Effective January 1, 2016, the Plan was amended to merge into the Mavis Tire Supply, LLC 401(k) Plan. As a result of the merger, effective January 1, 2016, all Plan participants became participants under the Mavis Tire Supply, LLC 401(k) Plan. All of the net assets in the amount of \$18,369,979, consisting of \$17,419,079 of investments and \$950,900 of notes receivable from participants, were transferred to the Mavis Tire Supply, LLC Plan on various dates through February 2, 2016.

General – Prior to Plan Merger

The Plan is a participant directed defined contribution plan qualifying under Section 401(k) of the Internal Revenue Code and subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was established for the purpose of providing eligible employees of Somerset Tire Service, Inc. and Subsidiaries ("STS" or the "Company") and their beneficiaries, funds for retirement. On June 26, 2015, the Company entered into a stock purchase agreement pursuant to which the Company sold all of its outstanding shares of capital stock to the purchaser, Mavis Tire Supply, LLC.

Eligibility

An employee of the Company becomes an eligible participant in the Plan following their date of hire subject to the completion of 6 months of service and the attainment of 18 years of age.

Employee Contributions

Employees can elect to contribute from 1 to 75 percent of eligible compensation not to exceed \$18,000, or \$24,000 for employees over 50 years of age, for the year ended December 31, 2015.

Employer Contributions

The Plan provides for discretionary employer contributions to the trust fund each plan year in an amount equal to 25 percent of each participant's first 4 percent of eligible compensation provided, however, that the contribution for any year shall not exceed the maximum amount deductible from the employer's income for such year for federal income tax purposes under the applicable sections of the Internal Revenue Code.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. A participant's account is reduced by withdrawals, losses on investments and any forfeiture. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan offers a variety of investment options with varying investment objectives.

Vesting

A participant is at all times fully vested in the portion of his account attributable to participant contributions and the earnings therein. Employer contributions become 100 percent vested after three years of service.

Distributions and Withdrawals

Prior to age 59 ½, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability, or termination of employment. Under an early retirement option, an employee with 3 years of vested service can receive distributions. Hardship withdrawals must be submitted to the

Plan administrator in writing and make the participant ineligible to contribute to the Plan for twelve months. After attaining age 59 ½, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100 percent of the participant's vested account for any reason. Upon termination of service due to death, total and permanent disability, retirement or termination of employment, vested balances will be distributed to a participant or beneficiary in the form of a lump sum payment.

Notes Receivable from Participants

Participants may borrow from their accounts a maximum of \$50,000 or 50 percent of their voluntary deferred account balance, whichever is less. Loans bear interest at a rate determined by the Plan's 401(k) Committee at the time of the loan (currently ranging from 4.25% and 9.50%), and have repayment terms of up to five years from the date granted.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained and the accompanying financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability between market participants at the measurement date (see Note 4 for further discussion of fair value measurements). Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principle balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2015, the Plan had \$12,547 of forfeited non-vested accounts. Forfeitures can be used to reduce employer contributions and administrative fees, in accordance with the plan document. Forfeitures in the amount of \$40,000 were applied to employer contributions during the Plan year ended December 31, 2015.

Risks and Uncertainties

The Plan invests in various investment securities. All investment securities are exposed to some type of risk, including, but not limited to, exposure to changes in interest rates, market fluctuations, economic conditions and currency devaluation. Due to the level of risk associated with certain investment securities, it is possible that changes in near term risk factors could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Administrative Services

The expenses necessary to administer the Plan, including but not limited to, retaining necessary professional assistance from an attorney, an accountant, or an investment advisor are paid by the Company. Except for trustee fees, STS has elected to pay the expenses necessary to administer the Plan.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of additions to and deductions from net assets during the reporting period. Accordingly, actual results may differ from those estimates.

Change in Accounting Principles

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value ("NAV") practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. In 2015, the Plan elected to early adopt the provisions of this new standard.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. In 2015, the Plan elected to early adopt Part II in these financial statements.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the trustee. Based on information provided and certified by the trustee, there are no fixed income obligations, or non-participant loans in default or deemed uncollectible, as defined by ERISA, for the period ended February 02, 2016 and the year ended December 31, 2015.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical securities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar securities or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the securities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for periods presented these financial statements.

