting standards. Mass Mutual Retirement Services maintained the Plan's contributions in a pooled account which was credited with earnings on the underlying investments and charged for Plan withdrawals and investment expenses. There were no reserves against contract value for credit risk of the contract issuer or otherwise. The guaranteed investment contract with Mass Mutual Retirement Services was terminated during 2015.

(6) Income tax status

The Employer adopted a Prototype Plan which received a favorable determination letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable provisions of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

(7) Untimely remittance of participant contributions

The Employer is required by Department of Labor regulation to remit participant contributions as soon as practicable, but by no later than the fifteenth business day following the end of the month in which the amounts were withheld from wages. For certain contributions withheld from payrolls during 2015, the funds were not remitted timely. Imputed lost earnings related to amounts withheld from wages in 2015 were remitted to the Plan in 2016.

(8) Related-party transactions

Certain Plan investments consist of a guaranteed investment contract which is managed by Lincoln Life & Annuity Company of New York, a related party of the trustee, and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses of $43,067 were paid to the trustees and third party administrator in 2015. The Plan also holds notes receivable from participants which qualify as party-in-interest transactions.

(9) Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2015:

Net assets available for benefits per the financial statements	$ 7,638,915
Contributions receivable	38,422
Net assets available for benefits per the Form 5500	$ 7,677,337

The following is a reconciliation of the changes in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2015:

Change in net assets available for benefits per the financial statements	$	43,823
Change in contributions receivable		38,422
Change in net assets available for benefits per the Form 5500	$	82,245

(10) Risks and uncertainties

The Plan invests various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statements of net assets available for benefits.
