Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Slakey Brothers Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan's provisions.

General: Slakey Brothers, Inc. established the Plan effective November 9, 1990. Effective March 1, 2009, the Plan was amended and restated, and operates as an employee stock ownership plan (ESOP), and is designed to comply with section 4975(e)(7) and the regulations there under of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was established to enable eligible employees to acquire stock ownership interests of Slakey Brothers, Inc. (the "Sponsor" or "Company"). The Administrative Committee of the Plan, as designated by the Sponsor, is the Administrator and Trustee. Wells Fargo Advisors serves as the Custodian for the Slakey Brothers, Inc. common stock. Employer contributions are made at the discretion of the Board of Directors of Slakey Brothers, Inc. Participant contributions are not allowed and investments are not participant directed.

Effective March 1, 1998, Slakey Brothers, Inc. converted from a C corporation to an S corporation for federal income and State of California Franchise tax purposes. As a result of the change, if the Company has taxable income, shareholders of Slakey Brothers, Inc. (including the Plan) receive annual dividends based on their proportionate ownership percentage.

Eligibility: Under the Plan, employees of the Sponsor become participants of the Plan on March 1 or September 1 following the date they complete one year and at least 1,000 hours of service. Participants who do not have at least 1,000 hours of service during the plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Sponsor contributions for the year.

Payment of Benefits: Following termination of employment, participants receive a distribution of their vested Employee Stock Ownership Plan account balance in the form of cash or Sponsor shares in accordance with the provisions of the Plan. Shares are subject to the requirement that they be immediately resold to the Company under payment terms that comply with the Plan Document, at the fair market value determined by an independent appraiser as of the end of the previous year.

Vesting: All participants who were in the Plan as of February 28, 2010 became 100% vested as of that date. Participants who have subsequently entered the Plan have their accounts vest at a rate of 20% per year beginning with the second year of eligibility, and become fully vested after six years.

Contributions: Contributions under the Plan are discretionary and made solely by the Sponsor. The Board of Directors determines the amount of any contributions based on company profitability; however, it may decide not to make a contribution for a particular year. The contribution may be made in cash or shares of Slakey Brothers, Inc. common stock. For the year ended February 29, 2016, the Plan Sponsor contributed shares of Slakey Brothers, Inc. common stock valued at $1,251,431 and $966,754 of cash.

Participant Accounts: Individual accounts are maintained for each Plan participant. Each participant's account is credited with an allocation of Sponsor contributions and Plan earnings and is charged with an allocation of withdrawals, administrative expenses and Plan losses. Allocations are based on participant's eligible compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(Continued)

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Diversification: Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Sponsor stock to a retirement account which is more diversified, such as an IRA. Participants who are age 55 with 10 years of participation in the Plan may elect to diversify their plan accounts. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of eligible shares allocated to his/her account, less any shares previously distributed. In the sixth year, the percentage changes to 50% less any shares previously diversified. Participants who elect to diversify sell the shares in their account to the Sponsor or the Plan. Diversification distributions are reflected in benefits paid to participants in the Statement of Changes in Net Assets Available for Benefits.

Put Option: Under Federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations includes a put option. The put option is a right to demand that the Sponsor buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the fair market value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Plan Termination: Although the Company has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, all participant accounts will become 100% vested.

Administrative Expenses: The Sponsor provides bookkeeping and other administrative services for the Plan at no charge. The Plan Sponsor may elect to pay all or any portion of administrative expenses of the Plan. During the year ended February 29, 2016, there was $29,334 of administrative expenses paid by the Plan.

Voting Rights: The shares of Sponsor stock held by the Plan are voted by the Trustee as it shall determine. However, with respect to any corporate matter which involves the voting of such shares at a shareholder meeting and which constitutes a merger, consolidation, recapitalization, or similar specified event, each participant will be entitled to give instruction to the Trustee as to the voting of the shares allocated to the individual participant's account. In that event, any allocated shares of Sponsor stock with respect to which voting instructions are not received from participants and any shares of Sponsor stock held by the Plan which have not been allocated to participant's accounts shall be voted in the manner determined by the Trustee.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

Adoption of New Accounting Standards: In May and July 2015, the Financial Accounting Standards Board (FASB) amended various disclosure requirements applicable to investments held by defined contribution pension plans. The new guidance eliminates or simplifies various disclosure requirements applicable to plan investments. Adoption of the new guidance resulted in the removal of investments for which fair value is measured at net asset value (or its equivalent) from the fair value hierarchy, the reporting of investments within the fair value hierarchy by general type rather than by classes of investments, and other changes in investment disclosure requirements. The Plan elected to early adopt these standards, each of which requires retrospective application to all periods presented. The adoption of these standards had no effect on the Plan’s net assets available for benefits or changes therein.

