NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description

The following description of Hart Hotels, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan is a defined contribution plan sponsored by Hart Hotels, Inc. and Related Companies (the Companies) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The 401(k) Plan Investment Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility:

Employees of the Companies are eligible to participate in the Plan and receive employer matching contributions as of January 1st, April 1st, July 1st, or October 1st, after completing 1,000 hours of service within a year, as defined, and reaching the age of 21, excluding employees covered by a collective bargaining agreement which does not expressly provide for participation in the Plan.

Contributions:

Participants may contribute up to 25% of pretax annual compensation, as defined, and elect to defer up to 90% of bonus compensation. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 2% of eligible compensation and their contributions invested in a designated balance fund until changed by the participant.

At its discretion, the Companies may contribute an amount to each participant's account based on a percentage of the participant's contributions into the Plan. For the years ended December 31, 2015 and 2014, the Companies matched 50% of the first 1% of compensation contributed by the participant and 20% of the remaining compensation contributed by the participant, up to 3% of a participant's eligible compensation, as defined.

Contributions are subject to certain limitations of the Internal Revenue Code (the Code). Participants direct the investment of contributions into various investment options offered by the Plan.

Note 1. Plan Description (Continued)

Participant accounts:

Each participant's account is credited with the participant's contributions, the Companies' discretionary matching contributions, an allocation of Plan earnings, reduced for benefits paid, and charged directly for loan origination and benefit processing fees, if applicable. Allocations of Plan earnings are based on the investments held by the participant. The benefit to which a participant is entitled is limited to that which can be provided from the participant's vested account.

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. The Companies' contributions become 20% vested after two years of credited service, as defined, with vesting increasing at 20% increments each year thereafter to 100% after six years of credited service.

Forfeitures:

At December 31, 2015 and 2014, forfeited nonvested accounts totaled $4,041 and $4,742, respectively. Forfeitures of nonvested contributions made by the Companies are used to pay administrative expenses of the Plan or to reduce the Companies' contributions. Forfeitures reduced the Companies' contributions by $12,518 and $11,835 in 2015 and 2014, respectively.

Payment of benefits:

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or periodic payments. Participants with a vested account balance less than $5,000 will receive a lump sum distribution. Distributions are also permitted in the event of financial hardship, as defined by the Plan, and for participants who have attained age 59-½.

Notes receivable from participants:

Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 less the participant's highest outstanding loan balance in the prior twelve months or 50% of their vested account. A participant may not have more than two loans outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at a rate determined by the Plan Administrator. Generally, loans must be repaid over a maximum term of 5 years for personal loans; however, a longer term is permitted for purchase of a participant's primary residence. Principal and interest are paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. The Plan pays for fees related to the origination of notes receivable from participants and benefit processing fees which are charged directly to the participant's account. The Plan also pays for certain recordkeeping fees. Investment expenses related to fund management are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment from the Plan.

Note 2. Significant Accounting Policies

Basis of accounting:

The financial statements have been prepared using the accrual basis of accounting.

Investment valuation and income recognition:

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. The 401(k) Plan Investment Committee determines the Plan's valuation policies utilizing information provided by Reliance Trust Company (Reliance). See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded when received. Net appreciation (depreciation) includes Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2015 or 2014. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan document.

Excess contributions:

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan recorded $14,994 and $14,175 as a liability for excess contributions related to the years ended December 31, 2015 and 2014, respectively. The Plan distributed $14,175 and $13,291 for excess contributions in 2015 and 2014 related to contributions for the years ended December 31, 2014 and 2013, respectively.

Note 2. Significant Accounting Policies (Continued)

Benefits:

Benefits are recorded when paid.

Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes, therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Recent accounting pronouncements:

In 2015, the Plan adopted Part II of *Accounting Standards Update No. 2015-12, Plan Accounting: Defined Benefit Pension Plans, Topic 960; Defined Contribution Plans, Topic 962; and Health and Welfare Benefit Plans, Topic 965* (ASU 2015-12). Part II eliminates the requirements for plans to disclose individual investments that represent five percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. It also allows investments measured at fair value to be disaggregated by general type and no longer requires plans to disaggregate investments by nature, characteristics and risks. Further, the disclosure of significant investment strategies for an investment in a fund that files a U.S. Department of Labor Form 5500 as a direct filing entity, when the plan uses the net asset value (NAV) practical expedient, is no longer required. Prior year disclosures have been revised to reflect the retrospective application, with no effect on net assets available for benefits or the changes in net assets available for benefits.

