NOTES TO FINANCIAL STATEMENTS

December 31, 2015 and 2014

1. DESCRIPTION OF PLAN

The following description of Page Southerland Page 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Page Southerland Page, Inc. (the "Company") who are age 21 or older. Employees are eligible to participate in the Plan the first day of the month coinciding with or next following the date in which an employee meets the eligibility requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Administrative Committee is responsible for oversight of the Plan.

Plan Amendments

Effective January 1, 2014, the Plan executed the following amendments:

- The Plan's name was changed from Page Southerland Page, LLP 401(k) Plan to Page Southerland Page 401(k) Plan.

- The discretionary matching employer contribution made by the Company will be made to the Page Southerland Page, Inc. Employee Stock Ownership Plan.

Contributions

Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees

are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 6 percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 less the participant's highest outstanding loan balance during the past year or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan management. Principal and interest is paid ratably through payroll deductions. A participant may have only one outstanding loan at anytime.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installments for a set time period, for a set amount, or for a lifetime. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution.

Forfeited Accounts

Forfeited accounts shall be used to offset plan expenses. At December 31, 2015 and 2014, there were no forfeited nonvested accounts and there were no forfeitures used to pay plan expenses in 2015.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued ASU 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, ("ASU 2015-07"). ASU 2015-07 removes the requirement to categorize within the fair value hierarchy investments for which fair values are estimated using the net asset value practical expedient provided by Accounting Standards Codification 820, Fair Value Measurement. Disclosures about investments in certain entities that calculate net asset value per share are limited to those investments for which the entity has elected to estimate the fair value using the net asset value practical expedient. The ASU is effective for fiscal years beginning after December 15, 2016, with retrospective application to all periods presented. Management has elected to adopt ASU 2015-07 in the current year.

In July 2015, the Financial Accounting Standards Board issued Accounting Standards Update ("ASU") 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)*. As it relates to the Plan, ASU 2015-12 eliminates the requirement to disclose individual investments that represent five percent or more of net assets available for benefits. Additionally, the net appreciation or depreciation in investments, including fair value disclosures, for the period still will be required to be presented in the aggregate, but will no longer be required to bedisaggregated and disclosed by general type. Plan management has elected to adopt ASU 2015-12 as of December 31, 2015 as permitted. Accordingly, the Plan's Statements of Assets

Available for Benefits and notes to the financial statements reflect the amended disclosure requirements on a retrospective basis.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan and are included in administrative expenses. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Concentrations

The following table presents investments that represent 10 percent or more of net assets available for benefits as of December 31, 2015 and 2014:

	2015	2014
Schwab Managed Retirement Trust Class III 2025	$ 5,777,081	$ 5,440,055

Reclassifications

Certain reclassifications have been made to the 2014 financial statement presentation to correspond to the current year's format. Total net assets available for benefits are unchanged due to these reclassifications.

Subsequent Events

In accordance with FASB ASC 855, *Subsequent Events*, plan management has evaluated subsequent events through July 26, 2016, the date the financial statements were available to be issued, and determined there were no other items to disclose.

3. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The custodian has certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate at December 31, 2015 and 2014, and for the year ended December 31, 2015.

	2015	2014
Investments at fair value	$ 43,654,993	$ 43,664,873
Notes receivable from participants	$ 596,308	$ 489,194
Other receivable	$ 170	$ 273
Non-interest bearing cash	$ 45,252	$ 29,806
Net depreciation in fair value of investments	$ 244,278	
Dividends	$ 241,489	
Other, participant-directed brokerage accounts	$ 23,369	
Interest income on notes receivable from participants	$ 18,325	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level l) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;

- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Common collective trusts: Valued at the net asset value ("NAV") of units of a bank collective trust. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Registered investment companies: Valued at the daily closing price as reported by the fund.

Participant-directed brokerage accounts: Valued at the daily closing price reported on the active market on which the investments are traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2015 and 2014, with the exception of the common collective trusts measured at fair value using the NAV practical expedient. The fair value of the common collective trusts is provided below to permit reconciliation of the fair value hierarchy to tie amounts presented in the Statements of Net Assets Available for Benefits. Prior year amounts have been retrospectively adjusted for consistency with this presentation:

5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Plan investments are held by State Street Bank and Trust Company ("State Street"). State Street is the custodian as defined in the Plan and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for custodial services are included in administrative expenses.

Plan transactions and records are administrated by Transamerica Retirement Solutions ("Transamerica"). Transamerica is the record keeper as defined in the Plan and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for record keeping services are included in administrative expenses.

Investment management services are provided by DiMeo Schneider & Associates ("DiMeo"). DiMeo is the Plan's investment advisor and, therefore, these transactions qualify as party in interest transactions which are exempt from prohibited transaction rules. Fees incurred by the Plan for these services are included in administrative expenses.

The Plan is subject to an annual audit in order to remain in compliance with ERISA regulations. Huselton, Morgan & Maultsby, P.C. is the plan auditor and, therefore, this transaction qualifies as a party in interest transaction which is exempt from prohibited transaction rules. Fees incurred by the Plan for the audit are included in administrative expenses.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA.

7. TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, plan management and the Plan's tax counsel believe that the Plan is designed, and is

currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. INACTIVE PARTICIPANTS WITH ACCOUNT BALANCES

At December 31, 2015 and 2014, the value of the accounts held by participants who have separated from employment with the Company and have decided to continue to maintain their account balances in the Plan totals $8,175,766 and $6,997,762, respectively. For the year ended December 31, 2015, there were no distributions requested but not paid to participants who have elected to withdraw from the Plan.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
