Met Laboratories, Inc. 401k Retirement Plan

We have conducted a Department of Labor (DOL) limited-scope audit of the financial statements of Met Laboratories, Inc. 401k Retirement Plan for the year ended December 31, 2015 and have issued our report thereon dated July 20, 2016. As permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3 to those financial statements. Because of the significance of the information that we did not audit, we are unable to, and have not, expressed an opinion on those financial statements and supplemental schedules taken as a whole. We did, however, audit the form and content of the information included in the financial statements and supplemental schedules, other than that derived from information certified by the trustee, in accordance with auditing standards generally accepted in the United States of America and found them to be presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated May 24, 2016. Professional standards also require that we communicate to you the following information related to our audit:

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Met Laboratories, Inc. 401k Retirement Plan are described in Note 2 to the financial statements. As described in Note 2, the Plan changed accounting policies related to plan investment disclosures by adopting ASU 2015-12, in 2015. Accordingly, the accounting change has been retrospectively applied to prior periods presented as if the policy had always been used. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events.

The financial statement disclosures are neutral, consistent, and clear.

NOTE 1: DESCRIPTION OF PLAN

The following description of Met Laboratories, Inc. 401k Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established July 1, 1992, covering all employees of Met Laboratories, Inc. (the Employer) who have completed six months of service and are at least twenty-one years of age. The Plan was amended and rested effective June 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute a portion of their annual compensation to the Plan, up to the maximum allowed by the Internal Revenue Code. Participants who have attained the age of 50 before the end of the Plan year end are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit plans or defined contribution plans. The Plan contains automatic deferral provisions equal to 3% of participant compensation. The Employer makes a matching contribution of 50% of the participant's elective deferrals up to 6% of a participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Employer's contribution, Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Employer's contribution accounts is based on years of service, as defined by the Plan document. A participant is 100% vested after six years of credited service; however, a participant shall become fully vested upon normal retirement, death or disability (as defined by the Plan).

Investment Options

The Plan invests participant directed contributions in a number of mutual funds. Each participant's elective contribution will be invested into those funds selected by the participant. The Employer's contribution will be invested into the same funds as the elective contributions.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The loans are secured by the vested balance in the participant's account and bear interest at 4.25%. Principal and interest is paid ratably through payroll deductions.

Forfeitures

Non-vested amounts will be forfeited by participants upon termination, and may be used to pay administrative expenses of the Plan or to reduce Employer contributions. At December 31, 2015 and 2014, forfeited non-vested accounts totaled \$8,423 and \$871, respectively. For the year ended December 31, 2015, \$11,697 of forfeitures were used to reduce the Employer matching contribution.

Payment of Benefits

Upon termination of employment or termination of service due to death, disability, or retirement a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, or in annual installments over time. In-service distributions are also permitted upon meeting certain requirements as defined by the Plan.

Administrative Expenses

Substantially all of the Plan's expenses are assumed by the Employer, and are not reflected in the accompanying financial statements.

Tax Status

The Plan has been recognized by the Internal Revenue Service (IRS) as a qualified prototype plan under the Internal Revenue Code (IRC) Section 401(a) and 401(k) and is exempt from federal income taxes under the provisions of IRC Section 501(a). A determination letter has been obtained for the prototype plan; however, no application has been made for a determination letter for this specific plan. However, the plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Subsequent Events

The Plan has evaluated subsequent events through July 20, 2016, which is the date the financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants (loans) are reported at their unpaid principal balance plus any accrued but unpaid interest.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Payment of Benefits

Benefits are recorded when paid.

NOTE 2: SUMMARY OF ACCOUNTING POLICIES (Continued)

Changes in Accounting Principles

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient*. Part I is not applicable to the Plan. Part II eliminates the requirements to disclose individual investments that represent 5 percent or more of net assets available for benefits and the net appreciation or depreciation in fair value of investments by general type. Part II also simplifies the level of desegregation of investments that are measured using fair value. Plans will continue to disaggregate investments that are measured using fair value by general type; however, plans are no longer required to also disaggregate investments by nature, characteristics and risks. Further, the disclosure of information about fair value measurements shall be provided by general type of plan asset. Part III is not applicable to the Plan. The ASU is effective for fiscal years beginning after December 15, 2015, with early adoption permitted. Part II is to be applied retrospectively. Management has elected to adopt Part II early.

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

NOTE 3: INFORMATION PREPARED AND CERTIFIED BY TRUSTEE (Continued)

The Plan's independent auditors did not perform procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 4: FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

The fair value measurement accounting literature provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Significant unobservable inputs.

NOTE 4: FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2015 and 2014.

Fair Value Measurements Using:

	<u>Level 1</u>
<u>December 31, 2015</u>	
Mutual funds	\$ <u>9,850,555</u>
<u>December 31, 2014</u>	
Mutual funds	\$ <u>8,807,750</u>

Following is a description of the valuation methodologies that are used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2015 and 2014.

Mutual Funds

The fair value of mutual funds is based on quoted net asset values of shares held by the Plan at year-end.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2015 are reported in net depreciation in fair value of investments.

NOTE 5: PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
