NOTE 1. DESCRIPTION OF THE PLAN

The following brief description of Miller Kaplan Arase LLP 401(k) Profit Sharing Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

General: The Plan is a defined contribution plan covering all employees of Miller Kaplan Arase LLP (the Company) who have completed three consecutive months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Eligible employees may elect to have 1% to 85% of their compensation, as defined in the Plan, to be deducted each pay period. Automatic enrollment deferrals start at 3% with an annual increase of 1% up to a maximum annual rate of 10%. Participants over age 50 are permitted to make catch-up contributions, as defined in the Plan document. The maximum employee deferral and catch-up contributions are subject to certain Internal Revenue Code (IRC) limitations. The Plan does not provide for a matching contribution, but the Company may make, at its discretion, a profit sharing contribution to all participants who have worked 1,000 hours during the Plan year and are still employed with the Company at year-end.

Participant Accounts: Each participant account is credited with the participants' contribution and an allocation of (a) the Company's profit sharing contributions, if any and (b) Plan earnings, and are charged with an allocation of administrative expenses, if such expenses are not paid by the Company.

Participant Notes Receivable: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participants' accounts and bear interest at the prime rate of interest plus 1%. Loans must be repaid over a period not to exceed five years from the date of the loan, unless the loan is used for the purchase of the principal residence of the participant, for which the repayment period may extend beyond five years.

Investment Options: Participants may select investment accounts in which employee deferrals and the Company's profit sharing contributions will be invested. Participants may select from various funds offered through the BMO Harris Bank N.A. (Trustee).

Vesting: Participants are always fully vested in their employee deferral and rollover contributions plus earnings thereon. Participants vest in the Company's profit sharing contribution account according to the following schedule:

Years of Service	Percentage Vested
Less than 3	0%
3 or more	100%

Notwithstanding the above, if a participant (1) attains the age of 65 (2) dies or (3) terminates employment by reason of permanent disability, the Company's profit sharing contribution amounts become 100% vested without regard to years of service.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits: Distributions of a participant's account are made upon termination of service, death, disability or retirement. Distributions are made in a lump-sum payment or partial lump sum distributions. If a participant's vested account is greater than $1,000 but less than $5,000, and if the participant does not elect to have a rollover into a specific retirement account or to receive a distribution directly, such account will be rolled over to an Individual Retirement Account. In addition, an in-service withdrawal can be made in the form of a lump-sum payment to participants who have attained the age of 59-1/2.

Forfeitures Participants who are not 100% vested will forfeit the nonvested portion of the Company profit sharing contributions upon termination of employment. Such forfeitures may be applied to reduce the future contributions or administrative expenses of the Company. During the year ended February 29, 2016, forfeitures of $6,426 were applied against contributions. There was a balance of approximately $700 available in the forfeiture account at February 29, 2016. During the year ended February 28, 2015, forfeitures of $10,509 were applied against contributions. There was a balance of approximately $1,000 available in the forfeiture account at February 28, 2015.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The financial statements of the Plan are reported on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 8 for discussion of fair value measurements.

Investment Valuation and Income Recognition (continued): Purchases and sales of investments are recorded on a trade-dated basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Valuation of Notes Receivable from Participants: Notes receivable from participants are stated at their unpaid principal balances plus any accrued but unpaid interest.

Payment of Benefits: Benefits are recorded when paid.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Fees: The Company pays the administrative fees and recordkeeping expenses in connection with the Plan, but if not paid by the Company when due, such fees shall be paid from the Plan funds.

New Accounting Pronouncements: In May 2015, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value (NAV) per Share (or Its Equivalent). The amendments in this Update remove the requirement to categorize within the fair value hierarchy all investments for which fair value is measured using the NAV per share practical expedient. However, sufficient information must be provided to permit reconciliation of the fair value of assets categorized within the fair value hierarchy to the amounts presented in the statement of net assets available for benefits. The amendments also remove the requirement to make certain disclosures for all investments that are eligible to be measured at fair value using the NAV per share practical expedient. The amendments in this Update are effective for fiscal years beginning after December 15, 2016. Early adoption is permitted. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted the Update for the 2016 Plan year and the Update was retroactively applied to February 28, 2015. Prior year disclosures have been revised to reflect the retrospective application. The impact of adopting this Update is reflected in the financial statements.

In July 2015, the FASB issued ASU No. 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965): (Part I) Fully Benefit-Responsive Investment Contracts, (Part II) Plan Investment Disclosures, (Part III) Measurement Date Practical Expedient.

- The amendments in Part I of this Update designate contract value as the only required measure for fully benefit-responsive investment contracts. This amendment maintains the relevant information while reducing the cost and complexity of reporting for fully benefit-responsive investment contracts (for example, an adjustment to reconcile contract value to fair value).

