Report on Financial Statements

We were engaged to audit the accompanying financial statements of General Extrusions, Inc. Defined Benefit Pension Plan, which comprise the statements of net assets available for benefits as of February 27, 2016 and 2015, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Plan management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on conducting the audit in accordance with auditing standards generally accepted in the United States of America. Because of the matter described in the Basis for Disclaimer of Opinion paragraph, however, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion.

Basis for Disclaimer of Opinion

As permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investments which were certified by the Charles Schwab Bank, the trustee of the plan, except for comparing the information with related information included in the financial statements and supplemental schedules. The plan administrator has informed us that the trustee holds the plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of and for the years ended February 27, 2016 and 2015, that the information provided to the plan administrator by the trustee is complete and accurate.

Disclaimer of Opinion

Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient, appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on these financial statements.

Other Matter

We were engaged for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held for investment purposes and reportable transactions, which are the responsibility of plan management, are presented for the purpose of additional analysis and are not a required part of the financial statements but are required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Because of the significance of the matter described in the Basis for Disclaimer of Opinion paragraph, it is inappropriate to and we do not express an opinion on the supplemental schedules referred to above.

Report on Form and Content in Compliance With DOL Rules and Regulations

The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

General Extrusions, Inc. - Defined Benefit Pension Plan

Notes to Financial Statements

February 27, 2016 and 2015

NOTE A - DESCRIPTION OF PLAN

The following description of the General Extrusions, Inc. - Defined Benefit Pension Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- 1.) **General** - The Plan is a defined benefit pension plan covering substantially all employees of General Extrusions, Inc. who are not covered by collective bargaining agreements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- 2.) **Pension Benefits** - The Plan entitles eligible employees to monthly pension benefits beginning at normal retirement age (65). The benefit is calculated on the greater of (a) the accrued benefit at February 27, 1989; plus 0.65% of final earnings (as defined) in excess of covered compensation (as defined) multiplied by credited service since February 28, 1989, subject to a maximum of 35 years or (b) \$120 multiplied by years of service. A participant is 100% vested after seven years. The Plan permits early retirement at age 60 provided the employee has completed 20 years of service. Employees may elect to receive their pension benefits in the form of a contingent annuity which provides for a monthly benefit payable to the retired employee during his lifetime and for the continuation of such retirement benefit payments to a contingent annuitant, if living, after the retired employee's death or under the normal form of payment of 10 years certain and life.

Effective January 15, 2003, the Plan was frozen. Consequently, monthly pension benefits earned under the Plan will not increase after that date.

- 3.) **Death Benefits** - If a vested employee dies before the earliest date on which he could elect to receive retirement benefits, his survivor shall receive the vested portion of the pension benefit accrued to date of death, payable in a lump sum at time of death.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- 1.) **Basis of Accounting** - The accompanying financial statements are prepared on the accrual basis of accounting.
- 2.) **Investment Valuation and Income Recognition** - The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note G for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

- 3.) **Estimates** - The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.
- 4.) **Payment of Benefits** - Benefit payments to participants are recorded upon distribution.

General Extrusions, Inc. - Defined Benefit Pension Plan

Notes to Financial Statements

February 27, 2016 and 2015

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

- 5.) **Date of Management Review** – Subsequent events were evaluated through December 12, 2016, which is the date the financial statements were available to be issued.
- 6.) **Actuarial Present Value of Accumulated Plan Benefits** - Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their highest five years of credited service and years of credited service. The accumulated plan benefits for active employees are based on their highest five years of compensation and years of credited service ending on the date as of which the benefit information is presented (the valuation date). Benefits payable under all circumstances-retirement, death, disability, and termination of employment--are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an actuary from the Summit Retirement Plan Services and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of February 28, 2015 and 2014 were (a) life expectancy of participants (the 2015 IRS Static Mortality Table was used), (b) retirement age assumptions (the assumed average retirement age was normal retirement at age 65), and (c) investment return. The February 28, 2015 and 2014 valuations included assumed average rates of return of 7.50% per annum. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

NOTE C - FUNDING POLICY

The Company's funding policy is to make contributions to the Plan as required to maintain the Plan on a sound actuarial basis. In determining the amounts and incidence of such contributions, the employer will take into account such actuarial recommendations as may be provided by an enrolled actuary as defined by ERISA. The Company's contribution for the years ended February 28, 2016 and 2015 met the minimum funding requirements of ERISA.

NOTE D - PLAN TERMINATION

On April 30, 2013, the Company expressed intent to terminate the Plan. The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Should the Plan terminate at some further time, its net assets generally will not be available on a pro rata basis to provide participants' benefits. Whether a particular participant's accumulated plan benefits will be paid depends on both the priority of those benefits and the level of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then existing assets and the PBGC guaranty while other benefits may not be provided for at all. Participants should refer to the Plan agreement for a more complete description of the Plan's and ERISA termination provisions.