Subsequent events:

Subsequent events have been evaluated through October 13, 2016, which is the date the financial statements were available to be issued.

Note 3. Information Certified by the Plan's Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following table presents the fair value of investments of the Plan that has been certified as complete and accurate by Reliance at December 31, 2015 and 2014:

	2015	2014
Investments at fair value:		
Mutual funds	**$ 4,775,615**	$ 4,834,806
Notes receivable from participants	**$ 169,508**	$ 157,338

Note 3. Information Certified by the Plan's Trustee (Continued)

Reliance has also certified to the completeness and accuracy of net depreciation in fair value of investments of $307,652 and $161,685, dividend income of $252,068 and $390,412 and interest income on notes receivable from participants of $6,358 and $6,074 for the years ended December 31, 2015 and 2014, respectively.

The notes receivable from participants that were certified do not agree to the statements of net assets available for benefits and the related interest income on these notes do not agree to the statements of changes in net assets available for benefits due to reclassifications of deemed distributions.

Note 4. Fair Value Measurements

Accounting principles generally accepted in the United States of America establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual funds: Mutual funds, except for money market mutual funds, are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their daily NAV and to transact at that price. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The funds held by the Plan are deemed to be actively traded.

Note 4. Fair Value Measurements (Continued)

Money Market Mutual Funds: Valued at the daily closing price as reported by the fund. Money market mutual funds held by the Plan are open-end mutual funds that are registered with the SEC that generally transact at a stable $1.00 NAV representing its estimated fair value. On a daily basis the fund's NAV is determined by the fund based on the amortized cost of the fund's underlying investments.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2015 and 2014. The classification within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

	2015			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	**$ 4,399,475**	**$ 376,140**	**$ -**	**$ 4,775,615**

	2014			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 4,410,197	$ 424,609	$ -	$ 4,834,806

Note 5. Plan Termination

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Note 6. Tax Status

In 2014 and 2015, the Plan Sponsor discovered administrative errors in the application of eligibility requirements and deferral of certain amounts of eligible wages. The errors resulted in improper exclusion from or inclusion in the Plan and potential underpayments and overpayments to certain participants.

The IRS maintains the Employee Plans Compliance Resolution System (EPCRS) that provides sponsors of tax-qualified retirement plans with a system to correct operational errors that could otherwise cause the tax-qualified status of a plan to be adversely affected. The requirements of EPCRS are contained in Revenue Procedures 2013-12. The Plan Sponsor is in the process of identifying and quantifying the errors identified and developing a plan for communicating to participants and correcting the errors. The Plan Sponsor intends to take corrective action in accordance with Revenue Procedures 2013-12 and has initiated new processes to prevent reoccurrence of the errors, which will be completed as soon as administratively possible.

Note 6. Tax Status (Continued)

The Plan adopted a nonstandardized form of a prototype plan sponsored by Automatic Data Processing Inc. (ADP). The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status dated March 31, 2008. The prototype plan opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code, other than the administrative errors noted above that will be corrected in accordance with the EPCRS.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2012.

Note 7. Party-in-Interest Transactions

A party-in-interest is defined under the Department of Labor's regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. The Plan allows participants to take loans from their accounts in the Plan. Certain notes receivable from participants and income thereon qualify as party-in-interest transactions.

ADP is the recordkeeper and Merrill Lynch is the investment advisor as defined by the Plan, therefore, transactions with ADP and Merrill Lynch qualify as party-in-interest transactions. Fees paid by the Plan to ADP for loan origination and distribution processing services amounted to $10,620 and $9,864 for the years ended December 31, 2015 and 2014, respectively. Fees paid for investment advisory services to Merrill Lynch are included in net depreciation in fair value of investments, as they are paid through revenue sharing rather than a direct payment from the Plan.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
