HILL TIRE COMPANY, INC. PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED MAY 31, 2016 AND 2015

NOTE 1 DESCRIPTION OF PLAN

The following description of the Hill Tire Company, Inc. ("Company") Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Merger - Continental Tire The Americas LLC, the Plan's sponsor through acquisition of Hill Tire Inc., approved the merger of this plan into the Retirement Savings Plan for Employees of Continental-Rubber effective May 23, 2016. As a result, all investments were transferred from the Hill Tire Company, Inc. Profit Sharing Plan to the Retirement Savings Plan for Employees of Continental-Rubber on that date.

General

The Plan is a defined contribution plan covering most employees of Hill Tire Company, Inc. who have completed one year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute pretax annual compensation as defined in the Plan, up to the IRS annual maximum deferral amount. Participants may elect to defer up to 100% of any bonus. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollover). For the plan years ended 2016 and 2015, the company made matching contributions of 100% on salary deferrals up to 2%. Participants direct the investment of their contributions into various investment options offered by the Plan. For the years ended May 31, 2016 and 2015, the Company made matching contributions of approximately \$49,000 and \$62,000, respectively. The Company may make nonelective profit sharing contributions. The Company did not make nonelective profit sharing contributions for the years ended May 31, 2016 and 2015, respectively.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants were immediately vested in their contributions. Vesting in employer matching and nonelective profit sharing contributions is based on years of continuous service. A participant is 100 percent vested after six years of service.

HILL TIRE COMPANY, INC. PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED MAY 31, 2016 AND 2015

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of 4.25 percent, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant becomes 100% vested in the Plan. Upon termination of service, participants receive a lump-sum amount equal to the value of the participant's vested interest. Participant consent is required for distribution of vested account balances in excess of \$5,000.

Forfeited Accounts

As of May 31, 2016 and 2015, forfeited nonvested accounts totaled approximately \$0 and \$3,000, respectively. Forfeitures are first used to pay administrative expenses, then added to any employer discretionary contributions and allocated in the same manner. In 2016 and 2015, plan expenses and employer contributions were reduced by approximately \$7,000 and \$12,000 respectively, from forfeited nonvested accounts.

Withdrawn Participants

As of May 31, 2016 and 2015, vested amounts allocated to individuals who have withdrawn from the Plan and have not been paid totaled approximately \$0 and \$127,000 respectively.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

HILL TIRE COMPANY, INC. PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED MAY 31, 2016 AND 2015

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. All plan assets were transferred to the Retirement Savings Plan for Employees of Continental-Rubber before the close of business on May 23, 2016.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of May 31, 2016 and 2015. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the Plan has authority to take all reasonable action to collect the balance owed on the loan. Under certain circumstances, a loan that is in default may be considered a distribution from the Plan and taxable income to the participant. Participant loans become due and payable in full upon certain distributable events. Participants may repay the outstanding loan balance or the participant's vested account balance will be reduced by the outstanding loan balance.

Expenses

The Plan's expenses are paid either by the Plan or the Sponsor, as provided by the plan document. Expenses that are paid directly by the Sponsor are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

NOTE 3 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

HILL TIRE COMPANY, INC. PROFIT SHARING PLAN
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEARS ENDED MAY 31, 2016 AND 2015

NOTE 4 TAX STATUS

The IRS has determined and informed the Company by a letter dated March 31, 2008, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2013.

NOTE 5 RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are shares of mutual funds managed by Nationwide Financial Services, Inc. Nationwide Financial Services, Inc. is the trustee as defined by the Plan, and, therefore, these transactions qualify as party-in-interest transactions. Net fees paid by the Plan for the investment management services amounted to approximately \$4,000 and \$5,000 for the years ended May 31, 2016 and 2015 respectively.

NOTE 6 INVESTMENTS

NOTE 7 FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2016 and 2015.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.
