Note A - Description of Plan

The following description of the Allegiance, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Allegiance, Inc., (the "Company" or "Employer") for the benefit of all eligible non-union employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participation

Eligible employees may become participants in the Plan for purposes of making contributions after three months of service and provided they are at least 21 years of age. An eligible employee shall become a participant effective as of the first day of the month coinciding with or next following the date which an employee has met the eligibility requirements.

Contributions

Participants may elect to reduce their salary and have that amount contributed to the Plan. The Plan offers participants the option of contributing either pre-tax dollars or after-tax Roth 401(k) contributions. The elective deferred amount may not be more than the lesser of: (a) 100% of their compensation, (b) maximum dollar limit allowed under the requirements of the Internal Revenue Code ("Code") ($18,000 for 2015) or (c) such lesser amount as determined by discrimination tests for the Plan. Participants may elect to rollover contributions into the Plan from a previous employer. Each year the Company may make matching contributions of a percent to be determined annually based on a percentage of each eligible participant's elective deferral contribution to the Plan. For the 2015 plan year, the Plan provided a matching contribution of 100% for each eligible participant's elective deferral contribution to the Plan, up to 4% of a participant's eligible compensation.

Participants age 50 or older are permitted to make additional catch-up contributions of up to $6,000 for the two-month period ended February 29, 2016.

Due to a plan merger, there were no contributions for the 2016 plan year.

Note A - Description of Plan (Continued)

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and an allocation of Plan earnings and charged with an allocation of Plan expenses that are paid by the Plan. Allocations are based on the participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is equal to the value of the participant's vested account. Participants may change their investment options daily.

Vesting

Participants shall at all times be one hundred percent (100%) vested in all contributions made to the participant's account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms include a maximum of 5 years, unless the loan is for the purchase of a primary residence. The maximum number of loans allowed at any time is one. Loans are secured by the balance in the participant's account and bear an interest rate of 1% above the prime rate as defined. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service, attaining age 59 ½, incurring a hardship, or incurring a disability, a participant may elect to receive a lump-sum amount or installments equal to the value of their accounts. Withdrawals other than for termination are permitted under certain circumstances provided by the Plan. Participants with elective deferral contributions in excess of $1,000 may elect to defer distribution to a future date. A participant who receives a distribution for hardship shall be prohibited from making elective deferrals for a six month period after receipt of the distribution.

Note B - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuations policies utilizing information provided by the investment advisor and custodian. See Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Benefit Payments

Benefits distributed to participants are recorded when paid.

Note B - Summary of Significant Accounting Policies (Continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent Events

The Company has evaluated all subsequent events through October 14, 2016, the date the financial statements were available to be issued.

Note C - Investment Certification

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2420.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the ERISA. Accordingly, as permitted under such election, the Plan Administrator has obtained certifications from John Hancock Life Insurance Company (U.S.A.) ("Custodian") that all information provided by them for the period ended February 29, 2016 and for the year ended December 31, 2015 is complete and accurate. Information included in the accompanying financial statements as to investments, net depreciation in fair value of investments, interest and dividend income is presented in reliance solely upon those certifications.

Note D - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Note D - Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology included:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for investments measured at fair value. There have been no changes in the methodologies used at February 29, 2016 and December 31, 2015.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and classified as level 1.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2015. The Plan held no investments at February 29, 2016.

		Fair Value Measurements at Reporting Date Using:		
Description	Balance 12/31/15	Level 1	Level 2	Level 3
Mutual funds	$5,381,635	$5,381,635	$ -	$ -
Total	$5,381,635	$5,381,635	$ -	$ -

Note E - Fully Benefit-Responsive Investment Contract

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract value of the Guaranteed Interest Account at February 29, 2016 and December 31, 2015 was $0 and $ 143,581, respectively.

The guaranteed interest account is designed to accrue interest based on a crediting rate established by the contract issuer. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Additionally, certain events might limit the ability of the Plan to transact at contract value with the contract issuer.

Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants. The plan merger on March 1, 2016 had no effect on the value of the contracts, see Note K.

Note E - Fully Benefit-Responsive Investment Contract (Continued)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

Note F - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, participants shall immediately become 100% vested, and therefore, be entitled to receive a distribution of the value of all cash and investment units credited to his or her account as of that date.

Note G - Tax Status

The Internal Revenue Service has determined and informed the Company by an opinion letter dated March 31, 2014, that the Plan and related trust are designed in accordance with applicable sections of the Code. The Plan has not been amended since receiving the determination letter. The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code.

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 29, 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note H - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note I - Related Party Transactions

Certain investments are managed by John Hancock Life Insurance Company (U.S.A.), who is the custodian of the Plan's investments and, therefore, these transactions qualify as party-in-interest transactions.

Note J - Prohibited Transactions

During 2015, the Company failed to remit to the Plan's custodian within the period described by the Department of Labor regulations, certain employee contributions totaling approximately $585,155. The lost earnings related to the delinquent contributions were not paid prior to February 29, 2016 and will be remitted after the plan merger, see Note K.

Note K - Plan Merger

On March 1, 2016, the plan sponsor merged the Plan assets into the Maritz Inc. Employees' Investment Plan ("Maritz") and discontinued contributions to the Allegiance plan, subject to the provisions of ERISA as of January 1, 2016. As of a result of the merger, net plan assets of $5,001,871 were transferred to the Maritz plan and trust which includes a $5,815 corrective distribution payable and a $120 employee receivable.
