PROFIT SHARING 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of the Tahoma Enterprises, Inc. Profit Sharing 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all full-time, non-union (excluding nonresident aliens) employees of the controlled group of companies consisting of Tahoma Enterprises, Inc. Progress Wire Products Company, Wayne Machine, Inc., North Canton Plastics Company, GS Industries of Bassett, Ltd, CP Technologies Company, Tahoma-Rondy, Inc., Terrell Manufacturing Ltd. and MP Technologies Ltd. (the “Companies”) who are age twenty-one or older and have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to a maximum amount allowed by law as defined in the Plan. The Companies may contribute to the Plan. The Companies have elected to match up to 3% of each participant’s compensation and 50% of the next 2% of the participant’s compensation contributed to the Plan. The Companies contributed a match of \$222,897 and \$201,361 for the years ended December 31, 2015 and 2014, respectfully.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Companies contribution, and allocation of Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account.

Vesting

Participants are immediately vested in their contributions and the Companies safe harbor matching contributions plus actual earnings thereon. Vesting in the Companies’ matching and discretionary contribution portion of their accounts plus actual earning thereon, except for safe harbor matching contributions, is based on their years of service. A year of vesting accumulates from the date of hire. Participants are 100% vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive the value of his or her account in a lump-sum amount or in the form of a rollover to another qualified plan. The plan also permits distributions in the form of a hardship from pre-tax deferrals when an appropriate reason is met.

PROFIT SHARING 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (continued)

Notes Receivable from Participants

The Plan does not allow participants to borrow from their accounts. The Companies previous plan did allow for loans, therefore, there are notes receivable from participants in the amount of \$2,214 and \$4,730 for the years ended December 31, 2015 and 2014, respectively. Principal and interest are paid ratable through bi-weekly payroll deductions.

Forfeited Accounts

Forfeitures of terminated participants' may first be used to pay administrative expenses then may be used to reduce any Companies contribution as attributable to the respective company. The total forfeited amount for the years ended December 31, 2015 and 2014, was \$0 and \$1,186, respectively.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in conformity with general accepted accounting principles.

Payment of Benefits

Benefits are recorded when paid to participants or beneficiaries.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment custodians and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

Certain plan administrative expenses are paid with forfeitures and by the sponsor. Investment fund management, recordkeeping and advisory fees are netted against investment fund earnings. Expenses that are paid by the Company are excluded from these financial statements.

TAHOMA ENTERPRISES, INC.
PROFIT SHARING 401(K) PLAN

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Administrative Expenses (continued)

Most of the costs incurred by the Plan are absorbed by the Companies. Fees paid by the Plan for the contract administrator fees for the years ended December 31, 2015 and 2014 was \$9,830 and \$3,336.

Recent Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent). The amendments in this update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the net asset value per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of financial position. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the net asset value per share practical expedient. The amendments in this update are effective for public business entities for fiscal years beginning after December 15, 2015. For all other entities, the amendments in this update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. Plan management does not believe this will impact the Plan's financial statements.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part 1) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosure, (Part III) Measurement Date Practical Expedient*. Part I eliminates the requirements to measure the fair value of benefit-responsive investment contracts and provide certain disclosures. Contract value is the only required measure for fully benefit-responsive investment contracts. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of the net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of disaggregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III provides a practical expedient to permit plans to measure investments and investment-related accounts as of a month-end that is closest to the plan's fiscal year-end, when the fiscal period does not coincide with a month-end. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Parts I and II are to be applied retrospectively, with Part III to be applied prospectively. Parts I and III are not applicable to the Plan. Management has elected to adopt Part II early for the 2015 plan year.

Income Taxes

The Plan Administrator has not applied for a determination letter from the Internal Revenue Service because the Plan adopted a prototype plan sponsored by Columbus Retirement Administrators which has received a favorable opinion letter from the IRS.

The Plan administrator and the Plan's counsel believe that the Plan is designed with the applicable requirements of the Internal Revenue Code. The Internal Revenue Service has determined and informed the Company by a letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Management has evaluated income tax positions taken or expected to be taken, if any, on income tax returns filed and the likelihood that, upon examination by the relevant jurisdictions, those income tax positions would be sustained. Based on the results of this examination management determined there are no positions that necessitated disclosures and or adjustments.

Subsequent Events

Subsequent events have been evaluated through November 30, 2016, which is the date the financial statements were available to be issued.

Reclassifications

Certain amounts previously reported in the December 31, 2014 financial statements have been reclassified to conform to the reporting presentation of the financial statements at December 31, 2015.

NOTE 3: FAIR VALUE MEASUREMENT

Generally Accepted Accounting Principles include a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;

NOTE 3: FAIR VALUE MEASUREMENT (continued)

- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual/Money market funds: Valued at the net asset value (NAV) of shares held by the plan at year end. The NAV is based on the value of underlying assets owned by the fund, minus its liabilities and then divided by the number of shares outstanding. NAV is a quoted price in an active market.

The preceding methods described may produce fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 5: PLAN TERMINATION

NOTES TO THE FINANCIAL STATEMENTS

NOTE 6: RELATED-PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTION

Certain Plan investments are shares of money market funds managed by an affiliate of Mid Atlantic Trust Company. Mid Atlantic Trust Company is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Fees incurred by the plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made a direct payment to the third party administrator of \$9,830 and \$3,336 for the years ended December 31, 2015 and 2014, respectively, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

NOTE 7: RISK AND UNCERTAINTIES

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rates, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

NOTE 8: INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2015 and 2014, and net (depreciation) appreciation in fair value of investments, interest and dividends for the years ended December 31, 2015 and 2014, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Mid Atlantic Trust Company, the custodian of the plan.

NOTE 9: NONEXEMPT TRANSACTIONS

During 2015, the Plan sponsor inadvertently failed to deposit \$61,294 of participant deferrals within the required timeframe as stated by the United States Department of Labor (DOL) regulations. The Plan sponsor met with their investment advisor, trustee and member of the plan sponsor's legal firm, and affected participant's in the plan to determine proper corrective action and communication of such corrective action. Corrective action was taken by the Plan during 2015.