- The objective of Part II of this Update is to simplify and make more effective the investment disclosure requirements under Topic 820 and under Topics 960, 962, and 965 for employee benefit plans. Part II eliminates the requirement to disclose individual investments that represent 5% or more of net assets available for benefits and the requirement to disclose net appreciation (depreciation) in fair value of investments by general type of investment. In addition, Part II provides for employee benefit plan investments to be grouped and presented by general type and eliminates the requirement to disaggregate investments in multiple ways.

- The amendments in Part III of this Update reduce complexity in employee benefit plan accounting by providing a practical expedient that permits plans to measure investments and investment-related accounts as of a month-end date that is closest to the plan's fiscal year end, when the fiscal period does not coincide with month-end.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

New Accounting Pronouncements (continued): The Update may be adopted in whole or by part (I, II, and III), as applicable. The amendments in this Update are effective for fiscal years beginning after December 15, 2015. Early adoption is permitted. Upon adoption, the amendments in Parts I and II shall be applied retrospectively to all periods presented; the amendments in Part III shall be applied prospectively. The Plan adopted this Update for the 2016 Plan year, and the amendments in Part II were retrospectively applied to February 28, 2015. Prior year disclosures have been revised to reflect the retrospective application. The impact of adopting these amendments is reflected in the financial statements.

NOTE 3. CERTIFIED INFORMATION

The financial information included in the Plan's financial statements as it relates to investment assets, investment transactions, investment income (loss), notes receivable from participants and the schedule of assets (held at end of year), has been derived from information certified as complete and accurate by BMO Harris Bank N.A., the Trustee, in accordance with Section 29 CFR 2520.103-5 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4. TAX-EXEMPT STATUS

The Company adopted a Volume Submitter Profit Sharing Plan with CODA which received a favorable opinion letter from the IRS on January 27, 2015, which stated that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of the opinion letter. However, the Company believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of February 29, 2016. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan management has analyzed tax positions taken by the Plan and concluded that, as of February 29, 2016, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or that would require disclosure in the financial statements.

NOTE 5. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants will become 100% vested in their accounts.

NOTE 6. RELATED PARTY TRANSACTIONS

Certain Plan investments are managed by an affiliate of the Trustee, therefore, these transactions qualify as party-in-interest transactions as defined by ERISA. Administrative charges paid the Trustee amounted to $19,236 and $20,975 for the years ended February 29, 2016 and February 28, 2015, respectively.

NOTE 7. CONCENTRATION OF CREDIT RISK

The Plan provides for various investment options in mutual funds and a common collective trust. Investment securities within these options are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and statements of changes in net assets available for benefits.

NOTE 8. FAIR VALUE MEASUREMENTS

Fair value is determined based on assumptions that a market participant would use in pricing an asset or liability. Measurements of fair value are classified within a hierarchy based upon valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

Level 1 Observable quoted prices in active markets for identical assets and liabilities.

Level 2 Observable quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar instruments in markets that are not active and model-based valuation techniques for which all significant assumptions are observable in the market.

Level 3 Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability. Valuation techniques include use of option pricing models, discounted cash flow models and similar techniques.

The following methods and assumptions were used to estimate the fair value of each class of assets that are recognized at fair value. There have been no changes in the methodologies used as of February 29, 2016 and February 28, 2015.

Mutual funds: Valued using quoted market prices which represent the net asset value of shares held by the Plan at year end.

NOTE 8. FAIR VALUE MEASUREMENTS (Continued)

Common Collective Trust: Valued at their respective NAV as reported by the trustee. The NAV is used as a practical expedient to estimate fair value. The common collective trust consists of a stable value fund with a fully benefit-responsive investment. The stable value fund's investments primarily consist of synthetic and traditional guaranteed investment contracts (GICs) and a short-term money market instruments. The synthetic GICs represent investments in underlying securities with a wrapper contract. The fair value of a GICs is based on the present value of future cash flows using the current discount rate. The fair value of a security-backed contract includes the value of the underlying securities and the value of the wrapper contract. The fair value of a wrapper contract provided by a security-backed contract issuer is the present value of the difference between the current wrapper fee and the contracted wrapper fee, if any.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Fair Value Measurements Using			
At February 29, 2016	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total

NOTE 9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the change in net assets available for benefits as reported on the financial statements and Form 5500 for the years February 29, 2016 and February 28, 2015:

	2016	2015

Change in adjustment from fair value to contract value	--	(19,289)
Per Form 5500	$ (1,750,110)	$ 2,629,667

NOTE 10. PROHIBITED TRANSACTIONS

During the Plan year ended February 29, 2016, the Company inadvertently failed to deposit $69,631 of participant deferrals and loan payments within the required timeframe as stated by the DOL. The DOL considers late deposits to be prohibited transactions. In June 2016, the Company took corrective action and deposited approximately $1,670 of lost earnings, which were allocated to all affected participants.

NOTE 11. SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events for recognition and disclosure through November 30, 2016, which is the date the financial statements were available to be issued and, other than the following, no events required adjustment to, or disclosure in, the financial statements. Effective October 1, 2016, the Plan was amended to eliminate the minimum age and service requirements for certain eligible employees.