(Continued)

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates. It is at least reasonably possible that a significant change may occur in the near term in the estimated fair value of the Plan's investment in employer securities.

Concentrations of Investments: Included in investments at February 29, 2016 and February 28, 2015 are 160,032 and 150,503 shares, respectively, of the Sponsor's common stock amounting to $38,343,667 and $26,338,025, respectively. The Sponsor's stock represents 99% and 96% of the Plan's investments at February 29, 2016 and February 28, 2015, respectively. A significant decline in the market value of the Sponsor's stock would have a materially adverse effect on the Plan's net assets available for benefits and participant accounts.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes net unrealized market appreciation (depreciation) of investments and net realized gains and losses on the sale of investments during the period.

Payment of Benefits: Benefits are recorded when paid. There were no distributions of benefits requested but not paid at February 29, 2016 and February 28, 2015.

Subsequent Events: Plan management has reviewed all events occurring from February 29, 2016 through November 30, 2016, the date the Plan's financial statements were available to be issued, and no subsequent events occurred requiring disclosure.

NOTE 3 – FAIR VALUE MEASUREMENTS

Fair Value Hierarchy: Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

(Continued)

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment, and considers factors specific to the asset or liability.

The following tables present information about the Plan's assets and liabilities measured at fair value on a recurring basis as of February 29, 2016 and February 28, 2015:

	February 29, 2016			
Description	Fair Value	Level 1	Level 2	Level 3
Common stock of Plan Sponsor	$ 38,343,667	$ -	$ -	$ 38,343,667
Pooled separate account*	18,790	-	-	-
	$ 38,362,457	$ -	$ -	$ 38,343,667

	February 28, 2015			
Description	Fair Value	Level 1	Level 2	Level 3
Common stock of Plan Sponsor	$ 26,338,025	$ -	$ -	$ 26,338,025
Pooled separate account*	1,228,002	-	-	-
	$ 27,566,027	$ -	$ -	$ 26,338,025

*Investments measured at fair value using net asset value per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the hierarchy tables for such investments are intended to permit reconciliation of the fair value hierarchy to the investments at fair value line item presented in the statements of net assets available for benefits.

Plan Sponsor Common Stock: Fair value of the common stock of the Plan Sponsor is determined annually based on the appraised value of the common stock at the February 29 measurement date by an independent accredited appraisal specialist, who is selected by the Trustees of the Plan. The appraised values are derived using a combination of historical financial information and projected earnings and cash flow information for the Company, as provided by management of the Company, and comparisons to other comparable businesses, as well as other input factors (Level 2 and Level 3 inputs). In determining the reasonableness of the methodology, management and the Board of Trustees reviews and evaluates factors utilized including historical financial information, financial projections and industry and market conditions utilized in the appraisal. In addition, key assumptions are reviewed for appropriateness and consistency with industry standards.

Pooled Separate Account: The fair values of participation units held in the pooled separate account are based on the net asset values reported by the fund managers as of the financial statement dates and recent transaction prices. The pooled separate account provides for daily redemptions by the Plan with no advance notice requirements, and has redemption prices that are determined by the fund’s net asset value per unit

There were no transfers in or out of level 3 during the year ended February 29, 2016.

(Continued)

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended February 29, 2016.

	Common Stock of Plan Sponsor
Balance, beginning of the year	$ 26,338,025
Total unrealized gain included in change in net assets available for benefits	10,338,067
Contributions	1,667,575
Balance, end of year	$ 38,343,667

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Board of Trustees of the Slakey Brothers Employee Stock Ownership Plan believes their valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – FEDERAL INCOME TAX STATUS

The Internal Revenue Service has determined and informed the Sponsor by a letter dated October 23, 2012, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code. The Plan has been amended since receiving the determination letter, however, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and the Plan and related Trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Subsequent to February 29, 2016 the Plan received an updated letter from the Internal Revenue Service dated March 1, 2016, stating that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 29, 2016 and February 28, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for year prior to 2012.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

Parties in interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. The Plan has investments in shares of common stock of the Sponsor and a pooled separate account issued by an affiliate of the Plan’s recordkeeper. The Plan also pays administrative expenses to the Plan’s recordkeeper. Therefore, these transactions qualify as party-in-interest transactions.