Interest and non-interest bearing cash: Interest and non-interest bearing cash is valued at the closing price reported on the active markets on which the securities are traded.

Mutual funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

STS, Inc. Profit Sharing 401(k) Plan
Notes to Financial Statements
February 2, 2016 and December 31, 2015

Common collective trust: Contract value of the common collective trust represents contributions made under the contract, plus earnings, less Plan withdrawals and administrative expenses. Investments in wrapper contracts are reported at fair value as determined using a discounted cash flow model, which considers recent fee bids as determined by recognized dealers, discount rate and the duration of the underlying portfolio securities. Net asset value of the underlying funds is reported by the investment advisor using the audited financial statements of the collective trust at year-end.

The investment in common collective trusts are valued as a practical expedient utilizing the net asset valuation. The use of NAV is deemed appropriate as the common collective trusts do not have a finite life, unfunded commitments relating to the types on investment, or significant restrictions on redemptions. The practical expedient is used for valuation, unless it is probable that the Plan will set a portion of the investment at an amount different from the net asset valuation.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

Assets at fair value at December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Interest and non-interest bearing cash	\$ 63,666	\$ --	\$ --	\$ 63,666

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2015</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>

5. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Effective January 1, 2016, the Plan was amended to merge into the Mavis Tire Supply, LLC 401(k) Plan (see Note 1).

6. INCOME TAX STATUS

The Plan obtained its latest opinion letter for a prototype plan on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for federal income taxes has been made in the Plan's financial statements.

STS, Inc. Profit Sharing 401(k) Plan
Notes to Financial Statements
February 2, 2016 and December 31, 2015

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 02, 2016 and December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there are no tax related interest or penalties for periods presented in these financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Bank of America, N.A., the trustee as defined in the Plan. In addition, the Plan paid fees for investment management services of approximately \$1,125 and \$16,000 in 2016 and 2015, respectively. Outstanding participant loans were \$1,038,192 as of December 31, 2015. These transactions qualify as party-in-interest transactions. Transaction fees charged by the trustee are absorbed in investment income and are not readily determinable.

8. RECONCILIATION OF STATEMENTS TO SCHEDULE H OF FORM 5500

The Plan's Form 5500, Annual Return/Report of Employee Benefit Plan, for the year ended December 31, 2015, was prepared by the trustee. The following is a summary of the differences between the financial statements and Form 5500:

Decrease in net assets available for benefits per the financial statements	\$ (1,666,575)
Adjustment of investment to fair value	<u>(40,934)</u>
Net loss per Form 5500	<u>\$ (1,707,509)</u>

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through November 29, 2016, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that would require disclosure in, or adjustment to the financial statements.

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. A participant's account is reduced by withdrawals, losses on investments and any forfeiture. 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accounting records of the Plan are maintained and the accompanying financial statements have been prepared on the accrual basis of accounting.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability between market participants at the measurement date (see Note 4 for further discussion of fair value measurements). Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principle balance, plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Forfeited Accounts

At December 31, 2015, the Plan had \$12,547 of forfeited non-vested accounts. Forfeitures can be used to reduce employer contributions and administrative fees, in accordance with the plan document. Forfeitures in the amount of \$40,000 were applied to employer contributions during the Plan year ended December 31, 2015.

Risks and Uncertainties

The Plan invests in various investment securities. All investment securities are exposed to some type of risk, including, but not limited to, exposure to changes in interest rates, market fluctuations, economic conditions and currency devaluation. Due to the level of risk associated with certain investment securities, it is possible that changes in near term risk factors could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Administrative Services

The expenses necessary to administer the Plan, including but not limited to, retaining necessary professional assistance from an attorney, an accountant, or an investment advisor are paid by the Company. Except for trustee fees, STS has elected to pay the expenses necessary to administer the Plan.

Notes to Financial Statements

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amount of additions to and deductions from net assets during the reporting period. Accordingly, actual results may differ from those estimates.

Change in Accounting Principles

In May 2015, the FASB issued ASU 2015-07, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent), which exempts investments measured using the net asset value ("NAV") practical expedient in ASC 820, Fair Value Measurement, from categorization within the fair value hierarchy. The guidance requires retrospective application and is effective for public business entities for fiscal years, and interim periods within those years, beginning after December 15, 2015. For all other entities, the guidance is effective for fiscal years, and interim periods within those years, beginning after December 15, 2016. Early adoption is permitted. In 2015, the Plan elected to early adopt the provisions of this new standard.

In July 2015, the FASB issued ASU 2015-12, Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted. In 2015, the Plan elected to early adopt Part II in these financial statements.

3. INFORMATION CERTIFIED BY TRUSTEE (UNAUDITED)

No auditing procedures were performed by the independent public accountants as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA with respect to information certified as complete and accurate by the trustee. Based on information provided and certified by the trustee, there are no fixed income obligations, or non-participant loans in default or deemed uncollectible, as defined by ERISA, for the period ended February 02, 2016 and the year ended December 31, 2015.

4. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical securities.

Level 2 – Observable inputs other than Level 1 prices, such as quoted prices for similar securities or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the securities.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used for periods presented these financial statements.

Interest and non-interest bearing cash: Interest and non-interest bearing cash is valued at the closing price reported on the active markets on which the securities are traded.

Mutual funds: Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Common collective trust: Contract value of the common collective trust represents contributions made under the contract, plus earnings, less Plan withdrawals and administrative expenses. Investments in wrapper contracts are reported at fair value as determined using a discounted cash flow model, which considers recent fee bids as determined by recognized dealers, discount rate and the duration of the underlying portfolio securities. Net asset value of the underlying funds is reported by the investment advisor using the audited financial statements of the collective trust at year-end.

The investment in common collective trusts are valued as a practical expedient utilizing the net asset valuation. The use of NAV is deemed appropriate as the common collective trusts do not have a finite life, unfunded commitments relating to the types on investment, or significant restrictions on redemptions. The practical expedient is used for valuation, unless it is probable that the Plan will set a portion of the investment at an amount different from the net asset valuation.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of:

Assets at fair value at December 31, 2015:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Interest and non-interest bearing cash	\$ 63,666	\$ --	\$ --	\$ 63,666
Mutual funds	<u>17,448,306</u>	<u>--</u>	<u>--</u>	<u>17,448,306</u>
	<u>17,511,972</u>	<u>--</u>	<u>--</u>	<u>17,511,972</u>
Investments measured at net asset value				<u>1,986,165</u>

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2015, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

<u>December 31, 2015</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (if Currently Eligible)</u>	<u>Redemption Notice Period</u>
Invesco Stable Value Retirement Fund	\$ 1,986,165	N/A	Daily	None

5. PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. Effective January 1, 2016, the Plan was amended to merge into the Mavis Tire Supply, LLC 401(k) Plan (see Note 1).

6. INCOME TAX STATUS

The Plan obtained its latest opinion letter for a prototype plan on March 31, 2008, in which the Internal Revenue Service stated that the Plan, as then designed was in compliance with the applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for federal income taxes has been made in the Plan's financial statements.

Notes to Financial Statements
February 2, 2016 and December 31, 2015

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of February 02, 2016 and December 31, 2015, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there are no tax related interest or penalties for periods presented in these financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by Bank of America, N.A., the trustee as defined in the Plan. In addition, the Plan paid fees for investment management services of approximately \$1,125 and \$16,000 in 2016 and 2015, respectively. Outstanding participant loans were \$1,038,192 as of December 31, 2015. These transactions qualify as party-in-interest transactions. Transaction fees charged by the trustee are absorbed in investment income and are not readily determinable.

8. RECONCILIATION OF STATEMENTS TO SCHEDULE H OF FORM 5500

The Plan's Form 5500, Annual Return/Report of Employee Benefit Plan, for the year ended December 31, 2015, was prepared by the trustee. The following is a summary of the differences between the financial statements and Form 5500:

Decrease in net assets available for benefits per the financial statements	\$ (1,666,575)
Adjustment of investment to fair value	<u>(40,934)</u>
Net loss per Form 5500	<u>\$ (1,707,509)</u>

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through November 29, 2016, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that would require disclosure in, or adjustment to the financial statements.
